Eight Frat Nines Have Played Games On Wilson Field—Pitching Talent and Ragged Fielding Are Often Seen.

PHI PSIS RECENT VICTORS

P. K. A. Defeats Arcades—Kappa Alpha Wins From S. P. E.—Phi Gams Hit Betas Hard and Often.

Fraternity baseball swung into action this week with a pair of tilts scheduled each afternoon for Wilson field. Phi Gamma Delta and Kappa Alpha came out victorious in Thursday's contests; Pi Kappa Alpha and Phi Kappa Psi edged out their opponents in yesterday's games.

The Phi Kappa Psi baseball aggregation was able to nose out a 2 to 1 victory over the Lambda Chi Alpha nine yesterday afternoon in what proved to be one of the fastest and most hotly contested games of the Interfraternity series. The fracas proved to be a pitchers' battle from start to finish with Greer of the Lambda Chi team allowing only two hits while only one hit was garnered from Mann and White of the Phi Psi nine.

The Phi Kappa Psi ball tossers scored in the third melee on an error and again in the fifth via the same route. Lambda Chi Alpha's one tally came as result of a walk with the bases full. White was rushed to the mound and succeeded in stemming the rally in the sixth.

P. K. A. TAKES ONE

Pitching an airtight game throughout seven hotly contested innings, Burks, twirling for Pi Kappa Alpha, succeeded in defeating the Arcades Club 6 to 2. The entire fracas was featured by the pitching of Osterman and Burks, with both teams playing close ball and taking advantage of the various breaks. The Pi Kappa Alpha team started scoring in the second inning and gained sufficient lead in the third and fourth to win the melee.

Horine, for the Arcades Club led the entire field in hitting, being able to garner a triple, a double, and a single out of four trips to the plate. The Arcades' nine rallied in the fifth to cross the plate twice, but were quickly stemmed and were never able to threaten the lead gained by the Pi Kappa Alphas in the opening innings.

KAPPA ALPHA WINS

Kappa Alpha and Phi Gamms won games Thursday in the interfraternity series.

In the first contest after the terrific hitting of the Kappa Alpha sluggers had piled up a comfortable lead, Jim Paxton pitched consistently and held the Sigma Phi Epsilon team to three runs, winning 12-3. Rauber led the victors at bat.

Batteries: Kappa Alpha, Paxton and Johnson; S. P. E.: Gee and Jones.

FROSH CLOSE SEASON BY WINNING LAST GAME ON SCHEDULE

Little Generals Win One Out of Nine For Season's Record.

Washington and Lee's freshman baseball team completed its schedule of nine games by winning the last of three games on the northern trip. Shenandoah Valley Academy was defeated by a 19-15 score Saturday at Winchester, after games had been lost to Randolph-Macon Academy at Front Royal on Thursday, and to Massanutten Academy Friday.

Hitting prevailed in the S. V. A. game, the Little Generals collecting twenty to their opponents' 16. The contest was hard fought throughout and the lead changed hands several times. Hearne and Hickman led the freshmen at bat with four hits apiece. Rainer and Edwards shared the mound work with Cooper catching.

At Front Royal, R. M. A., set the yearlings down 13-5 when Rainer, Edwards, Taylor, and Cooper failed to hold the cadet batters in check. The result was the same against Massanutten. An early lead of four runs was lost when wildness forced Edwards to give way to Cooper who in turn was relieved by Rainer. The Cadets won, 15-6.

Hickman, Hearne, and Lowdon led the hitting on the trip, while Smith and Newberry played well afield. Rainer pitched in every game played by the frosh.

SEVEN SPRINTERS ENTER MEET AT CHAPEL HILL

Captain Davis and Milbank In Shape To Vie For Southern Conference Honors.

Seven representatives of the Washington and Lee track team left Thursday for Chapel Hill, North Carolina where they will compete in the Southern Conference track meet held under the auspices of the University of North Carolina.

The men who left are: Reardon, Lowry, Gordon, Captain "Bill" Davis, Milbank, Coleman, and Wilson. Coach Fletcher did not accompany the men on their trip to North Carolina.

