LINDBERG ENDS SEASON WITH WIN OVER NAVY

Captain of Generals Closes Season With Eight Victories and One Loss.

STEARNS GETS HOMER

Middies Get Only Six Runs Off Blue and White Southpaw In Exciting Game.

Captain "Gus" Lindberg ended his career as a member of the Blue and White baseball team by turning in a victory over the Naval Academy Middies last Saturday in the final set of the annual northern trip of the Blue and White. The count was 4-3, his teammates coming from behind to help him register his eighth victory of the season. This makes Lindberg's record for this year eight wins and one loss.

The triumph of the Generals was mainly due to "Gus's" pitching, the southpaw mowing them down whenever he was in a tight pinch. Errors by members of the Blue and White helped the Navy to count two of the four runs of the tilt. The Middies only got six hits off the southpaw's delivery, Fenno's circuit blow being the only one that did any damage.

Lindberg had a good day in the field, getting four putouts and three assists. He caught two hot liners, one of which he converted into a double play by tossing the pill to Aylmer and forcing a Middy at the first sack who had run too far off the bag. Dyer, another left hander, pitched for the Navy, and twirled a good game. He whiffed ten men while Lindberg fanned seven. His only really bad inning was in the sixth when he lost control. He walked three men and forced in a man as the result of his three free passes.

The Generals started off with a single tally in the first inning and the Naval Academy nine came back in their half and counted two. They dented the plate again in the fifth, putting themselves two runs in the lead.

In the eighth with the count 3-2 in favor of the Navy, "Tommy" Stearns, playing right field for the Blue and White, socked out a four-ply smash, and knotted the count. Then

FINALS STILL IN NEED OF FUNDS

Recent Drive Fails To Collect All Unpaid Subscriptions.

Final preparations and arrangements for Finals of 1925 are rapidly being rushed to completion and everything is being put in readiness for the closely approaching festivities which annually bring to Lexington a great number of visitors and returning alumni.

The programs of the Finals festivities will be ready for distribution soon. Notice will be posted in a prominent place, when they are ready, as to where they will be distributed. Those who contracted for copies of these programs are urged to get them as soon as notice of their distribution is posted.

The recent drive for unpaid subscriptions and for subscriptions from those who have not yet subscribed was fairly successful. Enough money has been raised already for a successful Finals, but not enough for a Finals as successful as those of Washington and Lee should be. Any number of added features, which enrich the enjoyment of Finals, can be made possible through only the payment from those who have not subscribed.

While there will be no more concentrated efforts for funds, those men who have not yet paid their subscriptions, are expected to do so.

LAWYERS BESTED IN THRILLER 10-9

Commerce - Academic Nine Takes Inter-School Contest By Close Score.

In one of the most exciting inter-school games that has ever been played at Washington and Lee, the Commerce-Academic baseball team won from the Law School representatives 10-9.

The brand of ball that both teams played was surprisingly good, considering the fact that neither team had a single practice. The work of the batteries, Norman and Clemmer for the law school, and Hendrix, Holt, and Barclay for the Commerce-Academic team, was exceptionally good.

Heavy hitting on both sides added a great deal to the interest in the game. Henry Wilson scored a circuit clout for the Commerce-Academic outfit, while Perry Norman did likewise for the Lawyers.

There were many close decisions throughout the game. These were rendered in a truly legal fashion by the umpire, "Snake" Maben.

The line-up for the fray was as follows:

Lawyers: Norman, pitcher; Clemmer, catcher; Watkins, first base; G. S. Wilson, second base; Payne, third base; Franklin, shortstop; Tilson, left field; Mauzy, center field; and Moore, right field. Buford was substituted for Tilson and Little for Moore.

Commerce - Academic: Hendrix, pitcher; Barclay, catcher; Sanders, first base; H. M. Wilson, second base; Allison, third base; Felsenthal, shortstop; Van Horn, left field; Lowe, center field; and Jackson, right field. Hamilton was substituted for Wilson, Carter for Lowe, Hancock for Jackson, and Holt for Hendrix.

NOTICE

All Seniors are requested to sign up at once for the 1925-'26 Ring-tum Phi. An early subscription means a ready stencil; a ready stencil means a copy of the first issue. A solicitor will be around to see each Senior within the next week. All co-operation will be appreciated.

COMMUNICATION

2. Any student who commits the offense outlined in Section One a second time, shall be again warned and placed on probation, and given twenty-four hours after such warning to make the check good.

