VOL. XXV | WASHINGTON AND LEE UNIVERSITY, WEDNESDAY, APRIL 5, 1922 | No. 45

BOAT CLUBS ISSUE CALL FOR OARSMEN

Crews Appear To Be About Even In Number of Members and Letter Men.

FIRST WORKOUT TUESDAY

Necessary Funds Granted By Athletic Council; Will Meet Va. Boat Club At Richmond.

At a meeting last Friday the Athletic Council definitely decided that intra-collegiate rowing should be continued as a sport at Washington and Lee and voted a sum of money for the purchase of equipment. It was because of the uncertainty that the funds would be forthcoming that there has been a delay in calling out candidates for crew.

The first workout was held yesterday afternoon. Two new sets of oars have been purchased as well as outriggers, shoes, and other essentials. The physical examinations were held today by Coach Fletcher, there being necessary for all crew aspirants.

The possibility of making rowing an intercollegiate sport at Washington and Lee is lessened somewhat because of the fact that few southern schools include it in their list of sports. Tulane, one of the few which maintains a first rate crew, has been endeavoring for some time to arrange a meet with the Generals, has failed because the Louisianians row on a straight course and do not use a coxswain while the two bends in the North River course make a coxswain a necessity here. A tentative agreement has been made, however, with the Virginia Boat Club of Richmond, Virginia, for a meet in Richmond on May 22 and the arranging of other races has been put in the hands of "Dick" Smith, graduate manager of athletics.

The two Boat Clubs appear to be of about equal strength this year,

(Continued on Page Four)

MONOGRAMS AWARDED FOR MINOR SPORT TEAMS

Seven Freshmen Receive Numerals For Their Work On the First Year Team.

At the last meeting of the Athletic Council minor sport monograms were awarded to the wrestling nad boxing team as well as to men setting new records in the swimming meet. Class numerals were awarded the members of the Freshman basketball team.

The following men received monograms:

Boxing—B. F. Thompson, M. Ottenburg, H. H. Hock, M. W. Hamilton, W. E. Tilson, C. E. Burke.

Wrestling—T. J. Ellis, Jr., N. Gotten, G. L. Cothran, F. A. Sutherland (Mgr.), P. Hatcher, R. P. Asbury (Capt.), R. C. Potts.

Freshman Basketball—A. J. Cummings (Capt.), E. O. Henderson, F. Salmon, E. B. Harris, Bolling, C. L. Gaines, H. F. McMillan.

New Swimming records and monogram men—Plunge, 60 feet, 24 2-5 second, by C. L. Walters; 50-yard crawl, 25 3-5 seconds, by J. E. Humphreys; 50-yard back stroke, 36 seconds, by J. B. Greiner, Jr.; 50-yard breast stroke, 38 seconds, by C. L. Walters, F. M. Cole; 100-yard dash, 64 1-5 seconds, by J. E. Humphreys; 220-yard dash, 3 minutes, 9 3-5 seconds, by E. L. Oast, W. L. Ward, Jr., R. D. Smith, manager.

NEW MEN SHOW UP FOR TRACK

Results of Time Trials Held This Week Prophesy Good Team.

After being hampered for several weeks by rainy weather the track aspirants are taking full advantage of the few remaining days to get into shape for the meet on Saturday, at Charlottesville, with the University of Virginia.

The team as a whole is showing up very well, when the drawbacks of the bad weather are taken into account. A large number of men are out for track this year and a great deal of rivalry is being shown for positions on the team that will meet Virginia on Saturday. All the time trials have not been run off as yet, but from those that have been run it would appear that the following men are lining up in the positions named:

100-yard dash, Thomas, Garber, and Rhodes; 220-yard dash, Thomas, Garber, and McCartney; 440-yard dash, Williams, Child, and T. M. Simmons; 880-yard dash, Humphreys, Seehon, and Heiskell; mile run, Smith, Humpreys, and Hellier; two-mile run, Guerrant, Howard, and Swope; high hurdles, Stolz, Simmons, and Roy; low hurdles, Rhodes, Stolz, and Simmons; pole vault, Kurtz, Ward, and McKnight; high jump, Ward, Fulk, and McKnight; broad jump, Ward, Lewis, annd Rhodes; shot put, Rhodes, Lewis, and Ward; discus, Lewis, Ward, and Carlson; javelin, Fulk, Hall, and Riggs.

