

WHITE AND BLUE DIAMOND STARS SPLIT FIRST TWO

Smashing Hits Feature Monday Game With Elon College Nine.

TRINITY WINS TIGHT GAME

Durham Slabman Proves Too Much For Generals In 3-2 Battle With Trinity.

(Special to the Ring-tum Phi.)

Washington and Lee's star nine started off their Southern trip by defeating Elon College Monday afternoon 8-4. The game was featured by the terrific hitting of the Generals who knocked Barker to all corners of the lot, polling out 17 solid hits, including four two-baggers and three singles. Their defense was also strong, two lightning double plays cutting off threatened rallies by the Elonites.

The White and Blue got the jump when they scored two runs in the first inning on singles by Huffstetler and Hisle and a double by "Student" Frew. From then on they were held scoreless until the sixth when six hits accounted for four runs. The Generals scored again in the seventh when "Charlie" Terry's single brought Huffstetler across the plate, and in the eighth on "Monk" Mattox's triple and Lindburg's single.

Elon's first tally came in the sixth when Underwood singled to center, stole second, made third on Frew's error and scored on a wild pitch. In the next inning three runners crossed the plate when McDonald hit one man and was touched for three hits. Lindburg then went in, holding the home team safe for the rest of the game. Lindburg continued his good stick work, driving out a single in his only time at bat. Frew and Huffstetler also starred at bat, each getting

OLD CREW RIVALS TO RACE THIS SATURDAY

Result Will Determine Men To Pull Against Virginia Boat Club.

The rival boat clubs will stage the final trial between the first crews Saturday for the honor of representing the University in the Virginia Boat Club regatta at Richmond on May 22, to be held in connection with the Virginia Historical Pageant. This race has been given publicity all over the state and the crews are sure to put up a race worth seeing in the elimination race Saturday at 5 p. m. Students wearing the button of either crew will be admitted to the island free. This together with the fact that many visiting girls will be in town for the Troubadour informal should assure a large and enthusiastic attendance at the initial race.

The Blues with a veteran crew would seem to have the edge but the Reds have had a majority of the victories in the past few years and many crew dopsters on the campus believe they have a crew that will come through in the trials.

Presidents Hatcher and Riggs of the rival crews give the following as the probable line-up on Saturday afternoon:

Albert-Sidney	Harry-Lee
Hatcher	Quarrier
	Stroke.
Sutherland	Milbourne
	Three.
Holt	Mason
	Two.
Rangeley	Riggs
	One.
Ellis	Black
	Coxwain.

FROSH PLAY AT CHATHAM TODAY

First of Three Teams On Final Trip of Season; Lackey Sprains Ankle.

The Freshman baseball team left yesterday afternoon for their third and last trip of this season, playing the first game with Chatham Training School this afternoon. Little is known of the C. T. S. team aside from the fact that they have only one letter man back from last year. The "Frosh" will play Danville tomorrow and Virginia Episcopal School Friday. Danville has not as impressive a record this year as last, their strongest point being their pitcher, Darlington. Probably the hardest game will be with V. E. S., who has a long, long list of victories to her credit this year.

The Little Generals are in the best of conditions for these clashes with the exception of Lackey, who may be unable to pitch because of a sprained ankle. Coach Brett announced the probable line-up as follows: McMillan, c.; Aylmer, 1b.; Bishop, 2b.; Franklin, ss.; Brown, 3b.; Leggate, rf.; Dawson, cf.; Lake, lf.; Woodwine, p.; and Klein, p.; Cummings and Tilson will be taken as utility men.

Pay your Finals subscription to D. E. Carter, Phi Kappa Sigma House.

"MONK" MATTOX

Capable receiving man on the Big Nine, who is right "there" in a pinch. "Monk" will head next year's Athletic Council as a result of Friday's election.

"CO-OP" REPORTS PROFIT OF \$950

Able Management Shown By Financial Condition; Did \$7,000 Business First Year.

The University Supply Store, better known as the "Co-op," has been an entire financial success according to the report handed out by Dewey Reynolds today. The enterprise since its opening the third of last October has done over \$7,000 cash business. The business has been put on a firm financial basis, credit having been established with all the larger firms with which they deal. January was the banner month of the year.

The Athletic Association will by the close of school have realized about \$950 profit, this amount, however, including a small amount of stock necessary to carry over until next year. A great deal of credit for this success is due to the untiring efforts of Dewey Reynolds and his able assistant, J. G. Elms.

Plans are already under way to carry a larger and more complete stock of goods next year. A full line of sporting goods will be featured as well as a complete line of students' supplies. All stationery and pen-nants now in stock will be closed out at cost to avoid carrying them over to next year.

SIX MEN ARE HONORED BY PHI BETA KAPPA ELECTION

Local Chapter Accedes To Popular Demand and Announces Goats; Virginia Gamma Pledges Four Students, Two Alumni; Precedent Broken.

Six men will be initiated into Virginia Gamma chapter of the Phi Beta Kappa society at the annual meeting to be held May 29. The four students who have achieved this coveted honor are R. M. Bear, S. E. Rogers, R. D. Smith, and R. E. Sherrill, the first three being members of the graduating Academic class and Sherrill a member of this year's Senior Science class. Powell P. Glass, '07, of Lynchburg, and Dr. J. M. Hutcheson, '02, of Richmond, of the alumni will also be taken in at that time.

A well established precedent of the local chapter was broken by the recent decision to announce the initiates

Disintegration of Clique System Shown By Numerous Aspirants.

FIVE FOR VICE-PRESIDENT

Repeal of Preferential Ballot Will Be Asked For Next Monday At Chapel.

