GENERALS SCORE VICTORY OVER SETON HALL IN FIRST TILT 3-2

**Perry On Mound For Blue and
White Pitches Masterful
Game.**

HAWKINS GETS THREE HITS

**Play Fordham In New York Today
With Captain Lindberg
Pitching.**

The Washington and Lee Generals scored a victory over Seton Hall, of South Orange, New Jersey, by the score of 3-2 in the first tilt played on the Generals' annual Northern trip. The Blue and White were scheduled to play New York University last Monday in the opening contest of the road trip, but this melee had to be called off on account of rain.

"Duke" Perry occupied the mound for the visitors, and had the best of a pitcher's duel with his opponent. His dazzling speed and change of pace had the Seton Hall diamond stars eating out of his hand, and he had control of the situation throughout the game. His battery mate, "Bo" McMillan, aided him, as usual, to pitching a masterful game.

"Red" Hawkins finally arose out of a batting slump that he has been in for many games, and led his teammates with the mace by getting three hits. The sorrel-topped player was the cause of the Blue and White getting their runs, and was responsible for the visitors' victory.

Today the Blue and White journey back to New York and play Fordham University. The Fordham nine is regarded as one of the strongest teams in college circles in the East, and has defeated many of the leading Eastern College nines this season on the diamond.

Last year the Generals won the game from the New York team by the count of 6-2, and they are hoping to repeat. Captain "Gus" Lindberg will be on the mound for the Generals, and he is hoping to increase his string of successive wins to eight. If Lindberg should be unable to go on the hill, then Coach "Dick" Smith can call on Maben, Woolwine or Hickam, as any of the latter are ready to twirl a mean brand of ball.

Thursday will find the Generals in Washington, where they will hook up with the Georgetown College dia-

**Mayhew Elected
P. D. E. President**
Banquet and Initiation of New Men
Will Be Held Friday
Night.

At its regular meeting Monday night in Washington College, Pi Delta Upsilon, national journalistic fraternity, elected its officers for the ensuing year, and made plans for terminating its activities for 1924-25.

At this time it was decided to hold the annual banquet of the organization either at the Dutch Inn or at Mrs. Young's Friday night and extensive preparations are being made for this occasion.

Immediately preceding the banquet the eight initiates to Pi Delta Upsilon will be formally inducted into the rites and secrets of the fraternity. The men to be initiated are: T. B. Bryant, J. F. Pentress, R. W. Jordan, G. D. Mayor, T. T. Moore, J. T. Stallings, J. F. Wells, and Rhea Whitley.

The only other business of a public nature was the election of officers for the following year. J. D. Mayhew succeeds W. G. Sale as president; E. W. McCorkle replaces C. W. Rex as vice-president; E. A. Nabors follows D. G. Kaylor as secretary; and C. B. Kight was elected treasurer to succeed Jairus Collins.

Communication

To the Washington and Lee Student Body:

Very little time remains in this year, and our plans for Finals will have to be definitely settled during the next week. I want to present a fact to the Student Body which directly concerns every man who has not paid his Finals dues, indirectly concerns all other members of the Student Body, and the many Alumni who will return for Finals.

If the few remaining students who have not paid their subscriptions, will pay by Saturday, then the program for Finals will be carried out as originally planned; and we will have a Finals which will, I think, compare favorably with any of the past.

About \$1,800.00 remains outstanding and in making our plans we have counted on that money as well as the money already paid in. If we do not get it this week there is only one thing that we can do and that is to cut the plans to fit the budget as it is.

We have made every effort to collect the unpaid subscriptions, and to get those who have not subscribed to pay; yet we realize that some men might have been missed in the general canvass. To those men we ask pardon, and beg that you give your dues to some member of the Finals Week Committee before Saturday. To those who have subscribed and have not paid we ask that you do all in your power to give us the money before Saturday. You may feel that your ten dollars will make no material difference, yet when you remember that about 180 other men seem to be figuring along the same line then you can see that there is a difference.

So in order that you can rest assured that you have done your part, and that if the plans for Finals have to be cut down it will not be your fault, please pay your subscription to some member of the Committee immediately.