VIRGINIA TO HAVE STRONG TRACK TEAM

Wealth of Material In Letter Men and New Men; Weak In the Hurdles.

Charlottesville, Va., April 4.—After two weeks of intensive training the Virginia track team will be in good condition when they meet Washington and Lee Saturday and should stand an even chance to win, although the Generals will present a strong outfit.

Captain Chamberlain is going well over six feet in the high-jump while Zundel is attaining creditable heights in the pole vault. Davis is a sure point-winner in the field events and will probably compete in the Penn pentathalon later on. In addition to these mainstays several other field event men are rapidly developing into capable understudies for the veteran members of the team.

Ben Baker is showing his last season's speed and should pace the quarter in even faster time this year. He is performing well in the broad jump and is always able to fill in in the shorter sprints as well. Swinford and Walker have attained mid-season form and are negotiating the dashes in winning style. Bohannon may be relied upon in the half mile event and may be used in the 440 also.

In the distances, Al Shands, Green and Goward are making good time and should be ready to meet all comers by the end of the week.

Dick Baker and Schenck are going fast in the hurdles and should attain mid-season form before long. Coach Lannigan refuses to make any prophecies concerning the outcome of Saturday's meet, but campus talk places the odds at about fifty-fifty.

PAUL WHITEMAN TO PLAY FOR DANCES

Announcement that the famous Paul Whiteman dance orchestra will furnish the music for the Easter dances has created no little stir among the members of the Student Body and the announcement is received with no small satisfaction.

Negotiations have been carried on for some time by Max Barker, president of the Cotillion Club, with a view to obtaining some such orchestra of national repute and the success of his efforts are much appreciated by the Student Body. With such music the success of the Easter dances are assured since the fact Whiteman will play will in itself serve to draw a large number of alumni here for the festivities on April 17 and 18.

LOCALS TO INVADE BLACKSBURG FRIDAY

Generals To Attempt To Avenge Double Defeat By Gobblers of Last Year.

HAVE PLAYED TWO GAMES

Virginia Tech Reputed To Have Team of Heavy Hitters To Send Against White and Blue Team.

For the third game of the season the Generals will invade the camp of their ancient and hereditary rivals, Virginia Tech, and will stage the first of the two tilts with V. P. I. scheduled for this season.

In regard to experience the two rivals will face each other with the same number of games played, both having two games on the records. V. P. I. opened her season propitiously Monday with a defeat of Marshall College, 10 to 5, followed by a second game with the same team yesterday. The loose playing that al-

(Continued on Page Four)

FROSH BASEBALL PROSPECTS GOOD

Have Strong Pitching Staff; Several Trips On Schedule.

With a good pitching staff, a good infield and a number of outfielders from which to choose, the prospects of the Freshman team seem bright.

"Bo" McMillan, manager of the team, is showing up well as a catcher, but is being pushed hard by "Tex" Tilson and "Chick." Henderson. "Buddy" Aylmer is holding down the first sack like an old timer. Hawkins at second, Franklin at short, and Brown at third seem capable grabbing a berth on the team. Other infielders showing up well are: Slack, Graves, Bishop, Draper, and Goodrich. Not much can be said about the outer gardeners at present, but those showing up best are: Mauzy, Cummins, Lake, Beard, Bennett, and Comages. There is an unusually good pitching staff in Lackey, Woolwine, and Klein.

The team, as a whole, is good at fielding, fair at batting, and unusually strong in base-running.

The schedule to date is as follows:

April 8—S. M. A. at Staunton.

(Continued on Page Three)

PROFESSOR OF PHYSICS CHOSEN

Dr. B. A. Wootem of Auburn To Succeed Dr. Stephens In Physics Department.

Benjamin A. Wootem, head of the physics department of the Alabama Polytechnic Institute, has been elected to be head of the physics department of Washington and Lee University to take charge next fall in place of Dr. W. L. Stephens, who is retiring after having been at the head of the physics department of Washington and Lee University since 1898.

Dr. Wootem is a B. S. of Alabama Polytechnic Institute, and Ph. D. of Columbia University, where, during his graduate course, he won for three years the Tyndall Fellowship, the highest honor in the scientific department. He has also been for some years lecturer of physics in the summer school of the University of New York.

