## CLEAN ATHLETICS TO BE ENCOURAGED

### Virginia and North Carolina Colleges to Form an Association—Meeting of Representatives of Athletic Departments Held in Danville Last Week

Representatives of eight North Carolina and two Virginia Colleges and Universities met in Danville on Friday of last week for the purpose of holding a conference to cultivate a more cordial and friendly relationship between the athletic departments of the various school and colleges of the two States. It is a known fact that in some instances the Universities are separated by petty jealousies and that the best of feeling has not always existed. By adopting some inter state organization it is believed that the standard of college athletics will be raised and all of the schools will achieve favorable results from a co operative plan. It is most likely therefore, that as a result of the conference, an association of Virginia and North Carolina Colleges will be formed to promote the interests of straight and fair inter collegiate athletics. Another matter that came up for discussion was the adoption of some uniform standard of eligibility for College athletics. There was, however, no prearranged program. The promoters of the conference merely wanted a meeting where ideas of other men could be secured and interchanged.

A committee was elected to receive, digest and compile suggestions from the various Colleges, to be embodied in a tentative constitution and set of by-laws, which will be submitted to each college for consideration by its athletic authorities. The members of the committee are: Professor Patterson of the University of North Carolina, Branch Bocoek of the Virginia Polytechnic Institute, and Professor Livingston W. Smith of Washington and Lee University.

Another conference will be called shortly, to which each College may send a representative authorized to act upon the suggestion of the committee and to aid in the formation of an association.

The conference invites the hearty co-operation of every Virginia and North Carolina College interested in inter-collegiate athletics. Six Colleges which were unable to be represented at the conference, expressed their interest and co-operation in the movement by letter.

The representatives of the different institutions present at the meeting were: Branch Bocoek and C. P. Miles of the Virginia Polytechnic Institute at Blacksburg, A. H. Patterson of the University of North Carolina, W. C. Riddick of the North Carolina Agricultural and Mechanical College at Raleigh, L. W. Smith of Washington and Lee University, R. L. Flowers and Frank C. Brown of Trinity College, Durham, N. C. Professor Lawrence of Elon College, and Mr. Hobbs of Guilford College, Guilford, N. C.

## SECOND GAME SHOWED GREAT IMPROVEMENT

### On a Wet Field and in a Drizzling Rain the White and Blue Defeated the Fast and Well-Coached Hampden-Sidney Eleven—Good Crowd Out Considering the Weather and Rooting Good

Playing 50 per cent. better football than on last Saturday, Washington and Lee defeated Hampden-Sidney College on Wilson Field Saturday by the score of 10 to 0. The weather conditions were not favorable for snappy playing. Rain having fallen continuously for 24 hours, the field was soggy and in certain places was covered with water. There was delay in starting the game, owing to a misunderstanding with Mr. Gloth, who was to umpire. The latter thought the game was called off and consequently started the V. M. I. game half an hour later, and since he was an official in this game he did not get on the field until late; hence the delay.

The game was characterized by frequent fumbling on each side, and by the back slipping and falling when they seemed to have a get-a-way. The punters, Yeager and Waddill, took advantage of the condition of the field and punted the ball low, thus making it impossible for the runner-backs to get under it. The linemen again showed their ability in carrying the ball. In the second quarter before a minute had passed, Blackburn, in probably the most spectacular play of the afternoon, tore off 28 yards on a skin tackle play, eluding four would be tacklers and crossed the line with Yeager on his back for the first touchdown. Miller surprised the spectators by making two pretty end runs, the first for 20 and the second for 40 yards. The latter run placed the ball in a position to be carried over by Derr for the second touchdown. Burke proved himself to be a consistent gainer when given the ball, and on the defense a thorn in the side of the collegian's back field. Kinnear and Moomaw, who played his first game, repeatedly got through the opposing line, and broke up plays before they were well started. The defense of the Washington and Lee team was of a high order, Hampden-Sidney being forced time after time to punt because they were unable to make first down. The work of the whole team, individually and collectively, showed great improvement.

The Hampden Sidney team plainly showed the results of good coaching and Yancey, former Virginia star, seems to have instilled into his men the rudiments of the new football.

They played a hard and fighting game and will make a strong bid for the Inter-collegiate State Championship. In Yeager they have not only a star back, but a punter who will save his goal line from being crossed on many occasions.