As a last word let me call to your attention that it isn't fair for a part of our Student Body to allow the other part to bear the expense of one of the institutions of Washington and Lee, a vital and enjoyable part of college life, and a material benefit to the University as a whole.

Sincerely yours,
GEORGE S. WILSON,
President of Finals.

TENNIS TEAM RETURNS FROM NORTHERN TRIP

**Registered Wins Over St. Johns and
Colgate With Three Meets
Lost.**

On their recent northern trip, the Generals' netmen, who played the teams of St. Johns, Princeton, New York University, Colgate, and Cornell, won two matches and lost three. They were victorious over the St. Johns and the Colgate racquetees, but they were unable to cope successfully with the Princeton, New York University, and Cornell court wizards.

The St. Johns team was easily defeated, the only match that was even closely contested being that of St. John and Garrison. The latter won the first set, but St. John staged a rally and won the next two sets in short order. The final score credited the Blue and White team with seven points, while the St. Johns boys were unable to boast of a single point.

It was extremely cold on the day that the Blue and White netmen met the Colgate outfit, but in spite of

(Continued on Page Four)

Seven Generals' Trackmen In S. I. C. Meet

**Biddle, Lowry, Norman, How-
ard, Lewis, Rushton and Davis
Make Trip To Sewanee.**

Seven men of the Washington and Lee track team will leave Thursday morning for Sewanee, Tennessee, to participate in the Southern Conference meet which is to be held there this year. The meet this year is expected to be hotly contested as there are many stars taking part and there is a great possibility of some of the conference records of former years being broken. The men making the trip and the events that they will enter are: Biddle and Lowry in the high jump, Norman in the pole vault, Howard in the two mile, Lewis in the broad jump and the weight events, Rushton in the half mile, and Davis in the high and low hurdles.

Howard, Davis, and Norman all have good chances to win their events and the other men ought to place. Any man who places in the meet at Sewanee will be eligible to go to and will be sent to Chicago, June 12 and 13, for the National Track and Field Championship meet, which will be held at Staggs field.

The hurdles at Sewanee will in all probability be hotly contested as Moore of Carolina, Clark of Carolina State, Kay of Tennessee, and Roy of Tulane are all first class hurdlers.

In the two mile Hogan of Mississippi, Smith of Auburn, Percy of Carolina, and Roberts of Georgia Tech will push Howard, though he should win if he is up to his usual form.

There do not seem to be any athletes of exceptional ability in the high jump and broad jump except Culbreth of V. P. I., who should win this event if he comes up to his past record.

Norman will have keen competition in Locke of Auburn, Grady of Kentucky, and Walle of Vanderbilt, in the pole vault.

All of the half-milers have run good races, and then again have been beaten in poor ones, so no prediction can be made of this event, which should be very close.

First Class In Electrical Engineering Graduates This Year

**Department Gradually Built Up
From Lecture Course
Beginning.**

The list of candidates for degrees in June includes six students applying for the degree of Bachelor of Science in Electrical Engineering. These applicants are: C. T. Alfater, J. C. Dunn, F. P. Fischer, G. W. Halstead, R. C. Slack, and R. A. Rushton. This is the first regular senior class in the Electrical Engineering Department which was begun four years ago.

The department had its beginning as a lecture course in Applied Electricity given in the Physics Department. As the interest in the work and the demand of students for electrical courses increased, it was decided to gradually develop a complete electrical laboratory and offer the degree of Bachelor of Science in this subject.

The laboratory work was begun in a small room in Reid Hall with several motors and a few measuring instruments. This space was outgrown when new equipment was added and the upper floor of the power house was fitted up for the department. Further expansion soon showed that this space was inadequate, and when the new chemical building

FINALS PROGRAM OFFERS MANY NEW ATTRACTIONS

**LITTLE GENERALS
WIN FROM S. C. I. 6-0**

**Season Closes With Eleven Inning
Victory For Frosh.**

The Little Generals closed their diamond season in a blaze of glory, downing the Shenandoah Collegiate Institute nine, 6-0, in an eleven-inning struggle last Saturday on the latter's home field. The Frosh turned the tables on the S. C. I. lads, who had licked the Blue and White team when they clashed on Wilson Field earlier in the season, but were forced to extend themselves to come out on the long end of the score.