3. For a third offense, as outlined in Sections One and Two, the offender shall be requested to withdraw from the University.

4. The burden of proof shall be on the alleged defender to show that there was no intent to issue a check which was spurious.

Pollack, Student Here, Inventor of New Gas Method

Said To Reduce Cost of Ethyl Gas From Five To Seven Cents Gallon.

Herbert Pollack, a student who has done much research work in organic chemistry, a short time ago discovered a commercial method of making lead colloids at a cost below what has heretofore been possible. Pollack's method is one that involves the use of the electric arc in producing this new compound, which will be used in the making of ethyl gasoline.

Pollack had been working on this preparation all year and while doing some research work at the Bureau of Standards in Washington, in February, he came upon his present method.

COURT SESSION RESULT OF FORD DERBY YESTERDAY

W. A. Ward Wins Six Mile Classic, But Each of Seven Entrants Fined \$13.61 By Local Court Magistrate.

The First Annual International Ford Derby Road Race was held yesterday afternoon over a six-mile course on the Staunton road, with several enthusiastic entrants.

A half an hour before 2:30, the official starting time, cars were lining along the roadside to witness this great event. Never was such a crowd seen in East Lexington before, at least in the day time.

A minute later Ward and McRitchie chances were seen busily engaged in tuning up their motors. Ether, castor oil, and carbons were being poured into the large tanks by the spoonfuls. Black, blue and whitish smoke poured from the mighty exhausts. Instructions were given the drivers, and amid a cloud of smoke, the first driver was off. He is best designated by the name of Mister X, since it is reported his license number has not yet been ascertained by the local authorities. It is reported

that he drove a Deussenberg, although this could not be verified up to a late hour last night.

A minute late Ward and McRitchie gave the gun to their "Little Dear," at the signal of Starter Roberts. Collins and Broadus, with the aid of a couple of grunts, got away soon afterward. Miller and Fritz in their three and a half cylindered "What Is It" seemed to be picked as the winner before anyone heard the motor. Miller, at the wheel, dressed in a white duster and a football helmet, was decked out in the official manner set forth by this month's Vanity Fair for tourists in rough country. According to his statement, made to the reporter, which, however, he refused to authorize for publication, he said, "I am not taking any chances."

At last all were off, some to return

THATCHER AND GARBER CHOSEN AS MANAGERS

MUST REGISTER THIS SATURDAY

New Faculty Regulation Requires Filing of Intention To Return In Fall.

In conformity with a new regulation recently passed by the faculty of Washington and Lee, all men who are at present students of the University and expect to return next year must register by Saturday in order to secure preferred places on next year's list of applicants. Registration commenced yesterday, and a number of students have already declared their intention of returning to school next autumn. Everyone who intends to come back is urged to register at the earliest possible opportunity, for all men who fail to do so will lose their preferred place on next year's list, and will be compelled to take their chances among the new applicants. The rules regarding this spring registration are as follows:

1. Students in the School of Science will make out their registration blanks under the advice of some member of the faculty in the School of Science; similarly, commerce students will register with some member of the commerce faculty. Academic students will register with the committee on registration. Law students will report to Dean Moreland if they expect to return next session.

2. Students should bring to the committee, or to the professor under whom they register, a written list of courses and hours heretofore completed, with grades if possible; also a list of the courses taken this session and a list of the courses proposed for next session, made out with the advice of some member of the faculty.

3. The regular matriculation blanks will be used and will be made out in duplicate, one copy being given to the student and the other reserved for the purpose of filing. Students will not be required to go through the office of the President, the Dean, or the Registrar, until final matriculation in September.

4. The registration committee will be in session on the first floor of Newcomb Hall from 3 p. m. to 5 p. m. every afternoon during the rest of this week. Members of the faculty may be consulted at such other hours as may be arranged by the professors concerned.

5. Attention is called to certain changes in the schedules, to be effective in September. These schedules will be posted at some future date.

The Mississippi Aggies track aggregation carried off the laurels in the Annual Southern Conference track and field meet, which was held on Friday and Saturday, May 15 and 16, at Hardee Field, Sewanee, Tennessee. The A. & M. team annexed 29 points to capture first standing, being closely pressed by Louisiana State, which piled up 26 points during the meet. The Aggies' victory marked the third straight season they have been undefeated, and by capturing the meet they gained permanent possession of the trophy given by Georgia Tech to the school first annexing three victories.

