## BASKETBALL PROSPECTS

Schedule Not Complete But Strong  
Teams to Be Played—Large  
Number of Candidates

Captain Hannis issued an early call for candidates for the basketball team, new men as well as old, to report for early practice at the gymnasium. By starting early the new men are given a better opportunity to show their ability before the opening game, which it is understood will be with the strong quint from the University of Pennsylvania, last year's champions in the Intercollegiate Basketball League. The game will be played the early part of January in Lexington. This will give the students an opportunity for the first time of seeing one of the best teams in the East in action.

Five men of last season's winning team are in College and out to retain their old positions. They are Captain Hannis, Burke and Boyd, forwards; Manager Glasgow and Craig, guards. However there is always room to improve, and any good player can attain a position. The schedule has not yet been officially announced, but will probably be the best of this now popular winter sport in the history of the University. It will include a Northern trip of about eight games against Virginia, Swarthmore, Lehigh and other Northern Colleges. It is to be regretted that our mid week game with the Naval Academy was cancelled. The committee in charge of athletics at the Academy were instructed to cancel all midweek games. The usual two games will be played with V. P. I. and Virginia, one each at home and the other away. An added attraction on the local floor this year will be the University of Tennessee. The management will announce the official schedule for the 1911 season in a few days. Besides those already mentioned the following men of last year's squad are out: Stein, Philips, Satterfield, Humphreys and Bear. Among the new men of promise who have reported to Captain Hannis are Campbell of Davidson, Hamilton of Culver Military Academy, Harman of Ohio Military Institute, Moore, Avery, Poland, Wood and Hanna, who has had a number of years experience as forward on Birmingham College and his home city Y. M. C. A. and Athletic Club teams.

## C. H. BLACKFORD DEAD

Clyde Harmon Blackford died on Sunday, Nov. 6th, of typhoid fever. Mr. Blackford was a native of West Virginia. He entered the engineering school of Washington and Lee in 1906, and graduated with the degree of B. S. last June. During his stay in the University Mr. Blackford took high rank in College activities and as a student. His geniality won for him the friendship of every man with whom he came in contact, and it is with sincere regret that the news of his death is received at the University. Mr. Blackford was a member of the Sigma Phi Epsilon fraternity.

## WASHINGTON AND LEE

## VICTORIOUS OVER CAROLINA

Annual Game in Norfolk Won By Pollard's Team Through Their Ability to Follow the Ball—Team Outplayed at First, But Came Back Strong in Third Quarter.

With a backfield that had played together only two days, Washington and Lee won the annual game from the University of North Carolina on Lafayette field in Norfolk by a score of five to nothing. Captain Waddill and Simms, the star backfield men, were out of the game on account of injuries received in the game with V. P. I., but in spite of this handicap the White and Blue were able to get away with the game. Although outplayed in the first two quarters the team came back strong in the third quarter, and by following the ball well, succeeded in scoring the only touchdown of the game. Belk for Carolina, dropped back to punt, but the pass from the center was high and got by Belk, rolling beyond Carolina's goal line. Belk recovered and attempted to run out, but was tackled hard and Moomaw fell on the ball behind Carolina's goal for a touchdown. The kickoff was caught by O'Quinn, but he fell and the ball was declared foul by the umpire because it touched the ground, and Washington and Lee was not allowed a chance at goal. During the remainder of the game, the ball was in Carolina's territory, with Washington and Lee pushing them hard for another score. Ordeman attempted a dropkick from the 40 yard line but it fell short. Carolina outweighed Washington and Lee fully 20 pounds to the man, but their weight helped them little against our line. Carolina's strongest play was the off-tackle run by the halfbacks and in the first half this play gained consistently for them. Forward passes were attempted several times by Carolina, but fumbling each time prevented any gain. Once in the first quarter the Tar Heels executed a perfect forward pass, Belk to Applewhite, the ball passing over the heads of both teams, and the Carolina end ran to the three yard line before he was downed, but fumbled and O'Quinn fell on the ball.

The stars for Carolina were Abernathy, Ruffin and Calmes; for Washington and Lee, O'Quinn, Ordeman, Moomaw, Burke and Harman. The feature of the game from a Washington and Lee standpoint, was their ability to follow the ball. Time and again a Washington and Lee player would recover the ball after Carolina had fumbled.

The weather was ideal for football, the air was bracing but the attendance was disappointing, only about six hundred being present. This small crowd was due largely to the fact that a race meet is being held in Norfolk, and this drew many from the game. The headquarters for Washington and Lee was at the Lynnhaven Hotel and many alumni dropped in during the day.