"Bob" Taylor, ex-Frosh of last year's diamond aggregation, who held down the initial sack for the 1924 yearlings, pitched great ball for S. C. I., keeping the visitors away from the platter until the eleventh frame. Johnson, regular left fielder for the Little Generals, opposed Taylor on the slab, and won a decisive victory over the Institute team.

The Frosh garnered fourteen safeties off of Taylor's delivery, but were unable to bunch their smacks until the final session. Johnson only yielded five hits, and kept them well scattered throughout the melee. "Babe" Spotts led the assault on Taylor, collecting four safe blows during the game, a double and three singles making the total. Tips batted out three singles, Sadloch got a double and a single, Eigelbach poled a double-sacker and one single, Wilkinson drove out a two-base blow, while Jones and Franklin each got a one-cushion safety. A double was the longest hit that could be made, as the ground rules agreed upon would only allow two bases for a ball hit over the fence.

Sadloch, who has been putting up a stellar game at the shortfield position, turned in a perfect day at the bat and in the field. The diminutive infielder handled twelve chances faultlessly, and out of five times at bat poled out two hits, besides work-

(Continued on Page Four)

**Leaders Announced For Four
Formal Dances—Plans Al-
most Completed.**

The Finals program this year offers many new attractions and the days during the festivities will be filled with elaborate features which will bring to Lexington many returning alumni and friends. President G. S. Wilson has about completed the final plans for the festivities, presenting a program that will equal any of the past years.

There will be four formal dances, the first being the Interfraternity dance on the night of Friday, June 5. The figure will be led by Joe Clay Roberts with Miss Lucille Gaines, of San Antonio, Texas, assisted by R. A. Rushton with Miss Josephine Connors, of Birmingham, Alabama. The Sigma Society will give their annual german on Saturday night. The figure will be led by J. T. McVay, assisted by G. S. Wilson, Jr., with Miss Eleanor Rash, of Owensboro, Kentucky. J. O. Lewis with Miss Miranda Yerkes, of Jacksonville, will lead the Senior-Alumni Ball on Monday night, assisted by W. E. Moore with Miss Betty McKenny, of Crozet, Virginia, J. R. Leggett with Miss Jean Clymonts of Pittsburgh, Pa., and F. P. Fischer. The Final Ball climaxing the festivities on Tuesday, June 9, will be led by President G. S. Wilson, Jr., with Miss Eleanor Rash of Owensboro, Kentucky, assisted by H. A. Dawson with Miss Elizabeth Stewart, of Richmond, Virginia.

A large number of alumni are expected to return during the festivities. There will be reunions of the classes of '20, '15, '10, '05, '00, '95, '90, '85, '80, and '75. The alumni headquarters will be situated in the old Phi Kappa Sigma house.

Dr. Peter Ainslie, pastor of the Christian Temple, Baltimore, Maryland, will deliver the baccalaureate sermon in the Lee Chapel on Sunday morning. Dr. Ainslie is a speaker of broad experience and a deep student of world affairs. He is considered one of the world's authorities on church union and world alliance. The Sunday afternoon vesper service will be conducted by Dr. J. W. Claudy, of Pittsburgh, under the auspices of the Y. M. C. A. The commencement address Tuesday morning will probably be delivered by Judge E. H. Gary.

The social program will be featured by an automobile drive through Goshen Pass on Monday, a tea for the

(Continued on Page Four)

Baseball Informal Was Great Success

**Over 75 Girls Contributed To Make
It One of Best Informals of
Year.**

Doremus Gymnasium was the scene last Saturday evening of one of the most successful and well attended informals witnessed here in many years. There were about 75 girls present, representing widely separated sections of the country, as well as the nearby schools. The last informal of the year, this dance was the culmination of an especially large number for the year.

The Southern Collegians, appearing for the last time before embarking for Europe on the Cunard Line, playing on shipboard and filling many engagements in France, were at the peak of their perfection. They have performed for the other informals of the year with no less degree of satisfaction, and have proven themselves jazz artists of the first class.

All proceeds from the informal went for the benefit of the baseball sweater fund.

Of Timely Interest.