#### THE GAME IN DETAIL.

First Quarter: Captain Waddill won the toss and chose to defend the west goal. Yeager kicked off for Hampden Sidney and Davis returned the ball 18 yards. Simms gained six yards on an off tackle play. Burke added nine yards around end. O'Quinn attempted a forward pass to Burke but Smith intercepted the ball and with a clean field was headed for a touchdown, but O'Quinn downed him from behind after he had made 40 yards. With the ball in Hampden Sidney's possession the Washington and Lee line held like a stone wall, and on third down, Yeager failed at a place kick. The ball was brought out to the 25 yard line and O'Quinn punted 30 yards. Blanton fumbled and Harman recovered the ball in the center of the field. On the first play, O'Quinn lost five yards by fumbling. Thereupon he punted 20 yards and Harman threw Blanton in his tracks. Nelson go, around Burke for five yards. Lewis hit Moomaw for one yard. Yeager again was forced to punt, Waddill running back six yards. On first down, Waddill punted 30 yards. Yeager returned eight yards, but Simms was hurt in making the tackle. Waddill grabbed Hampden-Sidney's forward pass for a 20 yard gain. He added six more through the right side of the line. Blackburn's skin tackle play made first down. Davis hit the line for three yards. Miller made a substantial gain but fumbled, Payne getting the ball for Hampden Sidney on the latter's 25 yard line. Yeager gained three around Simms. O'Quinn failed to get under Yeager's punt and had to fall on the ball. Waddill punted 25 yards and Yeager returned three. Blackburn threw Lewis for a two yard loss. Burke tackled Nelson after a yard gain. Yeager's punt went out of bounds and the ball was brought 15 yards to the center of the field. Waddill punted 35 yards and

## W. JETT LAUCK APPOINTED BY TARIFF BOARD

### Former Washington & Lee Professor to Leave Immigration Commission

It has become known that Mr. W. Jett Lauck has become identified with the Federal Tariff board, created by the last congress for the purpose of studying the differences in the cost of production in this country and abroad. Mr. Lauck during the past three years has had charge of the industrial investigations of the United States Immigration Commission, and was for several years adjunct professor of economics and politics in Washington and Lee University. This recognition of Mr. Lauck's work by the government will be received with a great deal of pleasure by his friends.

The results of the industrial investigations of Professor Lauck are now being printed in a series of volumes, covering the principal industries of the United States. This investigation is said to be the most extensive and exhaustive study of its kind ever undertaken by any government, and a large amount of money has been spent in the collection and preparation of the data. A large number of Washington and Lee men have been associated with Professor Lauck in his work.

Under an act of congress, the immigration commission will soon be dissolved, and Professor Lauck will go to the tariff board on the termination of his present appointment.

According to a recent announcement, Professor Lauck will also lecture at the University of London, England, next June on the subject of Immigration and Wages.

## LYNCHBURG CLUB HOLDS FIRST MEETING

The Lynchburg club met in the Dormitory Wednesday night as the guests of Messrs. Glass, Dillon, and J. Kirkpatrick, and reorganized for the coming year. The officers for the year were elected at the last meeting in June, but successors to several of these who failed to return to college had to be elected. The club will hold monthly meetings and will meet each time with certain members, as has been the custom. These are the officers:

- J. Burroughs Noell, president.
- F. W. McWane, vice-president.
- H. W. Dew, secretary.
- H. B. Glass, treasurer.
- L. A. Dillon, correspondent.

The Lynchburgers in college are: H. W. Dew, L. A. Dillon, H. B. Glass, F. W. McWane, J. B. Noell, John Kirkpatrick, H. L. Williams, R. A. Russell, T. S. Kirkpatrick, H. L. Lynn, J. L. Baber, T. M. Hughes, W. Smith, John Dillard, L. R. Craig-hill, B. R. Elam, C. B. Wiltshire, E. W. Buckingham, Jr., Carter Glass, Jr., Bland Terry.

C. M. McCrum, B. S., '07, is doing engineering work in Birmingham, Ala.

## SECOND GAME SHOWED GREAT IMPROVEMENT

Continued from page 1

Davis tackled Blanton after eight yards was gained. Lewis and Yeager hit the line for three yards. Waddill made a fair catch of Yeager's punt. Burke on a delayed pass from Waddill gained 10 yards around Smith. Blackburn eluded tacklers and ran 20 yards. Burke again ripped off 10 around left end and time was called with the ball in Washington and Lee's possession on Hampden Sidney's 30 yard line.