Five games have now been played between Washington and Lee and Carolina. Three have been tie games, 1906, 1907 and 1908. Last year Caro-

lina won 6 to 0, and Washington and Lee's victory this year makes the record again even.

The game in detail:

First Quarter: The teams lined up, Carolina defending the West goal. At 2:55 Referee Glass blew his whistle and Ordeman kicked off to Carolina's 20 yard line and Venable returned the ball 15 yards. Calmes gained eight yards off tackle. Ruffin made first down. Washington and Lee was penalized five yards for holding. Calmes added five. Carolina failed to gain and Belk punted 40 yards to O'Quinn, who returned the ball 15. Washington and Lee could not gain, so punted. Belk fumbled but recovered and was downed in his tracks. Carolina made four yards in two attempts at the line. Carolina made a perfect forward pass over the mass of players and Applewhite ran 20 yards, but fumbled when tackled and O'Quinn fell on the ball. Ordeman punted out of danger and Washington and Lee recovered the ball. Washington and Lee could not gain through the line. Ordeman punted to Belk, who returned five. Calmes made a beautiful end run of 20 yards. In two plays Carolina made first down by hitting tackle. Moomaw broke through and tackled the Carolina back behind the line. Carolina tried tackle and gained two yards. Forward pass, Belk to Venable, did not go the required 20 yards, the ball going to Washington and Lee. Ordeman promptly punted. Carolina, on the first play, tried another forward pass which did not pan out, and the quarter ended after Ruffin gained nine yards, putting the ball on Washington and Lee's 33 yard line.

Second Quarter: Ball put in play on Washington and Lee's 33 yard line. Carolina made five yards around end. Belk punted to Ordeman and Ordeman punted outside, but Carolina recovered the ball. Calmes made 15 yards on skin tackle play, but Ruffin lost the same distance. Belk tried a forward pass, but it failed. Carolina thrown for 20 yard loss and ball was fumbled and recovered by Humphrey. Washington and Lee failed to gain in two attempts at the line and Ordeman punted. Harman was down the field and tackled Belk after he had returned only two yards. Carolina could gain nothing through the line. A fake kick was tried but no gain. Carolina's punt was blocked but Venable recovered the ball. Calmes and Ruffin made first down in two off-tackle plays. But the next two runs could not make the required distance and Belk punted to Washington and Lee's 23 yard line. Time up. Score, 0 to 0.

Third Quarter: Washington and Lee again kicked off to Carolina, Ruffin receiving the kick. Carolina was penalized 15 yards for holding. The ball was now on Carolina's 10 yard line and Belk punted to Ordeman.

## ANNUAL CROSS COUNTRY RUN

Event Arouses Much Interest and Large Crowd Sees Finish—Wood Breaks Record

A large crowd of enthusiastic spectators witnessed the finish of the annual cross-country run last Wednesday afternoon. This is the second time the run has been held over the present course, a change having become necessary last year on account of the roughness of the old course from Buen Vista. The start was made at Elliott's Hill, five miles from Lexington on the Natural Bridge road, and the contestants finished at the Presbyterian church in Lexington. Nine runners entered the race, after several weeks of hard training for the event. The entries were: Glass, Von Mysenbug, Bejack, Wood, Ruff, Coffee, Tannell, McCluer and Grover. Glass was considered the certain winner, and was the favorite of the spectators, having finished second in last year's run.

The start was made at 4:05 p. m. Bootay and Robbins acting as starters. Glass immediately took the lead, which he held for the first three miles, with Wood running second. Two miles from Lexington Wood forged to the front and until the end of the course was reached, held the lead. He finished strong in 30:08, bettering last year's work of 30:32 by 24 seconds. Glass was also fresh at the finish, coming in about 200 yards behind Wood. Von Mysenbug, Bejack and Ruff finished in the order named, about 50 yards apart. The other contestants failed to finish the course.

Wood, the winner in the contest, has had experience in cross-country running and is an excellent addition to the Washington and Lee track team. He was formerly on the Old Point College team and that of the Hampton High School.

## BAND REORGANIZES—NEW PLANS

The Washington and Lee band had a business session last week and elected the following officers:

President of organization, R. C. Bowman.

Secretary, J. F. West.

Director, W. N. Bootay.

Assistant director, O. S. McDonald.

Manager and treasurer, C. P. Light.

Assistant manager, P. B. Lantz.

With a view to doing more efficient work it was decided to practice twice a week. Monday and Thursday nights were selected. At this meeting there was manifested a determined spirit to have a good, well-directed band. The addition of a clarinet player adds much toward this end. It is hoped that other band musicians will join and help in the work of turning out the best student band in the state.