The visit of Dr. Allen K. Foster to the campus has been of more than ordinary interest and the subjects upon which he spoke are of extremely timely importance to college men. Science and religion and the harmony or antagonism of the two, are of timely interest.

When we stop to consider that very recently the legislature of the great and free state of Tennessee passed a law forbidding the teaching of evolution in the educational institutions of that state, it is high time that the people of the nation, and especially students who are destined to be the leaders several decades hence, take more than passing notice of some of the problems which were so ably presented by Dr. Foster.

Possibly there were many who could not agree with Dr. Foster to the fullest extent of his views. Possibly there are many who have been "feeling" the same things which he put into words for us. At any rate his talks should set us to thinking along lines which in this day and age not one of us can avoid.

Class Elections.

Although campus interest has somewhat subsided following the general elections of last week there are still some very important campus offices to be filled. The class elections have been scheduled for Friday night, at which time the class officers will be elected. The elections will include the naming of four executive committeemen, which makes the Friday night voting of more than ordinary importance.

If our student government is to function properly it is highly important that the various classes elect to the Executive Committee representative men of a high calibre. To this end all the members of the classes which will hold elections should spare a half-hour of their time Friday to attend the election, and cast their vote for men with executive ability and a high sense of the traditions and institutions of the campus.

Room For Improvement.

Those who have used the tennis courts this spring have been heard to give vent to complaints against their bad condition. In fact, the courts have been in miserable condition this spring and the fact the students used them for the main entrance to the ball games and hurdled the nets did little to help them. Now that the games are over, perhaps we can look for better courts. We have had a good tennis team this year and they deserve better courts.

AMONG THOSE PRESENT

Miss Catherine Perry, of Staunton, with Wirt W. Donnally.
Miss Eleanor Page, of Charlottesville, Va., with R. T. Force, Jr.
Miss Florence Miller, of Lynchburg, with Ernest Leatham.
Miss Adelaide Harris, of Sweet Briar, with C. J. Allison.

CIRCLE INSTALLS TWO NEW CHAPTERS

University of Kentucky and Lehigh Establish Honorary For Campus Leadership.

Omricon Delta Kappa, the national fraternity for recognition of campus leadership, which was founded at Washington and Lee in 1914, has added two more chapters to its roster. Professor J. H. Hewlett, of Centre College, installed a chapter on May 4, at the University of Kentucky. Professor Hewlett is national vice-president of the fraternity.

The other new chapter will be installed at Lehigh University, May 17. This brings the total number of chapters in the Circle to fourteen, all in the leading universities of the country.

SELLS INTEREST IN LOCAL PICTURE SHOWS

L. M. Lyons Sells Controlling Interest of Lexington Pictures To Weinberg.

A deal was completed last week whereby Mr. L. M. Lyons sold the controlling interest of the Lexington Motion Picture Corporation, which runs the Lyric and the New Theatre, to Mr. I. Weinberg.

Mr. Lyons has not decided as yet whether he will organize a new company and build a new show house here, but several plans are being made, and something definite will be decided later on in the year.

It was while Mr. Lyons was president of the Lexington Motion Picture Corporation that Washington and Lee athletes were given positions working at the New and Lyric Theatres. Mr. Lyons' relations with the students have always been of the highest grade, and he has aided the athletes materially.

MULLINS GOES TO BUFFALO FOR CALYX

Hope To Have Annual Ready For Distribution By June 1.

P. W. Mullins, editor of the 1925 Calyx, left yesterday for Buffalo, N. Y., where he will read final copy on this year's book before it goes to press. Mr. Drullard, the representative of Baker, Jones, Hausauer, Inc., publishers, will assist Mullins in his work.

This is the final step before the completion and publication of the book. Mullins, before he departed, stated that he hoped to have the annual ready for distribution by June 1.