Dr. Wootem is thirty-three years of age, married, and has two children. He is rated as the most popular and successful professor at Auburn, was distinguished at Columbia for his brilliant research work, and comes to Washington and Lee with the fixed purpose of devoting his life to its development and welfare.

Dr. Stephens, full of honors, retires on a life annuity granted him by the Carnegie Foundation in Recognition of his scholarship and professional career.

PROOFS OF CALYX ARE UP TO STANDARD

Group Pictures Are Neat and Show Accuracy of Composition.

The Calyx is now in the hands of the printers, **in toto**, and aside from reading proof and checking up on the page arrangements, the editorial work is about finished.

Already a considerable amount of proof has been returned. The groups made up by the engravers are particularly good, showing a neatness and at the same time an accuracy of composition.

Those who have been permitted to see the material of the book are loud in affirming that it "is the best yet." They say that the idea of making the annual a real book of memories has been well carried out. Editor-in-Chief Bowyer affirms that his idea has been to create a book that will last, so that the year book will be a pleasure to its owner not only for the first few weeks after it comes out, but every times that he cares to take it from its shelf after he has left the college campus. If the book is to be a success, the old alumnus in looking over it should hear the old bell ringing again, the athlete should again feel that he is making an end run for a touchdown, while the lounge lizard should once again find himself in his element at W. and L.

The staff has been speeding up its work, and there seems to be no doubt that the 1922 Calyx will be out on time, about May 15.

After reading Shelley's "Stanzas Written in Dejection Near Naples," a student wanted to know how far it was from Dejection to Naples.—Technique.

S. C. TAKES LOOSE GAME FROM W. & L.

Two Bad Innings Allow Easy Victory For South Carolina.

ERRORS FEATURE GAME

Sandlappers Garner Five Hits and Seven Runs off McCallum; Lindburg Holds Hitless-Scoreless.

Piling up a seven-run lead in the first four innings, the strong South Carolina nine emerged from the second local contest of the season yesterday with a 7-5 victory over Washington and Lee. Six costly bobbles by the Generals spelled their defeat, since the Palmetto team secured but five safe blows during the contest, all of them, however, disastrously opportune, while the Rafterymen smacked eight clean ones. A glorious four-run rally in the seventh frenzied the stands but fell short.

It was a tough one to lose but there may be some consolation in the reflection that Peters, the effective Carolina hurler, recently pitched his mates to a 3-2 victory over Columbia of the South Atlantic League, striking out thirteen of the professional swatsmen. Again, yesterday's victors easily defeated Lynchburg College Monday, 10 to 5, after the Hilly City men had held Virginia to a bare 3-2 victory.

The twirling yesterday was mostly of air-tight variety and loose fielding was usually the contributory negligence resulting in the tallies. McCallum yielded but five hits during his 4-inning tenancy of the box and struck out six potential baserunners. Lindburg, who relieved him, finished the game without allowing a hit or run, whiffing five. This, by the way, gives him a record of having pitched eight innings without yielding a bingle or a score, since he hurled the last three stanzas of the Roanoke game without being nicked. Peters had excellent control and fanned six.

(Continued on Page Four)

TENNIS ASPIRANTS HELD FIRST WORK-OUT TODAY

Two Letter Men Back From Last Year; Prof. Williams To Coach Again.

The tennis team began to get in shape today. At the first call for candidates this afternoon, a much larger number are expected to report than in years past, and the prospects this year should be good. There are two of last year's monogram men on the squad, George Mason and "Toad" Snively. Prof. Williams will coach the team again this year and it will be managed by Herbert Elias.

The courts are in fine shape and the finishing touches were put on them yesterday afternoon. The four courts nearest the field house have been reserved for the exclusive use of the tennis team.

The team will have a good trip this year and it is probably because of the anticipation of this trip that so many candidates have reported. The itinerary has not been definitely decided upon yet. The team may go north, or it may enter a triagular meet between Georgia Tech, North Carolina, and Washington and Lee. The southern trip is the most probable selection, and if this is decided upon, the meet will be held May 4 and 5.

We are always glad to publish any communication that may be handed to us. We desire to call attention to the fact that unsigned correspondence will not be published.

