

BIG BLUE TEAM DOWNS HOPKINS IN CLOSE GAME

Two Passes in Last Period Place Ball on Doctors' One Foot Line--Mattox Scores Only Touchdown of the Game

HOPKINS THREATENS TO SCORE UNTIL THE END

By unleashing an aerial attack in the last quarter, the Generals were able to defeat the strong Johns Hopkins eleven by the score of 7 to 0 in the concluding game of the season, in Baltimore Thanksgiving afternoon. Ankle-deep mud covered the field and accurate football under the prevalent weather conditions was an utter impossibility. Fumbles, then, were frequent and the action necessarily slow.

The two teams waded up and down the gridiron for three quarters with neither gaining any decided advantage, although both came within striking distance of goal several times only to find a stiffened defense that was impenetrable.

But in the final period, Eddie Cameron broke through and fell on Calkins' blocked punt on the Hopkins' 41 yard line. "Monk" Mattox then stepped back and heaved a beautiful 18 yard pass to Captain Lindsey Moore. Cameron placed the ball on the 18 yard line with a 5 yard smash through the Black and Blue line. Mattox then sent a perfect pass to Tom Bemis who was downed when the oval was within one foot of a touchdown. On the very next play, however, Mattox again stepped into the limelight by an irresistible plunge across the goal line. Bob Potts added the seventh point. The Marylanders fought desperately in the closing minutes of play and succeeded in bringing the ball to the Washington and Lee 15 yard line, largely through a long forward pass to and run by Wilson. On the next play Wingo intercepted a forward pass as the final whistle blew.

Starring for W. and L. were Mattox, Potts, Cameron, Bemis, and Captain Moore, who fittingly closed his remarkably successful football career by leading his men to and personally conspicuously figuring in a hard-earned victory. For the fighting Baltimoreans, champions of Maryland, Calkins, Merckell, Bonner, and Wilson scintillated.

FROSH DEFEATED BY BLACKSTONE

Cadets' Goal Line Is Never In Danger; Salmon, Cummings and Taliaferro Star.

The Freshmen were defeated by the heavy team of Blackstone Military Academy by the score of 20 to 0 on the latter's field Thursday. The Cadets scored their three counters in the first half, the Freshmen holding them scoreless in the second half, although unable to tally.

The first touchdown came early in the game after the Cadets had recovered a fumble on the 30 yard line. The other two came in the second quarter as the result of steady marches down the field. Bixby played best for the Cadets, while Salmon, Taliaferro and Cummings starred for the Freshmen.

After defeating the "Little Generals," Blackstone has a good claim on the state championship. The Freshmen met in Blackstone the heaviest team they have encountered this season and in spite of this defeat they have completed a good season.

THE BAND

Will practice Wednesday night at 7:15 in the Troubadour Room instead of Tuesday night. Work will be started on the concert and every member is expected to be present.

NEW DANCE PLAN NOW IN EFFECT

Students Sign Agreement To Enforce Prohibition On All Attending.

The resolutions drafted some time ago by the presidents of the classes and heads of the leading social organizations on the campus have been approved by members of the Student Body and the new plan is now in operation. There was no open opposition to the proposed method of student control for better dances, and little difficulty was experienced in securing ratification. For the benefit of alumni and others interested in affairs at W. & L. the resolutions are printed below:

Student Body Resolution.

WHEREAS: We, members of the Student Body of Washington and Lee University, have come to the realization that the character of our dances has been such as to draw criticism sufficiently severe to tend to injure the good name of the institution; and

WHEREAS: We appreciate that, although the facts have been grossly exaggerated, the criticism is not utterly without foundation; and

WHEREAS: We feel that the reputation of our dances of recent sessions has not been truly representative of the character and gentlemanly instincts of the Student Body participating therein; and

WHEREAS: We believe this to be

FACULTY VESTS DANCE CONTROL

Voices Approval of Students' Plan and Turns Over Discipline.

The spirit of the Faculty toward self government by the Student Body in all phases of campus activities is manifested in a set of resolutions which they have recently passed. These resolutions show a decided democratic spirit and in formal terms turn over all responsibility and administration of all dances to a body selected by the students. The official resolutions as passed is as follows:

Faculty Resolutions.

"The Faculty has considered with much interest the agreement and plan adopted by the Student Body for the purpose of eliminating drinking and other objectionable conduct from the dances at Washington and Lee.

"The Faculty desires to express its approval of this agreement and plan, and hereby vests in the Student Body and its duly appointed representatives' entire responsibility and control in conducting the dances, including the administration of such disciplinary measures as may perchance be necessary under the plan, so long as the dances are conducted in accordance with this plan in a bona fide manner.

"The Faculty furthermore takes this opportunity to voice its appreciation of the spirit which prompted this action on the part of the Student Body and to express the belief that this method of conducting the dances will meet with the commendation and support of all well wishers of the institution."

W. & L. HARRIERS RACE TO S. A. CHAMPIONSHIP

University of Virginia Takes Second Place--Generals Stand on Top in Cross Country Record--Race Begun in Driving Rain

FALL GAIETIES BEGIN MONDAY

Elaborate Preparations Made By Class of '24; Various Committees Formed.

The annual Thanksgiving festivities will be ushered in next Monday night with the Sophomore Cotillion and will come to a close in the wee small hours Wednesday morning when the Cotillion Club dance breaks up. On Tuesday afternoon the Troubadours will offer their new presentation at the Lyric Theatre to be followed by a dansant.