Voice of Student Body

There are a number of level-headed students in school who possess a sufficiently well-balanced sense of right and wrong to realize that something decidedly wrong is present in the general attitude toward a recent event. What these men want to know is exactly what is dishonorable about turning over an alleged law-breaker to the proper authorities. It seems to this group of men that the discharging of a man's duty when it appears to him, regardless of ulterior results, is an attribute that few men possess. It is the writer's opinion that a particular act should be judged by its motives, of which it might be opportune to here say that careless observation and semi-apparent facts are not criteria by which to cast judgment. The writer is merely a casual acquaintance of the man involved in the dormitory episode of last Saturday, and wishes it understood that he is not acting in conjunction with any organization of enlightenment on the campus, nor is he a teetotaler. To his mind, however, there is something far more admirable about a man who has the spirit to swim upstream than about the one who is contented to drift along with the current.

(Signed): F. A. M.

"Fifty per cent of the undergraduates ought to be put out of college for their own good and for the good of the college. Going to college has become a mania. You don't have to know anything to get in; you don't have to know anything to stay in," declared Percy Marks, famous as the author of "The Plastic Age," in a recent address at Columbia, Ohio.

THE COLLEGE WORLD

Varsity swimmers at the University of Wisconsin have been forbidden to dive for pennies in the university pool, in order that there may be no possible charge of professionalism.

Illini's fourth annual water carnival is to exhibit all the latest styles in bathing costumes, and sororities on the campus are to be given a chance to enter their opinion of snappy beach attire on bathing beauty models.

Fraternities of the University of Colorado hold exchange dinners every Wednesday to promote inter-Greek fellowship.

The results of the annual spring elections at Lafayette College will decide whether or not student government will be continued. After much discussion on the merits and demerits of student government the Interfraternity Council unanimously passed a motion to the effect that it go on record as being opposed to Student Council and favoring that a new vote be taken at the annual spring elections to determine whether or not that organization be abolished.

A professor at the University of Colorado says that the college woman lacks reserve and individuality.

Under a ruling recently made by faculty members of Notre Dame University, no student of that institution is permitted to operate an automobile.

Students at Princeton University are putting up a fight to make chapel attendance optional. They assert that the exercises are dry and uninteresting. Others contend that quizzes should be conducted on chapel exercises.

So many men at Harvard cut their classes in a new term that it became necessary for the faculty to pass a ruling that those men cutting their first class should be excluded from further attendance.

Freshmen, sophomores and juniors of the University of Boston will receive ten semester hours' credit for attendance at the school assemblies held at the gymnasium. Seniors may obtain this credit, but their attendance is optional. Two cuts are allowed each semester.

The University of London claims the distinction of having more colleges affiliated with it than any other school in the world.

TAKE MEASURES FOR CAPS AND GOWNS

All Those Not Measured Should See W. W. Palmer or L. J. Rauber Immediately.

Measurements for the Senior caps and gowns have been taken recently except in three or four cases. The men who have not been measured will be seen personally if possible, but if they are not seen, they should give their measurements at once to either W. W. Palmer or L. J. Rauber, as the order goes out tonight. The caps and gowns will be worn to both baccalaureate services and commencement exercises. They will be ready shortly before examinations are completed.

SCIENCE CONFIRMS RELIGION, SAYS NOTED LECTURER HERE TUES.

Large Audience Hears Dr. Allyn K. Foster Tuesday Night.

That the modern scientific discoveries about the structure of the universe confirm rather than destroy evangelical religion was the belief expressed by Dr. Allyn K. Foster to a large audience in the meeting held in the Y. M. C. A. room Tuesday night. Dr. Foster said that it was not sufficient to show merely that there was no conflict between science and religion, but that science actually substantiated religion.

Then Dr. Foster showed how the truths expressed by the terms conversion, immortality, etc., were corroborated by scientific facts.

Sunday night Dr. Foster spoke at the Baptist Church on the same theme of "Science and Religion." He also visited several of the large classes on Monday and Tuesday. His treatment of the subject met with the approval of the students. Dr. Foster is a representative of the Educational Board of the Northern Baptist Church in work among students. In the last five or six years he has spoke in hundreds of universities in almost every state.