The tendon which Captain Davis strained in his leg during the meet with North Carolina State has healed completely, and it is expected that he will be in excellent shape to uphold his records in both the high and low hurdles. Milbank, of the century running fame, is also in excellent shape and Coach Fletcher is hopeful that he will be able to uphold his honors in the 220 and hundred yard dashes.

Coach Fletcher expects several of his men to win in the preliminaries and to enter the finals with good records.

Fordham Takes Over Blue and White 6-3

New Yorkers Secure Ten Hits To Five For Visitors In Thursday's Game.

BOTH TALLY IN FIRST

Generals Annex Two Runs In Second—Maroons Manage To Keep In Fore.

Fordham downed the Generals in their game in the big city, Thursday, by the score of 6 to 3. The Blue and White team secured only five hits to double that number for the Maroons. Palmer got a triple and a single, Seehorn a triple, and Jones and Stearns each a single.

Ragged support paved the way for Fordham's victory. The Generals secured a run in the first inning that the Maroons matched in their half. In the second frame the southerners registered two runs, only to be bettered by one when the Maroons came to bat in their half. From then on the Generals failed to tally while the victors added to their score in the fourth and the sixth.

Due to continuous rainy weather the game between Washington and Lee and Seton Hall, scheduled for yesterday afternoon, was cancelled.

COMPLETE PLANS FOR ALUMNI DAY

Prospect Is For Great Number of Alumni To Return.

As Finals is fast approaching, plans for the alumni have been completed and a comprehensive program has been arranged for their benefit. Mr. Verbon Kemp, alumni secretary, stated that the number of alumni returning this year will probably be one of the largest in the history of Washington and Lee.

One whole day has been set aside as Alumni Day and four classes will have reunions. The following is a list of the activities planned for this day.

Monday, June 7th:
Meeting of all alumni at the Library, 9:30.
Procession to Lee's chapel, 11:15.
Unveiling of Wm. McC. Morrison Tablet, 11:30, presided over by Gov. Wm. A. McCorkle, '73.

"MINK" FINANCIAL SUCCESS PRACTICALLY ASSURED

Subscription Campaign Launched By Host of Solicitors.

The subscription campaign of the "Mink" was launched last night, and although as yet no results have been made public it is apparent from the expression on Manager Bryant's face this morning that the financial success of the re-established publication is practically assured.

The dormitories and fraternity houses were worked last night. An effort will be made to see each member of the student body personally during the remainder of the campaign, which will continue throughout this week, and the manager especially urges everyone to subscribe when seen, thereby doing away with the necessity of seeing everyone twice.

Maben Pitches Well For Nine Innings But Is Relieved In Last Frame By Folliard.

"Snake" Maben pitched the Generals to a win over the Navy Goats Wednesday in an extra inning game, by the score of 5 to 4. The game was mainly a pitcher's battle with the Generals making many errors that accounted for most of the Navy's runs, each team collecting 6 hits. Maben held the Middies to six hits, but was relieved in the last inning by Folliard. With the score tied in the first of the tenth Tommy Seehorn smashed out a drive and was succeeded by Spotts with a long drive to left field, scoring two runs. The Navy rallied in their half of the frame with a double, a walk and two errors, but Folliard struck out the last man before the Middies succeeded in scoring more than one run.

Johnson and Stearns starred at the bat for the Generals, the former

Louis E. Van Norman Addresses Commerce School On Situation In Southeastern Europe.

Louis E. Van Norman, noted authority on European trade conditions, and former editor of "The Nation's Business," addressed the students of the Commerce school Monday in the chapel on "The General Situation in Southeastern Europe."

He gave a general description of the economic and political situation in the new European countries and their difficulties in reorganization and reconstruction after the World War. Roumania was cited by him as an example of what has been done along this line. He declared that the chief reasons for Rumania's tardiness in getting back on its feet were the diversity of people and customs in the country, and a lack of unity and co-operation on all sides.