Second Quarter: The ball was put in play on Hampden Sidney's 30 yard line but at the opposite end of the field. Waddill through tackle made two yards. Blackburn on the same play ran 28 yards and crossed the goal line for the first touchdown. Miller failed to kick goal. Score: Washington and Lee, 5; H. S., 0. Waddill returned Yeager's kickoff 15 yards, and then added eight yards through left tackle. The right side of the Hampden Sidney line held and Davis failed to again. Waddill, however, made first down through the left side. On the delayed pass from Waddill, Burke got away a second time for 18 yards. Miller's off tackle play netted six yards. Blackburn got four by the same play. Waddill hit the line for two yards. A series of line bucks netted the Blue and White tackles 24 yards. A third delayed pass to Burke failed to make first down. Blanton's fumble lost two yards for Hampden Sidney. Yeager punted 30 yards and O'Quinn came back 10. Waddill hit the line for three, but Blackburn failed to gain. Waddill got four yards on a short pass from Burke. Derr gained two yards on a wide end run. Waddill punted 45 yards. Lewis hit center for two. Neither side gained on an exchange of punts. Hampden Sidney had the ball on their 45 yard line. Blanton slipped and lost three yards. Washington and Lee was penalized five yards for being offside. Lewis gained two. O'Quinn caught Yeager's 25 yard punt on Washington and Lee's 40 yard line. Waddill punted low and Hobson got the ball. Derr failed to gain through center. Davis hit the line for two yards. Waddill was hurried, owing to a low pass from Kinnear, and failed at a field goal. Hampden Sidney chose to put the ball in play on their 25 yard line rather than punt out. Blanton made a brilliant quarterback run for 35 yards, Waddill throwing him on the side lines. Time up for first half.

Third Quarter: Yeager kicked off and Blackburn returned the ball 10 yards. Waddill made three yards around left end. Borah hit the line and added six yards. Waddill on the next play succeeded in making it first down. A forward pass from Waddill to Burke netted only two yards, Smith making a beautiful tackle, but a second forward pass, O'Quinn to Burke, made 25 yards. Smith threw Waddill for two yards loss. Another beautiful forward pass was executed, O'Quinn to Burke, who had a clear field, but fell after making eight yards. Hampden Sidney got the ball on the next play, a forward pass. Hampden Sidney lost five yards, but Washington and Lee was penalized 15 yards for holding. Hampden Sidney could get but three yards on the following three plays and punted to O'Quinn, who was tackled as he caught the ball and a Hampden Sidney player fell on it. Two yards was the most they could get on two plays by tight half and quarterback and a forward pass failed to make the dis-

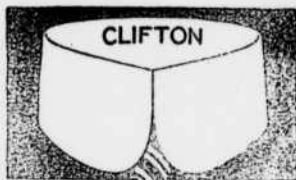

tance. Ball went over. Derr made a splendid run around right end for nine yards. Washington and Lee was penalized five yards, off-side play. Blackburn got one yard and Burke two and the ball went over. Lewis failed to gain and Hundley made one yard. At this point Miller took Borah's place at left tackle. Derr broke up interference and threw Nelson for an eight yard loss. Yeager punted 30 yards to Waddill, who came back two. Waddill punted 27 yards to the center of the field. Derr broke up an end run for six yard loss. Lewis hit the line for four yards. Yeager made a good punt of 40 yards. Waddill eluded six tacklers, but slipped after running back eight yards. Miller, on a pretty end run, gained 20 yards. Waddill failed to gain. Time was called as Waddill failed to complete a forward pass.