TENNIS TEAM RETURNS FROM NORTHERN TRIP

(Continued from Page One)

this fact, the Virginians were victorious in the majority of the hotly contested matches, winning 4-2. The results of this meet are as follows: In the singles matches, Story (Colgate) defeated Crenshaw (W. & L.) 6-2, 6-4; De Biaso (W. & L.) defeated Frank (Capt. Colgate) 6-3, 6-0; Cassell (W. & L.) defeated Blomfield (Colgate) 5-7, 6-3, 6-1; and Sternberger (W. & L.) defeated Kent (Colgate) 6-3, 6-4. In the doubles, Frank and Blomfield (Colgate) defeated De Biaso and Gould (W. & L.) 10-8, 3-6, 6-1; St. John and Sternberger (W. & L.) defeated Story and Kent (Colgate) 6-1, 1-6, 6-4.

The feature of the match between the Generals and Cornell, which the latter won 7-2, was the contest between Crenshaw and Capt. Stein of Cornell. Crenshaw won the first set, but in spite of the fact that he had numerous opportunities of going out by winning a point in the second set, he lost this set as well as the last one. The following is a summary of the meet: In the singles matches Captain Stein (Cornell) defeated Crenshaw (W. & L.) 3-6, 9-7, 6-4; Garretson (Cornell) defeated De Biaso (W. & L.) 6-2, 3-6, 6-4; Bright (Cornell) defeated Cassell (W. & L.) 6-0, 6-2; Sternberger (W. & L.) defeated Devine (Cornell) 1-6, 6-2, 6-4; Snee (Cornell) defeated St. John (W. & L.) 6-2, 6-1; Noble (Cornell) defeated Gould (W. & L.) 6-2, 6-2. In the doubles Stein and Garretson (Cornell) defeated Crenshaw and Cassell (W. & L.) 3-6, 6-4, 6-1; Bright and Devine (Cornell) defeated Sternberger and St. John (W. & L.) 6-4, 6-4; De Biaso and Gould (W. & L.) defeated Snee and Noble (Cornell) 6-2, 6-4.

FOUR CLASSES TO ELECT FRIDAY

Officers For Sophomore, Junior, Intermediate Law and Junior Law To Be Chosen.

Class elections for next year's Sophomore, Junior, Intermediate and Junior Law classes will be held Friday night, the Executive Committee decided last night. Sheets for candidates' names will be posted on the Bulletin Boards this afternoon.

A number of aspirants for the offices are out soliciting support from their friends, and lively contests are expected.

The Secretary of the Student Body, Lindsay R. Henry, is in charge of the elections.

GENERALS SCORE VICTORY OVER SETON HALL IN FIRST TILT 3-2

mond representatives. Friday they will go to College Park to hook up with the University of Maryland and they conclude the trip on Saturday with a game against the Navy at Annapolis.

FINALS PROGRAM OFFERS MANY NEW ATTRACTIONS

(Continued from Page One)

visiting ladies Tuesday afternoon and the Alumni Ball on Monday night. One feature of the ball will be the arrangement of tables around the track of the gymnasium for bridge or a la carte supper service during the dances. These tables will be strictly reserved for alumni and parents of students during that evening.

The program of the Finals festivities is as follows:

- Friday, June Fifth.
- 9:00 p. m.—Interfraternity Dance.
- Saturday, June Sixth.
- 10:00 a. m.—Pan-White Friar German.
- 4:00 p. m.—Informal Reception at the Alumni Headquarters.
- 6:00 p. m.—Second and Third Crew Races.
- 9:00 p. m.—Sigma German.
- Sunday, June Seventh.
- 11:00 a. m.—Baccalaureate Sermon by Dr. Peter Ainslie.
- 5:00 p. m.—Concert on Campus.
- 6:00 p. m.—Vesper Services conducted by Dr. J. W. Claudy.
- Monday, June Eighth.
- Alumni Day.
- 10:30 a. m.—Meeting of Alumni, Inc.
- 1:00 p. m.—Buffet Luncheon to Alumni on the Lawn.
- 3:00 p. m.—Varsity-Alumni Baseball Game.
- Final meeting and reorganization of the Seniors.
- Alumni Class Reunions, '00, '05, '10, '15, '20, '25.
- 6:00 p. m.—First Crew Race and Water Carnival.
- 9:00 p. m.—Reception given by President and Mrs. Henry Louis Smith to Graduates, Alumni, Trustees, Faculty and Visitors.
- 10:00 p. m.—Senior-Alumni Ball.
- Tuesday, June Ninth.
- 10:45 a. m.—Annual Procession of Trustees, Faculty and Graduates.
- 11:00 a. m.—Commencement Exercises.
- 3:00 p. m.—Alumni Class Reunions, '75, '80, '85, '90, '95.
- 4:00 p. m.—Tea for Visiting Ladies at Library.
- 7:00 p. m.—Alumni Smoker at Washington and Lee Dining Hall.
- 10:00 p. m.—Final Ball.

ing Taylor for three free passes to first.