THE HONEST EFFORT

The fact that practically no college in this country has over one-third the number of stellar athletes that it should have is due to two causes; one is that about fifty per cent of the students are too lazy to compete for places on the various teams, and the other is that about forty per cent conscientiously believe that they lack the ability to become successful candidates. A blessed thing it is for college athletics that there do exist some men who are willing to put forth enough effort to prove to themselves that the word "can't" does not rightfully exist.

Not long ago a man at V. P. I. who had previously stated his intentions of going out for baseball, was asked why he was not attending the first general practice of the season, and his reply was, "With that bunch of stars down on the field I have about as much chance as a snow-ball in the tropics." He was unconsciously complimentary of the other fellows and very uncomplimentary of himself. This status of "star" is one that is attained, not one that is born with a person, and the emphasis with which the word is linked with the names of athletes usually varies directly as the unadulterated effort put forth by the athletes.

The man who first said "No one knows what he can do until he tries" spoke a parable. In nine out of ten cases the candidate for any sort of team is surprised at learning what his real abilities are when he follows the coaches' instructions. One of our professors tells us of a sutdent in a small college who, after being urged time and again to try for some event at which he was only a novice, finally decided to go in training and show that he was born to be anything but an athlete. The tale goes that after one season of training, he proved that he was brought into this world to be nothing else but an athlete. This is an ideal case, we admit, but many close approaches to it may occur every year.

One of the most coveted things at college is an Athletic Monogram and it is safe to say that those men who are lucky enough to win them get about twice the enjoyment from college life as those fellows who stand idly by, and watch the team at work. How often it is that most students think that they would deny themselves of almost anything to be privileged to wear the letter of their Alma Mater! Then get to work, you inert seekers after honor, and make athletes of yourselves. Grit your teeth, and say to yourselves that if the other fellows can do a thing, so can you. If you fail to rise to prominence the first year, go out the next with twice the determination to succeed. Work, let the perspiration run, and lay off smokes and sweets for a while. Then if the honest effort does not get you a letter, it will at least get you sound bodies and good digestion, and if you don't think these things are better than any decoration this side of Jericho, ask the college physician; he will convince you.—Virginia Tech.

This attitude is true on our campus to a larger extent than is commonly realized, although more men are partaking in athletics this session than in many years. Freshmen, in particular, however, feel some reticence about competing with established "stars." As the above editorial remarks, these lights of superior scintillance are usually the result of hard and conscientious work rather than any predestined ability, granting that some men are, undoubtedly, born to lead in athletics. It has been repeatedly proved here, as at Tech, that persistence and careful training makes athletes of men with small signs of natural ability. No man should be daunted by the real or assumed handicaps against him.

The "honest effort" will win!

TECH HAS TENNIS CHAMPS

The Georgia Tech tennis team, which will compete with Washington and Lee and North Carolina in a triangular meet May 4 and 5, is rapidly getting into shape and gives promise of a hard fight to the team that bests it this season. There are two letter men back from last year and around these men the team will be built. Besides these men, who won the S. I. A. A. doubles last year, there are several others who also showed up exceptionally well in tournaments last year.—The Technique.

CANADIAN ATHLETICS SPARSE

If the proposed plans of Queen's University in withdrawing all of their athletic teams except football and hockey from intercollegiate competition are accepted by the Queen's athletic authorities, intercollegiate competition in Canada will be left to McGill and Toronto Universities altogether.—The McGill Daily.

FRESHMAN CLASS GIVES ANNUAL DEMONSTRATION

Last Vigilance Committee Meeting Held Last Night for More Obnoxious "Frosh."

The Sophomore Vigilance Committee has no more terrors for the men of '25, the frosh rules having been suspended at six o'clock Saturday evening. Celebrating their freedom and class rights the first year men labored unmolested Saturday night to leave a few records of their initial year on the campus. The presence of 25's on the walks, on the power house smoke stack, the salt figures on the grass of the campus, will be evidences for some time that the class is a spirited one. Not even George escaped the slap artists of the Freshmen, having received one of his annual costumes.

The demonstration came to conclusion with a raid on "Ikey's" practically the entire class entering the theatre and about a dozen coming out. Thus another traditional "Freshman night" became a matter of ancient history at W. and L.