Fourth Quarter: The ball was put in play on Washington and Lee's 30 yard line, with 12 yards to go. Waddill punted 40 yards. Burke tackled Blanton as he caught the ball. Two attempts at the line by Hampden Sidney failed to gain. Yeager punted 35 yards to Waddill and the sturdy captain ran the ball back 15. Davis battered the line for three yards. Waddill punted 30 yards, out of Blanton's reach, and Burke fell on the ball. Hundley broke through and tackled Waddill eight yards behind the line. Payne recovered a fumbled ball on Hampden Sidney's 25 yard line. Nelson lost a yard when he tried center. Yeager, with good interference, got around left end for 18 yards. Yeager made his best punt of the game, sending the ball down the field 55 yards and over O'Quinn's head. Waddill's punt from regular formation was blocked by Hundley, and Payne fell on the ball for Hampden Sidney. Moomaw threw Lewis for a two yard loss and Chatfield on the next play broke through, and downed Nelson for a three yard loss. Yeager barely missed a goal from placement from the 20 yard line. Waddill punted out from the 25 yard line and Chatfield tackled Blanton. Burke threw Clark for a loss of one yard. Hampden Sidney lost a down by failure to complete a forward pass. O'Quinn ran back Yeager's punt eight yards. Of the next play, the collegians were penalized 15 yards for holding in the line. Waddill tried the left side of the line for one yard. The line held Derr for no gain. Waddill punted 28 yards and Burke tackled Blanton. Clark fumbled and failed to gain. Lewis tried to gain through Kinnear and was thrown for a one yard loss. Yeager punted 40 yards and O'Quinn came back half the distance. Gloth penalized Washington and Lee five yards for offside play. Miller made his best run of the afternoon, carrying the ball 40 yards before the Hampden Sidney players could down him. This gain placed the ball in position for the second touchdown. Derr hit Chambers for four yards, making first down. Miller got six more off right tackle. From the six yard line Derr carried the ball over for a touchdown. Waddill's punt out failed, and Washington and Lee lost their chance at goal. Score: Washington and Lee, 10; Hampden Sidney, 0. With a minute to play, Umpire Gloth called the game on account of darkness.

**REV. P. F. PRICE AD-  
DRESSES THE Y. M. C. A.**

The Y. M. C. A. was fortunate in having for its speaker on last Tuesday evening Rev. P. F. Price, who for 20 years has been a missionary to China. The crowd was large and the talk was enjoyed by all who heard it. Mr. Price spoke first of the wrong that is done the Chinese by the interpretation that American officials put upon our immigration laws. He cited many instances where injustice had been done by the strict enforcement of the law. He stated that owing to the construction which our officials put upon these laws many Chinese students have been turned away from America, and that while we now have hundreds of them in the colleges and universities of the country we should have thousands. The boycott of American goods by the Chinese was next discussed and the speaker showed the justice of this measure from the point of view of the Chinaman.

The speaker then told of the great opportunities for Christian service that are to be found in China. "This country," he said, "is no longer asleep, but is thoroughly awake and has her face turned toward the future. She is fast taking on western ideas in education, government and industry, and it is very important that she get the religion of Christ at this time."

The music was led by a choir under the direction of Jack Campbell and Eley. A quartette selection was given by four men picked from this choir. There has been better music this year and the leaders are to be congratulated on the good beginning in this part of the service.

**GRAHAM-LEE SOCIETY**

The meeting was called to order at the usual hour by President Dunn, and after the roll-call the minutes were read and accepted. Several names were proposed for membership and were referred to the Judiciary committee.

The regular program was then taken up. The orator of the evening, Mr. B. R. Lemon, was absent. The declaimer was Mr. B. L. Wood, who chose as his subject Longfellow's poem "The Revenge of Rain-in-the-Face." The subject for debate was, "Resolved, That the Insurgent movement is for the best interests of the Republican party." Messrs Saville and Stallings upheld the affirmative, and Messrs. Harvey and Blake the negative. The judges, Messrs. Miller, Guthrie and Blanton, rendered a decision in favor of the affirmative.

After the regular program, several matters of business were taken up. The election of the Thanksgiving debaters was discussed, and it was decided to wait until the new men had had a chance to show their skill before proceeding to the election. Revision of the constitution was then discussed, and the following committee was elected by acclamation for that purpose: Somervill, B. L. Wood, Guthrie, Dickinson and Miller. These men are to look up the various amendments which have been passed in recent years, and to have the constitution printed after its revision.

After discussion of this matter the society adjourned.

The delay in the delivery of the Ring-tum Phi this week is due to a break in the press at the County News office, which prevented the printing until Friday.

**PRESBYTERIAN RECEPTION**

A very pleasant evening was afforded students and cadets last Friday night when the Presbyterians gave their reception. It was given in the Sunday school building, which afforded ample space for the large crowd that was present. No excuse was allowed for not knowing each other for on each one was pinned a tag on which was his or her name.