It was decided to appeal to the student body for 25 cent subscriptions to get money to buy a bass horn, which is much needed. A list will be posted on the bulletin board as was done last year and it is hoped that the students will respond liberally.

**JUNIORS' TOUCHDOWN  
NOT ALLOWED**

Conference of Officials Settles Disputed Point and Game Declared a Tie

At a conference between Dr. Pollard, Don Earwood and Ed. Brown last night, the facts concerning the touchdown awarded by Ed. Brown, referee, to the Junior football team were discussed and Rule VI, Section VII on touchdowns was applied to the facts.

The rule reads: "A touchdown is made, when the ball lawfully in possession of a player, is declared dead by the referee, any part of it being on, above or behind the opponents goal line."

"The touchdown is made at the point not where the ball is carried across the line, but where the ball is 'called down' by the referee, and if the ball is carried across the extension of the side line, is marked at the point where the side line crosses the goal line."

Ed. Brown had the following statement to make:

"The rule clearly defines what constitutes a touchdown, but as a result of the conference between Dr. Pollard, Don Earwood, umpire, and myself, I find that I erred in my interpretation of it. I did not blow my whistle until after Glasgow had fumbled the ball; such being the case according to the rule Glasgow is not entitled to the touchdown. Had a Junior fallen on the ball after the fumble it would still have been a touchdown, but since a Sophomore fell on it the play must go as a touchback.

"I am sorry to have been at error in my decision, but I hope those interested appreciate the fact that the play was a hard one to be decided by an amateur, and more so when surrounded by 22 players and a crowd of excited students, whose place was on the sideline.

"The basis for my decision was as follows: I saw Glasgow's progress impeded by a tackler and immediately following the contact the ball flew into the air. I immediately concluded that the ball was intentionally knocked from Glasgow's arms and so awarded him the touchdown, though I did not blow the whistle until after the fumble. I made the mistake in drawing such a conclusion, for a decision cannot be based on conclusions, but by what the referee sees.

"As regards the question of try at field goal that was made and the ball hit the crossbar, the goal cannot be allowed according to the rules. The decision that was made is correct."

Johnny Evers, the fast second baseman of the Chicago Nationals, who broke his leg shortly before the beginning of the world's series, probably will coach the baseball squad of the Naval Academy at Annapolis next winter and Spring. He received an offer yesterday from Lieutenant F. H. Poteet, who has charge of the middies' baseball, and talked last night as if he would accept. If he does, he will have to go to Annapolis in February and remain until the early part of May. He figures he can get permission from Manager Chance to skip the spring training trip, and thus give his leg a two months' additional rest.

An automobile party composed of Mr. and Mrs. Baylor and Mr. Calhoun of Fisherville, Va., and Misses Carrie and Mattie Gentry of Crozet, Va., visited Mr. W. C. Scott last Sunday.

**ENTERTAINMENT FOR  
BENEFIT OF BASEBALL**

On the night of Nov. 19th, Durno, the magician, will appear at the Lexington High School under the auspices of the baseball management. This exhibition of slight of hand and magic is said to be one of the best of its kind on the stage and well worth seeing. The proceeds of the show will be used for buying new uniforms for the baseball team, and a full attendance is desired by Manager Stough. Admission to the performance will be 50 cents.

Swarthmore has decided to refuse the gift of \$1,000,000, bequeathed by Miss Anna T. Jeans, on condition that the college would not participate in inter-collegiate sports.

#### WASHINGTON AND LEE'S PART

The Times-Dispatch of Nov. 7 publishes under the above head a communication from W. G. McDowell of the class of '72. Mr. McDowell's letter is as follows:

"To the Editor of The Times-Dispatch:

Sir—In your issue of October 6, in an editorial article on the South in the United States Senate, you made an error which I know is unintentional and believe you will gladly have me correct it.

"In speaking of the Senators who are alumni of Washington and Lee University, you named three—Owen of Oklahoma; Poinexter of Washington and Foster of Louisiana, omitting George E. Chamberlain of Oregon, who took both his academic and professional degrees at Washington and Lee University. Chamberlain is so gifted and so loyal to his alma mater that we are willing to let him out of anything that affects our institution."

"The late and lamented Senator W. J. Bryan of Florida, was also an alumnus of Washington and Lee University. You will note that Senators from Washington and Lee University almost entirely, if not altogether, took both their academic as well as their professional course at Washington and Lee University. We generally manage to see them all the way through."