Taylor, who had been given a try-out by the Martinsburg club of the Blue Ridge circuit, but failing to madke good had been farmed out to S. C. I., staved off defeat for the first ten frames. The eleventh saw him fading fast. The first batsman to face him in the final frame reached the initial station on an infield hit. He moved to second when the next batter shot a safe bingle into the outer gardens. On an attempted sacrifice, the third batsman was also safe, an infielder making a wild throw, loading the cushions. Franklin, who was playing center instead of Howe, collected his only safety of the day, one run crossing the platter. A sacrifice fly scored the runner from third a moment later. Spotts proceeded to clear the bags by poling out a double over the barrier, but was allowed only two bags. His smash was followed by a safe base blow and the fifth counter was across. A wild throw let in the final run of the melee. The S. C. I. lads were unable to solve Johnson's delivery in their part of the inning.

The games with Greenbrier, scheduled for Monday, were cancelled due to rain.

The past diamond season was one of the best Frosh baseball periods in quite a few years, according to Coach Twombly. The only thing that the Little Generals lacked was box material, and Coach Twombly is sure that the season would have been an unqualified success had he been in possession of a few capable slab artists. He was forced to use two outfielders on the mound when they were not playing in the outer gardens, Wilkinson and Johnson performing in the double roles. The heavy willow wielding of the yearlings featured every game, but ineffective pitching cost the Blue and White several contests.

The Little Generals played 500 ball this year, winning five games, losing five contests, and tying one. The Virginia School for Deaf, Virginia Tech Goblets, Devitt Prep, North Carolina Frosh, and S. C. I., were the nines to fall before the locals' onslaught. Lynchburg High, S. C. I., Fishburne Military School, S. V. A., and the Navy Plebes took the measure of the Blue and White on the diamond. Roanoke High was tied, earlier in the season, rain calling a halt to the contest after six innings had been played.

FIRST CLASS IN ELECTRICAL ENGINEERING GRADUATES THIS YEAR

(Continued from Page One)

work at Cornell and R. C. Slack will go into work as operator in West Virginia.

The requirements for the B. S. degree in the department include special experimental work towards a graduating thesis. For the past three months the seniors have been busy with these tests. R. C. Slack and J. C. Dunn have made exhaustive tests on watt-hour meters; R. A. Rushton and F. P. Fischer have investigated the action of the storage battery under all conditions of charge and discharge; and C. T. Altfather and G. W. Halstead have made a study of illumination and its application to some specific problems. One of their problems has been a design for a new lighting system in the ceiling of the gymnasium. This will increase the intensity on the playing floor about four times and overcome the "twilight" which has handicapped the basket-ball teams.

The work of the department has been recognized by the American Institute of Electrical Engineers, which has granted permission for the establishment of a local student branch. All students pursuing the regular electrical course are eligible for membership.

High officials of the B. and O. railroad last week put their final approval on plans to motorize the valley branch from Harrisonburg to Lexington. The motor coach is now under construction and the new service will start as soon as the new schedule is approved.

NOTICE

There will be a special show at the Lyric Theatre Saturday night for the benefit of the track sweater fund. Everyone is urged to be present as it depends on the success of the show as to whether or not the track men will get sweaters this year.

LITTLE GENERALS WIN FROM S. C. I. 6 TO 0

(Continued from Page One)

ing Taylor for three free passes to first. Taylor, who had been given a try-out by the Martinsburg club of the Blue Ridge circuit, but failing to madke good had been farmed out to S. C. Retreat Plans Completed.

Final plans for the annual retreat of the Y. M. C. A. to Natural Bridge this coming Sunday have been completed. Officers and members of the important committees will leave here Saturday and spend the week-end making plans for next year's work.