The music was quite a treat and a accorded hearty applause from all present. Miss Lucy Gwathmey, of Richmond, and Miss Mary Elizabeth Patterson, of Harrisonburg, sang. Mr. Walter Steves played the violin and Mr. Eley accompanied at the piano. The following selections were rendered:

- |                                     |           |

| Life                                | Speaks    |
| Miss Patterson                      |           |

Refreshments were served and the reception was an occasion of enjoyment to all. To Mrs. Kinnear was due the success of the management.

**WASHINGTON LITERARY SOCIETY**

All the members of the Washington Literary Society assembled for their usual meeting Saturday night. An unusually interesting program was carried out. Mr. Kirby and Mr. Richardson were the extemporaneous speakers. Mr. Dance gave a very entertaining oration upon "The Economic side of International Arbitration," while the event of the evening was a dramatic presentation by Mr. Converse. The question for the debate "Resolved, That the elective system should be adopted in the public high schools of the United States" was argued at length by Messrs. Stinson and Herndon for the affirmative, who were ably opposed by Messrs. Davidson and Ruck. The decision was rendered in favor of the affirmative.

**ANNOUNCEMENT FROM CALYX  
MANAGEMENT**

The Calyx management has secured an office in the main building, second floor, which will be open every afternoon from 3:30 to 5:00. It is urgently requested that all organizations desiring representation in the year book form plans toward this end at once and notify the management at the earliest possible date. Colored drawings for posters, pen and ink sketches suitable for headings, kodak pictures of typical college scenes are needed, and those having available matter of this kind are asked to leave it at the Calyx office.

## V. P. I. CORPS COMING TO ROANOKE

The Virginia Tech of last week speaks of the probability of the V. P. I. corps attending the game with Washington and Lee at Roanoke in the following words:

"The two trips proposed are to Roanoke on October 19th to see the Washington and Lee game and to either Norfolk or Richmond later in the season to see the game there. As Roanoke is not far distant from Lexington it is very probable that the students at Washington and Lee will turn out in full to see the game with V. P. I., for in the past they have traveled to Lynchburg two years in succession to support their team against V. P. I.

We all know no more gentlemanly and college spirited boys are to be found than those from W. & L., and we are sure that it would add very much to the occasion to have the students of both institutions in Roanoke for the big game on October 29th."

It is good news to Washington and Lee students that the V. P. I. cadets will attend the game. We hope that the usual arrangements can be made on the 29th by which the University will be temporarily transferred to Roanoke. And may better luck attend us than in Lynchburg.

It is gratifying to see that no backward steps are to be taken by the musical organizations this

year. The band, originated last year, which was of such material aid in the rooting at the baseball games last spring, has been brought to life again. Under the direction of Mr. Bootay, regular practices are being held. The first appearance of the band was at the Roanoke game—the first time they were needed—and we expect to see them equal to every occasion on which their services are needed. Steps have also been taken to bring the orchestra and the mandolin and guitar club together again. Many times last year the musical entertainments given by these clubs furnished much pleasure and profit to the student body. They are worthy of even a more liberal support than last year. Along this line another opportunity is afforded new men to participate in college activity. If a man can play any kind of a musical instrument he can do his part toward another successful year along musical lines.

Now is the time for rooting practice. The team leaves this week for its first game away from home and we should encourage the men with a good send-off. Half an hour each afternoon spent on the side lines during scrimmage would help greatly in putting a fighting spirit into the team. As yet the new men in College have had no opportunity of learning the yells and songs, even those who have been here two or three years will profit by practice. The Swing should be taught the new men and the old song "White and Blue," so popular a few years ago, revived. Practice will imbue the spirit of rooting and inspire the production of more new songs. Then, too, the V. P. I. game in Roanoke is not to be lost sight of. We want to be prepared to do the best cheering on that occasion ever done by W. & L. students. Let the cheer leader get behind this proposition and arrange for daily practice at least for this week.

More men are needed on the football squad. The best opportunity in years is offered to new men to make the team. With only three monogram men on the squad and with the new rules changing the game so much that former experience is not the advantage it would otherwise be, it should be comparatively easy for men of nerve and grit to win places. But even should one feel that he has no chance to make the varsity, there is yet reason for him to go out for practice. Several games are to be arranged for the scrub team and two or three good trips are included. And more than that

places will be open next year, and the men who have been working a season or two will be likely to compose next year's team. In two cases this year the perseverance of three year's hard work on the scrubs will get its reward. Laying aside the question of showing the proper spirit, by no means the last thing to be considered, it will be of personal advantage for every man in the university who has any athletic ability to get out and try for the team.