A large and fast growing list of candidates for Student Body offices to be filled at the general elections May 19, presages what will probably be one of the hardest fought and one of the most uncertain campus elections in years. The break-up of the old clique system, as was predicted, has brought forth many more eligible men than was possible when nominations were in control of two or three factions. A call for candidates was posted this morning by the secretary.

Five aspirants have already announced for the vice-presidency or are being urged by their friends to make the race. Interest centers as usual around the campaigns for president of the Student Body and president of Finals, with a new element present in close competition for business manager of the Ring-tum Phi. So far, there is no opposition to Foreman for manager of Calyx, Peters for cheer leader, a candidate for secretary, or active work for the editorship and managership of the Mink. Each of the other two publications has two candidates for editor.

Those who have announced their candidacies or are being subjected to strong rumors of coming before the voters are as follows:

President of the Student Body: W. E. Holt, Jr., T. J. Ellis, Jr., with mention of G. T. Holbrook as a possible candidate.

Vice-president of the Student Body: R. P. Asbury, J. B. Greiner, Archie Phelps, E. W. Poindexter, W. T. Spencer.

Secretary of the Student Body: no candidates announced up to press time.

All matters of business should be
addressed to the Business Manager,
and all other matters should come to
the Editor-in-Chief.

We are always glad to publish any
communication that may be handed
to us. We desire to call attention to
the fact that unsigned correspondence
will not be published.

By arrangement with W. T. Tillar,
manager of Varsity baseball and former
manager of the Ring-tum Phi, we hope to publish a more detailed
account of the games played on the
Southern trip than appears in other
papers.

It is only through his co-operation
that this is made possible.

The messages are received in con-
densed form and are not being post-
ed for that reason.

WHICH SHALL IT BE?

We believe a fair trial has been
made of the principle involved in a
comparison of a semi-weekly and
weekly college paper. The former
has been in the nature of an experi-
ment, and should be vastly improved
in technique and quality as the staff
becomes better adjusted to speedier
production. It is a question, as we
see it, of news vs. size and appear-
ance, followed by the question: is
there sufficient news about the cam-
pus to warrant continuing the semi-
weekly?

We are working on statistics to
compare total space and costs of
each, but in the meantime any ordi-
nary reader can make comparisons.
We suggest that as the matter is of
most concern to the Student Body
that a referendum vote be taken at
the general elections.

THE SHARKS

At last an effective means has
been provided of satisfying the
many speculations and doubting
guesses in regard to the annual Phi
Beta Kappa elections, and at the
same time of giving deserving men
full recognition while they are on the
campus. The select few of high
scholastic and character requirements
are being announced before the ses-
sion closes. This is particularly
gratifying to members of the staff
of this paper, as an editorial urging
this change in the custom appeared
in the Ring-tum Phi early last
Spring.

Congratulations and praise are due
the students who have attained this
scholastic distinction, and credit to
the members of the chapter who
took the initiative in providing that
the new men be made known before
Finals. It is a college honor, and al-
though universally recognized, means
most to the men while still on the
campus.

Some ultra-collegiate lads scoff at

the square-cut key, but their records
usually vary in inverse ratio to their
scoffings. Not many decline bids.

Phi Beta Kappa men are presumed
to have reached the highest rank in
the intellectual development to be se-
cured in a standard college course.
Hard work and not chance, pluck and
not luck, the fixation of a definite
goal, is the secret of their success.
Give them the credit they deserve.

NET TEAM BACK FROM UNSUCCESSFUL TRIP

Rainy Weather and Lady Luck Turn
Against W. & L. Racket
Wielders.

The Washington and Lee tennis
team returned Monday after an un-
successful northern trip due largely
to unfavorable weather and bad luck.
The match with Catholic University
which was scheduled to be played in
Washington last week was cancelled
because of the rain-soaked courts.
The match with the Annapolis tennis
team was called off for the same rea-
son before finished.

Washington and Lee was defeated
by the V. P. I. team by the score of
3-2 after V. P. I. refused to play three
matches in singles claiming that the
home team reserved the right to fix
the number of matches. Had this
match been completed the match
would probably have been a tie.

The George Washington University
team came back strong against the
Blue and White racket wielders when
they won every match both in singles
and doubles in Washington.

Lindburg pitched an excellent game, yielding but seven safeties to the hard-hitting Tarheel batmen, but these bingles were bunched and three of them went for extra bases.

Sanderson, the opposing slabman, was the star of the afternoon, holding the visitors well in hand at all stages of the game, and whiffing nine. Pat Collins scintillated for the White and Blue, taking excellent care of nine hard chances and contributing a brilliant double play, unassisted, in the sixth when the bases were full.

The Generals took a two-run lead in the second on an error. Terry's hit, and two more errors. Trinity scored in the fourth, fifth and sixth innings, securing two hits in each frame. The game was very satisfactory from the spectators' point of view.

TRINITY GAME

Inability to connect with Sanderson's effective delivery spells the reason for the Generals' 3 to 2 defeat at the hands of the strong Trinity nine in Durham yesterday afternoon. Washington and Lee was able to garner but four scratch hits, scoring their two runs in the second inning on a single and three errors.

The elections will probably see a reversion to the old system of voting by a second ballot on the highest men if no candidate receives a majority on the first ballot. The amendment for repeal of the preferential ballot now in vogue has been passed and recommended by the Executive Committee and will go before the Student Body at a special election to be held next Monday. Under this plan, which was in operation up to adoption of the present method in 1917, all candidates will be required to have a clear majority of the votes cast for election to any office and second choice votes will not be counted. It is expected to have no opposition, and it is plainly the most efficient method in the absence of factions.