Unless the well laid plans of W. Sidney Foreman go very much astray the Sophomore Cotillion on November 28 promises to be one of the most beautiful and enjoyable dances of the entire school year. Elaborate preparations are being made by the class of twenty-four to make this night of their initial bow to society, a night of nights and one which even the "international prom-trotters" will not soon forget.

The figure is to be very short and will be led by W. Sidney Foreman with Miss Nina Quarles, of Roanoke, Va. Assisting Mr. Foreman in the figure will be George Wilson, Henry Clay, and Irwin Stolz. Mr. A. B. Carruthers, chairman of the decorating committee, announces that there is some uncertainty as to whether the decorations will arrive in sufficient time for the occasion, but he hopes to have the gymnasium well camou-

BOOTH, HOPKINS, PLACES 1ST; SMITH, W. & L., 2ND

By winning the South Atlantic cross country championship at the annual meet staged in Baltimore Thursday, the Washington and Lee harriers thereby finished one of the most successful seasons in the history of the sport at this institution. Virginia placed second in the meet Hopkins third and Maryland fourth.

Booth of Hopkins led the field all the way, but was closely pushed by Smith of W. and L., who finished a good second. Crook for Maryland came in third, and Bohannon of Virginia closely following him, finished two seconds later. V. M. I. and V. P. I., the other two members of the Association, failed to enter teams.

The race was run over a five mile course bounding the entire Hopkins campus. Begun in a driving rain, the elements did their best to make the running the worst probably ever witnessed in the sectional encounter. The harriers of the four schools were greatly handicapped because of the bad condition of the course, and the distance of a trifle over five miles was made in remarkably fast time, but the race was an exhausting one, which told upon every member of the various teams.

By winning Thursday's run, the Generals stand on top in the South Atlantic events, having won four of the seven years in which the meets have been held. Every Washington and Lee entrant ran a pretty race, and too much credit cannot be given the team for its brilliant performance, especially with Captain Garard forced out by order of physicians. Having placed second in the meet last year, he was expected to land first in the event Thursday, had he been able to compete. Acting Captain Smith, however, filled Garard's place in a most capable manner, and led the team in every meet of the season, winning two firsts and one second.

The order in which the other W. and L. entrants finished was as follows: Howard 6, Swope 9, Heiskell 12, Pass 14, and Ganaway 19.

TRACK CAPTAIN FORCED OUT BY HEART MURMUR

Cinder Star Forbidden To Continue Distance Running.

"I would give my eye teeth to be in the race at Baltimore," said Captain Garard of the track team in an interview just before Thanksgiving, "but I guess I'm through with distance running." Both Dr. Glasgow, the University Physician, and Dr. White have forbidden Garard to resume track work, and have ordered Coach Fletcher to strike his name from the list on account of a distinct heart murmur, caused by over exertion.

Garard, it will be remembered, was forced out of the race with V. P. I. because of cramps due to displace-

"Ain't We Got Fun!"—Monday and Tuesday?

A fair number of students met the 6:45 train last night, but some were so disgruntled by the failure of the team to appear that they did not return at 9:10. A band of the faithful was there, nevertheless, and conscientious pep was in evidence, numbers alone being absent. Better preparation and more advertising would eliminate some of the difficulties.

It is an inescapable fact that genuine, spontaneous spirit is lacking. Do you ever wonder what is at the bottom of this?

A CHEERING OUTLOOK

The recent successful action of the Student Body in adopting a definite plan for proper regulation of all dances held in Doremus Gymnasium, and the vesting by the Faculty of the necessary powers in the Student Body's duly elected representatives paves the way for unlimited expansion of the functions of the latter as a self-governing body.

The new spirit of confidence and mutual respect developed between the members of the Faculty committee and the student heads of the movement has been unknown for many years. If the system operates as planned, the results can be summed up in a few words: This marks the beginning of the end of paternalistic Faculty rule and a corresponding disappearance of a suspicion-fed student attitude.

The Faculty has long sought, by the best methods accessible to them, to control the dances and to discipline those who seemed to merit such. Naturally, with the inadequate means of observation in their power, and the co-operative resistance of those opposed to them, some injustices were undoubtedly imposed. This occasioned murmurs of tyranny and grumbings of inequality among the students, but none were possessed of initiative or regard for the common good in quantity sufficient to remedy the situation by establishing student control.

The root of the whole attitude ex-

isting for so long between the Student Body and Faculty, to the consequent detriment of the University, has been solely one of misunderstood motives.

This is rapidly passing into oblivion along with the growth in broadmindedness in all quarters. We rejoice that we have seen two serious groups of men, faculty members and students, with a spirit unsurpassed and a frankness that makes for understanding, meet together and discuss the concern of the University.

The remainder is in the hands of the students. They now have all necessary authority, and no man will be dismissed from college for the ordinary offenses taking place at the dances, unless he is expelled by his own fellows! All violations must be reported to the student committee. Whether the plan will mean the opening of a bright vista of progress or whether it will terminate by a falling back into the old narrow-minded and inefficient channel of opinion, is left for determination to the student committee. Factional, fraternal, friendly or personal motives intervening would mean that they are not equal to the responsibility they are honored with.

The Student Body can aid by co-operation, but we must look for the advancement of this important student undertaking to none other than the time honored "sniffing committee" under student direction. It depends almost entirely upon impartial enforcement by this committee. This committee's duties are to the Student Body.

After making the cross country team in 1919 on a late call for candidates, he soon showed first class racing form, winning the two mile event at Washington in the South Atlantic Meet last year and also in dual meets with Richmond University, Maryland, and V. Although he will not run again, he expects to be with the squad each day and aid directly as much as possible in turning out a winning track team.