"Mr. Editor, again there is

a kind of senatorial atmosphere about the little town in which Washington and Lee is located that seems to be catching. With Lexington as a center and a radius of ten miles, you may describe a circle which will include the birth places of eight United Senators—Samuel Houston, the President of the Republic of Texas, Senator from Texas, and Governor of Texas and Tennessee; James Brown, Governor of Louisiana, Senator from Louisiana and minister for ten years to France; R. H. Adams, United States Senator from Mississippi; George Matthews, Governor and Senator from Georgia; John Brown and William Lindsay, Senators from Kentucky; Samuel McKee, Senator from Alabama; and General Andrew Moore, the first Virginia Senator west of the Blue Ridge.

"Seven of the natives of Rockbridge have been Governors of eight Southern States; all are Washington and Lee alumni; so it is to be seen that the mountainers of whom Washington spoke in the highest praise as to their valor in war, have occupied no humble stations in the councils of our Southland.

"It would take up too much of your valuable space to enumerate the Congressmen and judges from Rockbridge; suffice it to say that they all drank from the same fountain of education, which is now enjoying its greatest height of usefulness, with an enrollment of 600 students, 164 of whom are in the law department and 436 in the academic and engineering departments."

W. G. McDowell.

It is well for us of the present day to remember the distinguished sons whom Washington and Lee has fitted for leadership in the affairs of state. Not alone in political and governmental affairs have her alumni taken prominence but in education, in business, and in the ministry as well. The achievements of recent graduates have proved that this characteristic of leadership did not disappear with the former generation of W. & L. men. Every day new names are added to the list of distinguished alumni. The record is one of which Washington and Lee is justly proud. It is an inspiration to the present students to bear in mind.

Our relations with the Virginia Military Institute for the past several years have been amicable. There is no reason why any cause should arise from us to make them otherwise. More than that it is the duty of Washington and Lee students to exercise the most scrupulous care that we give no ground for offense to our friends, the cadets.

Twice last year it happened that small groups of students who

had lingered too long over the flowing bowl and had wandered too far afield from the protecting care of friends created disturbance on Institute grounds. Their performances were severely condemned by the student body, and rightly so. Their invasion was justly resented by the authorities of the Institute and protest against it made by the superintendent of V. M. I. But the occurrence of Saturday night was entire different. Then, as we have the case reported to us, an organized body of students, under the direction of supposedly competent leaders, who were carrying on a celebration of the Carolina game, went upon the parade ground and proceeded to give Washington and Lee yells. It is true that there was no idea of hostile intent on the part of celebrators, nor the slightest intention of giving offense. It was even suggested that a joint jollification be held over the victories of the two schools. Nevertheless it remains true that our students were invaders. They went upon private grounds where they had not the least right and forcible ejection of them would have been perfectly justifiable. Such occurrences can not but mar any friendly feeling which might exist between ourselves and the cadets, and they should not be allowed to happen again.

There is another matter in which student conduct might advantageously be improved. At almost every game played by V. M. I., which is attended by Washington and Lee men, a few students make themselves objectionable. In a sense one who has paid admission to a game has a right to root for whom he chooses. But when we are on the cadets' field we are their guests and should be guilty of no slight breach which would naturally be resented. Washington and Lee supporters would feel the same resentment if the situation were reversed, and cadets should on Wilson field cheer teams opposing us. We are not asking that students give outward expression of an affection which does not exist, but simply that at all times and under all circumstances they scrupulously exercise the courtesy of gentlemen.

The attention of the student body is called to the resolution of the Board of Managers, another part of the paper. This resolution provides for the registration of students after the Christmas holidays, and the payment of a fee of three dollars by those who fail to register at the opening. The enactment of this rule is intended in some measure to cure the disorganization so apparent after the holidays, and is a step which has long been necessary. Too long has the work of the various professors been broken into for weeks after college reopened, by the stragglers who have prolonged their vacation be-

yond the limit set by the catalogue. The students who report at the specified time have been hampered sufficiently by the tardiness of their fellows. If the Christmas recess is not long enough it should be increased, but there is no reason for allowing a few students unnecessarily to remain at home at the expense of the rest of the college.

It frequently happens that contributions to the Ring-tum Phi are handed in too late for the week's issue. This fact is due to misunderstanding as to when the paper goes to press. For the benefit of those who desire to get news items in, therefore, we make the following statement: To insure publication hand your contribution to some member of the staff on or before Monday morning. It may happen that Monday night will be early enough, but matter coming in later than that cannot be published. All matter is set up by noon Tuesday, and printing begun after noon of that day.