NETMEN CLOSE HOME SEASON WITH WIN

The season will close May 20 at Blacksburg where the Generals are to face V. P. I. To date, the local netmen have won two matches and lost four.

Records Dating Back to 1749 Are Contained in New Alumni Directory

The first issue of the Alumni Directory was received today by Mr. Verbon Kemp, alumni secretary. This is the first complete directory in the history of Washington and Lee and the third catalog of the University. Its records date back to 1749 and represent all the activities of the school till the present day.

The directory will be of particular benefit to fraternities, containing as it does, authoritative information concerning alumni. Every fraternity will be given an opportunity to secure a copy.

The directory is bound in cloth, has 22 full-page illustrations, and has the names of ten thousand former Washington and Lee students, from those of 1749 to the applicants for degrees, 1926. There is a list of all varsity teams and crews and lettermen, as well as a list of all scholarship and other honorary awards. A history of the Calyx, Ring-tum Phi and campus organizations is included also.

The directories will be on sale Monday at the Alumni office and at Boley's Book Store.

Getting Started.

With the meeting of the prospective members of the Mink staff held Thursday night, the Washington and Lee humorous magazine received its initial impetus. At that time an intensive campaign for subscriptions from the student body was started by Manager Bryant and his corps of assistants. Thus far this campaign has been successful to a certain degree, but much yet remains to be done in the way of subscriptions.

Needless to say upon the size of the subscription list depends to a large extent the success or failure of an enterprise like the Mink. Especially is this true when a magazine is just getting on its feet. With many subscriptions, paid up one hundred per cent, the managers will be able to carry out all their plans and put out a Mink equal to that of former years.

Of course every member of the student body wants to see this new enterprise succeed. It will do so with the financial backing of each student to the extent of two dollars apiece. Do your part, then, when asked to take the Mink for next year!

A Campus Tax.

Now when the Mink managers are seeking subscribers to that humorous publication, overflowing with spicy bits of quaint, queer, clean and courteous humor, the question of a campus tax to cover all publications, Finals and other drives during the year, comes up.

Such a tax to the extent of about \$15.00 paid by each member of the student body along with his tuition, would solve in the simplest way the great problem which campus managers and president of Finals have confronting them. All three publications and Finals could then be subscribed to by every student without much of a dent on the parental pocketbook. All drives for subscriptions would be eliminated. And above all the causes deriving benefit from such a plan would be placed on the firmest possible footing.

At once the objection comes up from some source or other, that the tuition of Washington and Lee has been raised this year to \$235.00 per session. Some may think that a bit high, but when compared to the charges made by the big Eastern universities, it is very reasonable. A tax of \$15.00 would only make a total of \$250.00 for the unsuspecting student to pay to receive the manifold advantages and blessings of a nine months' stay within confines of Lexington. A very small sum to pay for so many benefits, is the consensus of opinion regarding this. Harvard, Princeton, Cornell, Boston Tech and many other schools of the better class charge \$300 tuition. Why then should not Washington and Lee charge a little more than formerly and give its students some real benefit from the extra charge?

Students are bound to fuss about tuition being too high, no matter what its figure. Then we predict that there would be far less fussing by having the tuition raised again by a small sum and receiving some really direct benefit from it, than by having it raised \$25.00 as this year without receiving anything extra with the addition.

The front of Washington College is beginning to present a much better appearance with some new paint on the columns and woodwork. There is one disadvantage to brightening the building up so much—visitors to the campus will not be able to tell at a glance that it is one hundred years old.

Only a week remains before examinations. Therefore only one more week for the student body to loaf before beginning the second spasm of work of the year.

President's Paragraph

No. 47. 1925-26.

A very wise thought from a wise thinker. Memorize and digest it.

"Men cannot live without the help of their animal impulses and desires, but these inborn traits are imperfectly adapted to civilized life, and will bring ruin unless thoroughly controlled and guided by intelligence and moral purpose. Much of the present revolt from 'puritan restraint' is but a return to animalism.

Modern science, art, and business have learned in many ways to deceive the senses or to excessively stimulate these primitive impulses.