The final meeting of the "V. C." was held last night as a last gentle reminder to those Freshmen who had proven themselves rather hard nuts for the local "assimilating machine" to crack during the past two terms. All rules pertaining to the Freshman class have been revoked with the exception of the rule that forbids them to go without a hat of some description until Finals.

NEW OFFICERS OF "Y" TAKE UP DUTIES MAY 1

Cabinet Not Yet Entirely Picked For Coming Year; Alexander To Be Presdient.

At a meeting of the active members of the local student Y. M. C. A. held just before exams the officers of the association were elected for the year beginning May 1.

The men elected were picked from a list nominated by a special committee selected for that purpose early in March. Upon consideration of records of several years of efficient work the following men were finally elected: President, Garland Alexander; vice-president, George C. Mason; secretary, J. B. Holloway; treasurer, O. W. Howe.

Though active duties will not be taken up until the first of May the new president has already been at work selecting the various committee chairmen which will compose the cabinet during the coming year. The entire cabinet has not yet been chosen.

The newly elected officers and the secretary will go to Blacksburg for Friday, Saturday, and Sunday to attend a state-wide conference of the officers of the various student Y. M. C. A. organizations.

U .VA. BASEBALL LOOKS GOOD

Among the most promising candidates for Virginia's 1922 baseball team are eight letter men from last season, including Dunn, Harrison, Parrish, Carrington, Sexton, Watkins, Tavenner and Mahood. The 1921 First Year nine also furnishes a likely group. A shortage of pitching material promises to be the team's most sreious weakness. Harrison, Holland, and Maphis will be the stand-bys in this department. Both the outfield and infield are being filled with good men, most of them having had previous experience. —College Topics.

FROSH BASEBALL PROSPECTS GOOD

(Continued from Page One)

April 14—Bridgewater College at Bridgewater, Va.

April 15—D. C. I. at Dayton, Va.

May 12—Virginia Episcopal School at Lynchburg, Va.

OFFICERS INSTALLED BY WASHINGTON SOCIETY

Intercollegiate Debaters Received Thanks of Washingtonians.

At the last meeting of the Washington Literary Society the following newly elected officers were installed: President, O. W. Bowyer; vice-president, J. N. Thomas; secretary, A. A. Charles; treasurer, G. S. Sproggins; critic, E. W. Poindexter; censor, Ralph Mesenter; **Ring-tum Phi** reported, H. B. Yeatts.

The new officers all gave short talks. A vote of thanks was extended to Messrs. Poindexter, Ragedale, Thomas, Glickstein, and Lindsay for the manner in which they upheld the record of this society in recent intercollegiate debates. The Public Celebration will be held April 15. The Student Body of Southern Seminary are invited. Prof. Brown gave a very interesting and instructive talk. He was elected to be an honorary membe rof the society.

Graham-Lee Society To Debate On Municipal Government.

The Graham-Lee Literary Society will hold the second meeting of the new term Saturday night. There will be a very interesting program rendered at that time and everyone is invited to come to hear it. The subject for debate is: "Resolved, That the Commission Form of Municipal Government is Preferable to the Mayor and Council Form." The affirmative will be upheld by Messrs. Hendon and Howard, the negative by Messrs. Webb and Simmons. Professor Tyree of the Law School will give a talk on a subject chosen by himself.

PRESIDENT OF E. & H. WILL SPEAK TO Y. M. C. A.

On Thursday evening at 7:15 Dr. John Stewart French, President of Emory and Henry College, will speak in the Y. M. C. A. room on "Our Insistent Demand and Our Vital Need." Dr. French has been an active layman in the M. E. Church South for a number of years and has been in great demand throughout the South to speak to students, conferences, and such.

He will be remembered as having preached the baccalaureate sermon here several years ago, and his presence here again under the auspices of the Y. M. C. A. should draw a large percentage of the Student Body to the meeting Thursday night.

Dr. Robert H. H. Goheen, medical missionary to India, who is home on furlough, acting in the capacity of traveling secretary of the Student Volunteer Movement, spoke to the "pre-med" students yesterday on the subject of tropical diseases. He also addressed the Student Volunteer Band this afternoon.