A Good Record.

The seasons of two of Washington and Lee's major sport teams came to their official ends yesterday when the Athletic Council awarded monographs to the members of the varsity baseball and track teams. Both acquitted themselves well in their last engagements, the baseballers defeating the Navy, and four out of seven entries in the Southern Conference Track Meet succeeding in placing.

Even though these teams have been handicapped to a certain extent throughout the season, they have turned in a good record of wins and have striven hard to uphold the indomitable spirit of the two famous generals after whom our school is named. Neither group of sportsmen came through without a few defeats, but these were all hard fought battles and all went to show that our teams will always stay in with the best of 'em. Victories have been registered over the University of Virginia and V. P. I. in both branches of sport, and to Washington and Lee men these mean a successful season.

Coach "Dick" Smith and Coach Fletcher deserve much of the credit for the well rounded records established this season by their teams. To them and to all the members of the Varsity squads of baseball and track, we extend our heartiest congratulations for their success.

Lessons and books are not always very pleasant things, but at this season of the year we are compelled to take them rather seriously. Next week final examinations begin. It will then be our lot to either come out with a string of good marks, or trail along the nether end with some which are not very noteworthy. There are many who are looking to their sons at Washington and Lee for the achievement of success. These include parents, friends and the "brothers at the house." Let's romp right in and make them proud of our deeds in the coming ordeals.

THE COLLEGE WORLD

The student body of the University of Pennsylvania has voted to take one day off during the 1925 football season in order to celebrate the gridiron victories during the year. No classes will be attended and a general celebration will be held.

Ten per cent of the men at Indiana State Normal School at Terre Haute are married.

The Colorado Agricultural college has an "A" club to which only men students having a straight "A" average are admitted.

LARGE NUMBER ANSWER CALYX CALL

Twenty-five Candidates For Business Staff of Next Year's Annual.

A meeting of all the tryouts for the 1926 Calyx business staff was held at 7:30 last night. There were 25 men present to try out for the several positions which will be open on next year's staff. Francis Pentress, business manager of the 1926 Calyx, announced that the competition would be conducted strictly upon the point system and that the men who worked hardest would be the ones who would secure positions on the staff. During the summer the tryouts will be set to work securing new advertisements for the annual, each ad secured counting so much towards a place on the staff. The real work of the new men, however, will begin at the opening of the next session, at which time they will endeavor to obtain subscriptions for the Calyx. The successful tryouts will be announced sometime in the late fall.

PI DELTA EPSILON HOLDS ANNUAL FEAST

Journalistic Society Ends Year With Enjoyable Banquet Last Monday.

Pi Delta Epsilon held its bannal at Mrs. T. R. Young's at 7:30 Monday night. An appetizing menu was served.

Dr. T. J. Farrar served most successfully in the capacity of toastmaster. The first speaker of the evening was Mr. Arthur Prichard Moor, graduate of Oxford University, who gave a very interesting talk in which he compared journalism in America and England. He gave a very amusing description of an American football game from an Englishman's viewpoint.

Dr. Albert Levitt, who was the next speaker of the evening, gave a very enjoyable talk on "Journalism and the Law." In his talk he discussed journalism from the viewpoint of law, and made the point of his talk the freedom of the American press.

Following Dr. Levitt's address, W. G. Sale, Jr., president of P. D. E., swore in the new officers for the year of 1925-26.

Andrew Roy has composed a song to the tune of "College Friendship" about Pi Delta Epsilon, which he and J. D. Mayhew sang together.

SWEATER FUND SHOW IS FAILURE

Few Attend Athletic Association Benefit For Track Team Sweaters.

In spite of the fact that a good picture, a comedy and a Pathe News reel were provided at the Lyric on Saturday night, the proceeds of which went to buying the sweaters for the track team, the show was not at all well attended. A large crowd was expected, both on account of the picture and because the show was given for the sweater fund. On account of the small attendance the finances of the sweater fund were not materially improved. The Athletic Association wishes to urge the students to better attend the benefit shows, as the money obtained from this source is a great help in getting the sweaters for the teams.

Since the faculty of the University of Kentucky believe that cross word puzzles enlarge the vocabulary and increase the powers of observations, they have added cross word puzzles as a regular course in the school of engineering.