In a very instructive editorial on "The South in the Senate" the Times-Dispatch of Oct. 6th enumerates the alumni of the University of Virginia and of Washington and Lee in that body. The Times-Dispatch says: "Washington and Lee has only two less representatives in the Senate than the University of Virginia, for the institution at Lexington is the alma mater of Senators Owen of Oklahoma, Poindexter, of Washington, and Foster of Louisiana." Although Chamberlain of Oregon is prominently mentioned in the editorial among the Southern men representing non-Southern States, the fact is overlooked that he, too, is an alumnus of Washington and Lee, and that Washington and Lee should have been credited with four Senators. Virginia's alumni in the Senate are Martin and Swanson of Virginia, Rayner of Maryland, and Culbertson and Bailey of Texas.

In a letter recently published Dr. Lyon Gardiner Tyler states that the honor system among students had its origin at William and Mary College and not at the University of Virginia as has been claimed. He puts forth strong evidence to sustain his contention. From contemporaneous testimony it appears that this system began at William and Mary about 1779, many years before the founding of the University of Virginia. Dr. Tyler's testimony is corroborated by that of Dr. Edward S. Joynes, emeritus professor of modern languages at the University of South Carolina, and a member of the faculty of Washington College when General Lee was president of that institution.

The Ring-tum Phi is planning to secure a special wire to receive the details from Washington of the Georgetown game. The wire will be in charge of Athletic Editor Baldwin, and every one who wishes to hear the reports of next Saturday's game will be asked in the next few days to contribute. The cost of this special wire will be about thirty-five dollars and unless this amount is contributed, we can not get the wire.

## EXCHANGES

Tufts held Yale for downs on her four yard line.

Football practice is being impeded throughout the East by baseball weather.

Eddie Collins, the Athletics' star second baseman, has already stolen 80 bases this season, breaking Ty Cobb's 1909 record by 4.

"Dodo" Minot, 1909 Harvard's all-American half-back has been shifted to left guard and with McKay is ripping things up.

Bob Williams, former football coach at V. P. I., and a Roanoke baseball magnate, is being mentioned for the presidency of the Virginia League.

At the University of Florida the faculty of the Law School are not free to select their own text books, but must use those chosen by the Supreme Court.

Montgomery, according to President Kavanaugh, has forfeited her Southern League franchise for failure to pay a \$1250 fine, imposed for violation of the salary rule.

Brown, a 206-pound fourth classman, seems to be preferred at right end on the Navy varsity by the coaches to any other cadet.

Arthur N. Smith of Buffalo, one of the best sprinters a decade ago, is to become the assistant to Trainer Mike Murphy of the University of Pennsylvania.

## Registrars Office

The Board of Trustees, at the annual meeting in June, created the office of registrar of the University. Dr. Thomas J. Farrar, Professor of German, was appointed to this position, but he is to remain as the head of the Department of Germanic Languages. This office is to have charge of all class-work records, values, and applications for degrees. The financial affairs will be transacted through the Secretary and Treasurer's office as heretofore. The new office is located on the first floor of Newcomb Hall, to the left as you enter, and the office hours of the Registrar are from 10 to 11 and from 12 to 1.

The total number of matriculates as shown by the Secretary's office, is now exactly 600. This is an increase over the attendance of last year and it is expected that the number will be increased to 625 in the next week or two.

Charles L. Crow, M. A. '88, who was formerly a member of the faculty here, is professor of Modern Languages in the Florida State College, Gainesville, Fla.

**NOTES ON DAILY PRACTICE**

Jalonick's star work in the scrub back field has caused him to be added to the varsity squad. His broken field running last week was excellent.

Joe Blackburn looks like all South Atlantic timber at this stage of the game. His form is far above any he has ever displayed before; together with this he has the fighting spirit and on every down charges low and hard.

Harry Satterfield's consistent playing has caused much favorable comment. He travels with great speed and can always be depended on for a gain on a wide end run.

Moomaw, who won his letter at the University of Virginia, is doing steady consistent work.

"Tubby" Derr is hard to beat on the defence. He is always at the bottom of every play.

Kinnear continues to break up the scrub's play. He gives promise of being heard from before the season is over.

