

Class Agent Plan Is Used At W-L

Helps Alumni Keep Contact With The University

In the mails between now and commencement will flow a steady stream of letters among alumni as a feature of the class agent plan established in 1933 in order to help W-L alumni maintain their contacts with, and express their interest in the university.

The annual round of letters has several interesting features. Material now in the hands of class agents includes an explanation of the W-L Alumni Fund, also established in 1933. Through this fund, alumni have contributed nearly twenty thousand dollars during the past five years.

There is also a humorous leaflet entitled "The A. B. C. of the Class Agent Plan." One of the principle objectives of the alumni fund is to assist in financing the work of the Alumni Office. However, as the material points, "experience shows that the renewal of interest each year on the part of alumni is worth fully as much, if not more than, financial contributions."

Dansant In Gymnasium To Be Week-end Feature

The main social feature of the coming week-end will be the dansant which will be held on Saturday afternoon from four till six in Doremus Gymnasium. The admission to this affair to all those not members of the fraternities who joined hands to present the event will be fifty cents.

Couples will dance to the music of Charlie Steinhoff's Southern Collegians at the dance held under the auspices of the five fraternities having house parties that night. PIKA, KA, Phi Kappa Sigma, SPE, and Delta Tau Delta will entertain at dances held in the evening at their respective houses.

U. W. Va. Gives W. & L. Gunners Worst Beating

Washington and Lee's rifle team took their worst beating of the season last week in a match against the University of West Virginia.

The dead-eyed mountaineers of West Virginia piled up a total of 1,427 points against the Generals' 1,271 points.

In an attempt to break their losing streak the team will end its season next week with matches in competition with Harvard and Carnegie Tech, while the freshmen marksmen will fire against Penn State.

The totals for the last match were:

Washington and Lee	
Goodin	263
Basile, R. M.	254
Smith, J. H.	257
Glenn	251
Benner	246
Total	1,271
West Virginia	
Williams	289
Buck	287
Smithson	286
Williamson	280
Milne	275
Total	1,427

Delegates Will Assemble Soon

Continued from page one
Approximately 90 delegates will be chosen.

In a special meeting this afternoon, the Committee interpreted the new amendment as regards inactive members of fraternities. It was decided that such inactives should be classed with their fraternities according to the way they are listed in the registrar's office. All questions of doubt will use the registrar's books as final authority. This question was brought up when it was disclosed that in numerous fraternities men who have been in school more than four years are inactive, or do not have a vote unless they pay dues. According to the committee's decision, these men, if listed as fraternities men by the registrar, shall have the right to vote with their fraternity.

Tickets Free For Concert

Continued from page one
Ruffy, piano soloist, is equally well known as a pianist, composer, and carillonneur.

In the afternoon there will be a special performance for children. The program for Monday night was listed as follows:
Eine Kleine Nachtmusik—Mozart (Allegro, Romanza, Menuetto, Rondo); Fifth Symphony—Tchaikowski. Solo—to be announced; L'Arlesienne, Suite Number 1—Bizet (Overture, minuetto, Adagietto, Carrillon); and Natchez-on-the-Hill—Powell.

Tilson Depends On Sophomores

Continued from page two
Added to the soph backfield talent will be that of Ray Craft, an ace passer, Don Dunlap, line smashing halfback, Harrison Hogan, sophomore star of 1937, Bob Hobson, who suffered much from injuries last year, and several others.

"I of course am not entirely satisfied with the team," Tilson said yesterday, "because we can't be perfect, but the spirit and the co-operation couldn't be better."

Spring practice so far has been riddled with frequent injuries, but none, fortunately, are very serious. The practice will come to an end Friday, with fall practice getting under way at Nimrod Hall on September 1. Approximately twenty-five of the forty-eight men now out for the team will go to the training camp.

Syphilis Film Is Shown In VMI Engineering Hall

"Syphilis, Its Cause and Prevention" was the topic of a motion picture shown at the VMI Engineering Building last Wednesday afternoon.

The film was shown as part of a nation-wide program of education to inform Americans of venereal diseases.

The picture showed the causes, effect, methods of attack, prevention, and cure for syphilis today. One statement revealed that about one-tenth of the population of the United States has syphilis in some degree.

The lecture was sponsored by the Rockbridge County Health Society, which maintains a clinic here for treating the disease.

The Southern Collegian will be issued Wednesday, it was announced today.