In the next go-round the Generals put the game on the ice by scoring another tally. McMillan started it off by being safe on Condra's error. Mike Palmer laid down a perfect sacrifice, and the doughty little catcher went to second on the play, Palmer going out, Dyer to Ellis. Seehorn hit a grounder down the first base line, and when the big first sacker of the Middies fumbled the pill, McMillan scored.

Maryland Game.

The Washington and Lee Generals lost a close game to the University of Maryland Old Liners' baseball team last Friday afternoon by the score of 3-1. "Duke" Perry, who worked for the Blue and White, allowed only three bingles, two of which were of the scratch variety. The game was played at College Park, and was the fourth game of the trip for the Big Blue team.

The Generals garnered five blows off Nihiser's delivery, Seehorn collecting three of them, but they were unable to make their hits count, and as a result only tallied one run.

and some to not. Mister X threw two tires and a lot of violent language. Baker, due to lack of experience, showed up poorly—we mean as to the racing.

The finish was more exciting than the start. If this statement is doubted, see the Justice of the Peace.

Ward in his "One Time Ate" was flagged for the remarkable time of 10 minutes and 1 second. He gets the Brown Derby, sold silver plated Loving Cup, donated by Kinholoe and Self, a pair of plus 4's donated by Luxemburg, and a pair of golf stockings given by Jacob Reed. Collins in his "Yellow Squirrel" finished second in 10 minutes and 14 seconds, while Miller in his "What Is It" finished third.

The entrants in order of placing are: 1, Ward, 10 minutes, 1 second; 2, Collins, 10 minutes, 14 seconds; 3, Miller and Simmons, tied, 10 minutes, 54 seconds; 4, Enders, 10 minutes, 58 seconds; 5, Baker, 11 minutes 40 seconds; Mister X, who finished sometime that evening.

Following the unsuccessful completion of the race the participating drivers and their mechanics were handed prizes amounting to \$13.61 each by Justice of the Peace McNeil.

There are about 3,000 pieces of mail distributed each day at the University of Oregon.

POLLACK, STUDENT HERE, INVENTOR OF NEW GAS METHOD

(Continued from Page One)

With the use of this new preparation the cost of ethyl gasoline will be reduced five or seven cents per gallon. Besides being more economical than the motor fuel now used, this new mixture is said to be fourteen per cent more efficient. The new preparation is put into the gasoline before it is put on the market, and in the filling stations. At the present time there are several companies in touch with Pollack, bidding for the right to use his invention.

In addition to the invention of this new ethyl gas and in conjunction with the work on colloids in the biological and chemical laboratories, Pollack has also invented an ultra microscope. The ultra microscope in itself is not a new idea, but is a combination of ideas and plans which have previously been formulated. This new scope is expected to reduce the cost of these hitherto very expensive glasses. Pollack's ultra-scope has already attracted much attention from several commercial lens companies.

ants to the meet, but only four of this number placed in the events, Howard, Lewis, and Rushton failing to place in the contest. Washington and Lee scored 8 1-3 points, grabbing one second place, one third, and three and one-third fourth positions.

The University of North Carolina annexed third place in the meet, piling up 21 points, being closely pushed by Vanderbilt, the Commodores tallying 19 1-2 points. V. M. I. scored 17; Auburn, 10; Kentucky, 10; Washington and Lee, 8 1-3; Clemson, 6; Alabama, 5; Georgia Tech, 5; University of South (Sewanee), 3; V. P. I., 2; and University of Mississippi, 1. Rushton qualified for the finals in

the half-mile preliminary jog on Friday. Lewis failed to qualify in the preliminaries in the broad jump, falling short by 2 inches. He was outclassed in the shot put, discus, and javelin events, failing to qualify.

Davis qualified in the hurdles, both high and low, on Saturday, and annexed fourth places in these events during the finals. Norman pole vaulted 11 feet, 8 inches to grab fourth place in this event. He also placed second in the high jump, getting safely over the bar at 5 feet 10 inches. Lowry annexed third place in this event, jumping one inch less than Norman. Biddle, W. & L., Crane, University of Mississippi, and Marquis, Auburn, tied for fourth place in the high jump.

Lane Howard, premier long distance runner of the Blue and White, failed to place in the two-mile jog. Smith, Alabama, ran a pretty race to come in first, his time being 10 minutes and 2 7-10 seconds. Purser, North Carolina, finished second; Roberts, Georgia Tech, placed third; and Van Order, Vanderbilt, grabbed fourth place. Howard, being sick and out of condition, ran the poorest race of his cinder path career, and came in fifth.