Rogers improves with every practice. Experience will make him a good lineman.

"Midget" McCallie was given a chance at driving the varsity and shows he has received good coaching. His size is made up for by his speed and grit.

## Parker FOUNTAIN PENS

Cleanly because of the Lucky Curve.

The ordinary fountain pens have stubbed ink feeds, which hold ink after you stop writing until air, expanded in the reservoir by the heat of the body, forces ink into the cap, where you find it ready to ink fingers and linen when you remove the cap to write. But the curved ink feed of the Parker—the Lucky Curve—is self-draining. No ink in the ink feed, none can be forced into the cap. The Parker is cleanly, dependable and ready to write with without wiping off the barrel, because of the Lucky Curve.

### For School Work

In the class room, in the study, a fountain pen aids the student in neat written work, but it must be a cleanly fountain pen, and that means the pen with the Lucky Curve—the PARKER

### FRESHMEN GET WARNING

#### Trouble Brewing at the West Virginia University

Morgantown, W. Va., Oct. 2.—Matters are looking ominous between the sophomores and freshmen of the West Virginia University. The sophomores have livened the dead walls about town with posters in which the freshmen are given due warning. This year's freshman class, however, is of the extreme belligerent type and developments are awaited with interest.

The posters of the sophomores contain the following solemn warning:

"Milk! Milk! Wanted immediately 10,000 gallons, with rich cream to supply the crying, blubbering, slobbering, infantile, apologies whose mothers have dumped them into the merciless hands of the class of '13. A liberal reward will be paid to any one finding an atom of horse sense in their cob-webbed brains

"Ye chicken-hearted, peanut belied, hatch-faced, scissor-legged, lantern-jawed, dome-headed, goose-fleshed, duck-footed, cock-eyed, bunion-mouthed, flaxen-haired, dog-headed, abominated, unsophisticated, demoralized, degenerated, yellow-streaked, milk bottle fiends, with parenthetical legs and a thoughtful droop in the seat of your pants, who call yourselves freshmen,—

"Take heed to the following commandments handed down by the invincible class of 1913:

"1. Ye shall abstain from the use of all forms of tobacco and Y. M. C. A. punch (cubebis may be used if not to excess.)

"2. Ye shall join the Salvation Army for immediate redemption.

"3. Ye shall doff your caps to all sophomores and Sammy Brown. Ha! Ha!

"4. Nipples, bottles and rattles will not be tolerated on the campus or in the classrooms.

"5. The Sixth Commandment. Ye shall not incline your ears to the sirenlike music of the 'German band.'

"6. Freshmen must not be seen in or about the henery.

"7. Ye must not trifle with the affections of the burlesque queens.

"8. Freshmen or rats shall not fail to drill daily at 4 o'clock p. m., with 'Coxey's Army.'

"9. Freshmen must don official cap within two weeks or expect to hear from the class of '13.

"Prepare, ye babies and sucklings, to defend your right to existence, on the athletic field at some future date"

#### A REPORT BY WASHINGTON AND LEE MEN

The United States Immigration commission has issued a report which has a peculiar interest locally because it is the product of the work of former students in the economics department of the University. It was compiled by W. K. Ramsey, Jr., a special agent of the Commission, under the direction of W. Jett Lauck, superintendent of agents. The collection of the data was mainly done by Mr. Ramsey and Raymond Kenny, another special agent of the Commission and a former Washington and Lee man. Edgar Sydenstricker, another special agent and Washington and Lee man, who is now editor of the Lynchburg Advance, also collected some of the data of the report. It is a volume of about 200 pages and consists of a study of the immigrant banking system in all the principal cities of the country.

### RHODES SCHOLARSHIP

#### Examinations to Be Held at the University of Virginia This Month

Candidates for the Rhodes scholarship for the state of Virginia will be examined at the University of Virginia Oct. 25th and 26th. No men from Washington and Lee have entered the contest, nor has any student of the University of Virginia made application, though several are expected to do so, according to Saturday's College Topics. Two applications by men from other colleges have been filed.

The committee in charge of the examination, which also makes the appointment, is composed of Dr. Alderman of the University of Virginia, chairman; Dr. F. V. N. Painter of Roanoke College, and Dr. R. E. Blackwell, president of Randolph Macon College.

The Rhodes scholarship yields an annual sum of £300 and is tenable for three years.
