My dear Mrs. Switzer:

You wrote a singularly sweet letter about the dramatic episode in our gymnasium.

When the Convention resumed, at the request of the boys, I undertook to make a little talk to try to lead them from the shock which was still severely felt into the spirit of the Convention itself. I took the liberty of reading that paragraph in which you spoke generously of our students. I know they join me in deep appreciation.

It was a pleasure to have you both in our home and I hope you come again.

Cordially yours,

Mrs. G. Frederic Switzer