LAKE RECOGNIZED BY YOUNGER

At the request of the Richmond Times-Dispatch, Coach W. L. Younger of Virginia Polytechnic Institute made the following selection for an All-Star Virginia basketball team:

Forwards — Carrington, Virginia, and Lake, W. & L.; center—Sexton, Virginia; guards—Rhodes, V. P. I., and Hankins, Virginia. He also picked as follows an All-South Atlantic team:

Forwards — Carrington, Virginia, and Lake, W. & L.; center—Carmichael, North Carolina; guards—Rhodes, V. P. I., and Lynch, Catholic University.—College Topics.

SWIMMING RECORDS BROKEN

Four world's records were broken by Yale's championship swimming team recently at New Haven. Guernsey broke the world's record for the plunge for the second time in three days, lowering it from 36 to 35 seconds for the 75 feet. The other three records were made in a special exhibition mile relay at the 400, 500, and 600 yard marks.—Columbia Spectator.

PHI DELTA PHI GOATS WILL TRY MATTINGLY

Registrar Accused of Breaking Up Fancy Dress Ball; Prof. Noell and Williams Are Attorneys.

The annual show and initiation of the Phi Delta Phi legal fraternity goats will be in the form of a mock trial to be held here this evening, at eight o'clock, at the Rockbridge County Courthouse. The case to come up before the court is Commonwealth vs. Mattingly, the indictment being that E. S. Mattingly is charged with drunkenness and breaking up Miss Annie White's Fancy Dress Ball.

Professors Williams and Noell of the law faculty have been engaged as attorneys for the trial. Professor Williams, former prosecuting attorney of Shenandoah County, will prosecute Mr. Mattingly. Professor Noell of the New York bar will defend the accused, Mr. Mattingly, in the case. Witnesses in the case are prominent members of the Student Body, members of the faculty, and citizens in the locality.

This trial has been written and produced by the Phi Delta Phi goats and everyone is invited to attend.

Let's get right down to business—

Why should you buy your new Spring suit from us?

Because you know it will be all-wool—you know we chemically test all our woolens ourselves to insure that.

Because you know it will be fast color—you know we give every fabric a ten days' sun-test to insure that.

Because you know the style will be right—you know our reputation for that.

Because, in short—you know you'll get a dollar's worth and a little more for every dollar the suit may cost, no matter which one of our many thousands you may choose.

The best of everything college men wear.

Mail orders filled.

S. C. TAKES LOOSE GAME FROM W. & L.

(Continued from Page One.)

Little happened in the opening frame with the exception of Frank Switzer's scratch hit and subsequent journey to third where he perished, but the pyrotechnics were displayed in the second. Belk was safe on Huffstettler's error, stole second after the next two men whiffed, and scored when Charlie Terry was unable to stop Hisle's low throw. Kerns, who was safe on the play, tallied a moment later ahead of Hollands, who clouted a homer over the lef field fence for the only hit of the inning.

In the third, the Generals had a chance to score when Peters faltered and walked two, but Snipes, playing in deep center, bagged Collins' long fly for the third out. South Carolina refrigerated the struggle in the next square. With one down, Kerns hit a homer down the left field foul line. Hollands was presented with McCallum's only pass of the game and Peters reached first on a fluke hit through the box. Evans flew out but singles by Langston and Snipes sent four hostile tallies over the rubber.

W. and L. pushed over its first score in the sixth when Pete Hisle sent a two-bagger to the left field fence and counted on Pat Collins' screaming triple. Pat was stranded, however, when sensational fielding put down the next three batsmen. The seventh saw a desperate rally. After two were down, Lindburg smashed his second hit, a two bagger, through second. Switzer beat out his second infield grounder. Lindburg scored and Hisle was safe when Belk threw wide to first and Switzer tallied on the next play when Collins was safe on Gressett's error. Frew came through in the pinch with a hit through second, sending the two runners across the pan. Mattox walked, but Terry was called out at first on a close play.

The Generals made a final stab at victory in the ninth when Hisle singled with one gone and took third on a wild pitch. Collins and Frew, however, could not register and the hereinbefore mentioned tough game to lose was lost.

Box score and summary:

South Carolina.

	AB.	R.	H.	PO.	A.	E.
Evans, 2b	5	0	0	2	1	0
Langston, lf	5	1	1	1	0	0
Snipes, cf	4	0	1	4	0	0

Score by innings:

S. C. .....030 400 000—7
W. & L. .....000 001 400—5

Summary—Two-base hits: Hisle, Lindburg. Three-base hits: Collins. Home runs: Kerns, Hollands. Sacrifice hits: Hisle 2, Collins 1. Stolen bases: Kerns, Hollands. Wild pitch: Peters 1. Struck out: By Peters 6, McCallum 6, Lindburg 5. Bases on balls: off Peters 2, McCallum 1.