The band deserves your support. It was clearly demonstrated last year that this organization is a valuable adjunct of college life. Not only in their aid in rooting at the baseball games, but also in the entertainments given did the musicians prove their worth. Up to the present time this branch of the musical clubs has not shown the same vigor as last year, but under the new organization it is hoped that new life may be evidenced. The men who are playing on the band are not taking part for their own glory; they are sacrificing themselves to serve student interests. They deserve your aid. Therefore when the list is posted for contributions for band equipment, go down into your pocket and get your share for this purpose. Surely the continuation of the band is worth a quarter to you.

The Ring-tum Phi acknowledges the receipt of many interesting and valuable exchanges. The list so far includes The Virginia Tech, V. P. I.; College Topics, University of Virginia; The Trinity Chronicle, Trinity College, N. C.; The Purple and White, Millsaps College; The Orange and White, University of Tennessee; The Varsity Voice, University of Mississippi; University Weekly, University of Arkansas; The Purple and White, University of the South; The Oracle, Henderson College; The Reveille, Louisiana State; The Cadet, V. ## HARD FOUGHT GAME FOR CHAMPIONSHIP

Juniors and Sophomores Contest  
for Class Honors—Juniors  
Show Superiority

The Juniors and Sophomores on Nov. 11th, played the hardest fought class football game seen in many a day on Wilson field for the class championship. Although it was a bitterly cold day a good crowd was on the side lines cheering their respective classes or favorites to victory. The score tells nothing of the power of the Juniors, if they were coached ad in training, neither does it depict the absolute weakness of the Sophomore line and therefore the inability of their backs to make more than one first down. Tommy Glasgow was the one particular star of the game. He was in every play, circling their ends repeatedly for long gains and plunging through their line. He out punted Peoples every time by 10 or 15 yards, even when kicking against the wind. The game was characterized by much fumbling by which both teams lost chances to score and by frequent penalties for offside and holding in the line.

The Juniors played throughout the game as though confident of victory, while the Sophomores played a plucky uphill game. In the second quarter after 1913 had fumbled, Glasgow on a fake play crossed the goal line for the only touchdown of the game. Endeavoring to place the ball squarely between the posts, Glasgow fumbled and Elliot quickly fell on the ball for what the Sophomores thought a touchback. The decision of Referee Brown that it was a touchdown held during the game, but it was disputed by Captain Richardson and Manager Smith and will probably be left to a committee of Referee Brown, Umpire Earwood and Coach Pollard. Many hope that it will be decided as a touchback, not only that they may see the two classes clash again but also that they may keep their money in their pockets. In the last quarter Anderton used his head by neeling one of Peoples' punts squarely in front of the goal posts, but on the 38 yard line. His try from placement hit the cross bar, bounding back onto the field, and was ruled no goal. The best players for 1912 besides Glasgow were Anderton, Richardson, Medford, Atkinson and Webster. For the Sophomores Dillon was the only man who played consistently in the line. Elliot, Richardson and Ball played pluckily bearing the brunt of the defensive as well as offensive work. Whitehead played a plucky game on right end with his sprained ankle until obliged to be relieved by Hugues just before the game was up. The line was as follows:

	1913	Positions	1912
Webster	R. E.	Jolonic	
Heath	R. T.	Dillon	
Alder	R. G.	Potter	
Hattan	C.	Crist

## MR. LITTLE MAKES STRONG ADDRESS IN THE CHAPEL

A large and appreciative audience turned out last Tuesday night to hear the stereopticon lecture of Mr. John Little of Louisville. He dwelt with several phases of the Negro question in an interesting and instructive way. Mr. Little started his work with the Negro 14 years ago, when he was a theological student in Louisville. At that time he, with several other students started a small mission school for the Negroes and it was soon found that a great field was open to them in this work. The little school developed under his management until now there are about 450 Negro children enrolled. A building has been bought and the whole work is now under the direction of the combined Presbyterian Churches of Louisville. Mr. Little and his helpers have been instructing the Negroes in industrial training; the boys in carpentry, the girls in cooking and sewing. It has been found that those who go through this training have become industrious and useful, and being taught the Bible at the same time they have been made more upright and religious. Mr. Little said that work of this kind could be done in any Southern city; only a few of the citizens would take a hand in this work.

In the course of his lecture Mr. Little briefly reviewed the recent book of Dr. W. D. Weatherford, "Negro Life in the South." This book written by a Southern man, goes into the question thoroughly and is considered one of the best books on the subject. It is interesting to note that there are about 10 classes in Washington and Lee in the Mission Study Department of the Y. M. C. A. who are studying the Negro problem, using Dr. Weatherford's book as a text.