Virginia Issues Maps Of Washington Forest

For spring and summer vacations the Virginia State Forestry Department has just issued large maps of George Washington National Forest. Large copies of the maps are displayed in the windows of J. E. Deaver and Sons.

The famous vacation spots of Virginia are dotted all over the minutely-detailed maps of the southern and northern portions of the resort, respectively. Accompanying illustrations of swimming, boating, golfing, fishing, hunting, and automobiling add to the interest of the maps.

State Forest Ranger Kramer of Buena Vista was responsible for putting these maps on display in Lexington. The object of this advertising of Virginia's beauties is to attempt to help vacationers by acquainting them with the pleasure spots of the Shenandoah Valley of Virginia in order to stimulate the tourist industry in Virginia. Small copies of these maps are being distributed at Deaver's.

OPINIONS

Continued from page two
healthy ears, and many a deaf person could make up for his loss by enjoyment of beautiful paintings, architecture, and sculpture. Now is the time to develop an appreciation that will give lasting joy through the rest of your life.

The concert Monday night is only one of those opportunities. Be farsighted, and learn to appreciate something. It will be too late someday.

Lombardo Is Second Choice of V. M. I. Poll

Although Tommy Dorsey is tops with the VMI Cadets, as shown by the results of a poll held at the Institute last week, Guy Lombardo, controversial "purveyor of the sweetest music this side of Heaven," is their second choice, the VMI Cadet announced Monday.

Tommy Dorsey, the barracks-wide canvass showed, was the Institute's favorite, rating 117 votes, while Lombardo, who plays for the Cadets' Easter dance set, received 83. Conclusive proof that the barracks favored a return to the "sweet and slow" was found in the fact that a bare 25 per cent of the Institute declared themselves in favor of the more acrobatic "swing," while an overwhelming majority of 75 per cent smiled on the more esthetic "sweet music."

Benny Goodman, "king of swing," despite the Institute's trend away from his particular brand of pyrotechnics, was voted number four on the Cadets' poll, winning 37 votes.

In order, the first ten orchestras listed by the Soldiers were: Tommy Dorsey, Guy Lombardo, Hal Kemp, Benny Goodman, Jan Garber, Sammy Kaye, Kay Kyser, Wayne King, Horace Heidt, and Will Osborne.

The total absence of Don Bestor from the eighteen orchestras on the list is of significance to W-L, considering the present Spring Dance crisis, as is the selection of Guy Lombardo to a firm second place behind the popular Dorsey.

"This poll represents a fair sample of Cadet opinion and will influence future decisions of the Hop Committee," the VMI Cadet commented.

"The number of men signifying their intentions of attending Easter Hops was sufficiently large to cause no fears in the minds of the Committee, but the turnout of those not expecting to and those of uncertain intentions will have to increase for the Hops to be a success financially," the Cadet went on to say.

New Darkroom Equipt For Camera Club Work In Developed Pictures

The Washington and Lee Camera Club, meeting last night in the Journalism Lecture Room, were told by President Jack Neill that their dark room in the Chemistry Building was in readiness and that the Club was equipped now to do anything in the way of developing and printing films except enlarging. All the new equipment has arrived with the exception of the enlarger which has not been ordered because the type of enlarger has not been decided upon.

Professor O. W. Riegel informally discussed with the group a course concerning photographic work which he recently attended at Kent State College in Ohio. Professor A. G. Steer added to the discussion by bringing up the question of the best way in which to catalogue and index film so that it wouldn't coil or get scratched.

The Club's exhibit has been set for the last week in April and the monthly contest to determine the best picture of the month will be continued.

Ernie Walker resigned as the Club's secretary and Henry Winans was elected unanimously to fill the vacated position. The secretary will send out cards to all the members notifying them of the next meeting.

W-L Will Be Honored Over Radio Hook-up

Washington and Lee's famous name will go over the air waves again next Thursday when radio station WBAA, of West Lafayette, Indiana, features this University on its fifteen minute "College Caravan" program.

The broadcast is only tentative as yet, however; it is scheduled for 4 p. m.

A resume of W-L's history, curriculum, traditions, etc., will be given as well as news from the

school.
Richard P. Carter, director of the News Bureau here, has prepared the data for the broadcast, especially emphasizing the fact that W-L is not coeducational, after a recent mix-up in Life magazine.
