RESOLUTION

WHEREAS Region Three of the National Press Photographers' Association believes in the support and defense of the United States Constitution, WHEREAS the First Amendment of the Constitution guarantees the people's right to know, and WHEREAS the availability of ultra-fast lenses and ultra-fast photographic films permits news photographs to be made unobtrusively and inconspicuously, BE IT HEREBY RESOLVED that Region Three, National Press Photographers' Association, pledges to oppose and seeks to eliminate unwarranted discrimination against or unlawful interference with the work of the news photographer in practicing his calling.

The above resolution, approved May 6 at the Regional Convention in Asbury Park, New Jersey, was made after specific note was taken of unwarranted discrimination against news photographers at the recent Hiss talk at Princeton University and of illegal interference at Washington and Lee University upon Senator Barkley's collapse during a speech there.

Region Three, NPPA, is comprised of newspaper, news magazine, newsreel, television, and public relations photographers in Maryland, District of Columbia, Virginia, West Virginia, Pennsylvania, New Jersey, and Delaware.