Time—2:05.

Umpire—Orth (Va. League).

Flo, was fond of Ebenezer.
"Eb," for short, was called her beau.
Talk of "tides of love"—
Great Caesar!
You should see them
"Eb and Flo."

REWARDS PROMISED TO DIAMOND STARS

Movie Passes, Soda Checks and Straw Hats for Stars In Local Games.

Prominent local merchants interested in student activities have evidenced the fact by their hearty cooperation in a plan to reward the members of the baseball team who lead in weekly percentages in batting, fielding, etc.

The plan is in the nature of weekly competition, covering a period of five weeks, until the last home game on May 3, so there are five opportunities offered of winning each reward. The idea of the whole affair is not to lead to cut-throatism and individual playing, for the rewards in monetary valuation would not warrant that, but merely to show to the team that everybody, including the townspeople, is behind them and to inject a spirit of the best kind of competition.

A description of the awards, as were placed on the fence near the gate to Wilson Field yesterday are self-explanatory and as follows:

1. Graham and Father will give their best straw hat for each W. and L. player's first home run on Wilson Field this season.

2. The New Theatre will give a week's pass to the player who has the highest batting average for each week.

3. Cobb's Pressing Shop will press two suits for the player stealing the most bases for each week.

4. Fox's will give one dollar in trade to the pitcher yielding the least number of hits during each week, provided he pitches four innings or more.

5. McCrum's will give ten 10c-soda checks, or equivalent in trade to the player scoring the most runs for each week.

LOCALS TO INVADE BLACKSBURG FRIDAY

(Continued from Page One)

ways features the first game of the season was in evidence, yet the promise of coming form encouraged the Tech backers. They have a swatting team capable of hitting when a clout is necessary and putting the ball in the territory calculated to be most effective. The weilders of the pole who already seem to have gained stellar berths are Finks, Gettle, Morton, and Slemp, and these four are the ones counted on to do small murder to the offering of the Generals' twirlers. Herbert Harrelson, brother of Frank Harrelson of the White and Blue nine, worked against Marshall Monday and is expected to carry the burden of the pitching for the Gobblers this year.

There is no doubt that a keen diamond battle is brewing. The teams are evenly matched and there is always present that spirit of rivalry and fight that makes a V. P. I.-W. & L. contest one of tense interest. The Generals have two defeats of last year to avenge, and the Technical lads are determined that another victory shall be added to their string.

BOAT CLUBS ISSUE CALL FOR OARSMEN

(Continued from Page One.)

both in the old men who will be back in the harness and in the new men who signed up. Thirty-seven new men have signified their intention of trying for places in the Harry Lee crews and in addition to these G. S. Riggs and R. M. Bear, oarsmen, and A. O. Lambert, coxswain, from last year's first crew, are back. G. C. Mason, C. E. Shropshire, oarsmen, and W. M. Hampton, coxswain from the second crew, will be out again. The Albert Sidneys have twenty-nine new men signed up as well as J. B. Riddick and R. C. Potts, from last year's first crew, and P. Hatcher, J. A. Rangeley and F. A. Sutherland, oarsmen, and T. J. Ellis, coxswain from the second. W. E. Holt is manager of both crews.

Character in Clothes

Those men who prize character in dress will find the new models especially interesting this season.

SOCIETY BRAND CLOTHES

Are the result of genius in designing, craftsmanship in the making, and character in the materials. They impart the keen joy of good apparel. ***If you have never worn such clothes try one of these suits.***

TOLLEY & MEEKS

Men and Young Men Outfitters

Opposite First National Bank Phone 295

Due to the fact that the registrar's office had not finished a compilation of all grades of all students a list of the men who made the Honor Roll for the second term as well as the fraternity average was not ready for publication in this issue of the **Ring-tum Phi.**

This year brings a new kind of contest between the English Universities, Oxford and Cambridge, in the form of an aeroplane meet.

Bill—Are you a good judge of liquor?

Bones—Sure, and a merciless executioner.—Technique.
