Cotillion Club Opens Social Season With First Informal Of Year

First Informal Of Year at Gym After N.C. Game

Southern Collegians Practice
New Numbers for Cotillion Club Dance

INFORMAL TO START
PROMPTLY AT NINE
Concert Numbers Will Be
Featured By The
Orchestra

The social season of Washington and Lee will open Saturday night, after the N. C. State game, with the informal dance, sponsored by the Cotillion Club.

The music for the dance will be furnished by the Southern Collegians, and will start promptly at nine o'clock. The orchestra has been holding practices every night in the Troubadour room and has added about forty new numbers to its popular dance program. Aside from the popular pieces, much time has been spent on several heavy concert numbers, among them: "Louisiana BoBo," "Rhapsody in Rythm," "No Parking," and "By the Waters of the Minnetonka."

No New Men

The band that will appear on the platform Saturday night will be made up of the men who were on the European tour this past summer. No new men will be included on account of lack of time for rehearsals, due to the early date of the dance.

The first important change to be made in the organization was the shifting of Lee Gresham to alto saxophone, and Ed White to the tenor position. This change has resulted in a saxophone section with more volume on the "hot tunes," and a closer organ effect on the "sweet" numbers.

Nine Tryouts

Several notices were posted regarding tryouts but only nine new men responded, and most of these were competing with the best of the old men. Only one change was absolutely necessary, the bass horn job being thrown open to the field, since it is uncertain whether Jan Campbell will be able to play. The big horn is temporarily in the hands of Turner Adams, a transfer.

The band will be made up of the following: trumpets, Harold Slanker, and H. L. Shook; Thombone, G. T. Steuterman; Saxophones, T. G. Gibson, C. E. White and E. L. Gresham; Piano, Ethan Allen; Banjo, D. T. Gresham; Bass horn, Turner Adams; Drums, R. P. DuPage; and H. G. Morrison, Director.

Dr. White's Hours At 9 AM and 5 PM

Dr. Reid White, university physician, will have office hours for students from 9 to 10 A. M., and 5 to 6 P. M. This schedule began on Monday, October 1.

The afternoon hour will be omitted on Saturdays, and both will be omitted on Sundays. Dr. White, whose office is at 22 W. Washington Street, is very desirous that all sick students see him during the scheduled hours.

APPLICATION FOR DEGREE

Each student who is an applicant for a degree of any kind, or for a certificate in the School of Commerce, must file an application for the degree or certificate. Blanks for applications may be obtained at the office of the Registrar and must be handed to the Registrar not later than October 15. DO NOT WAIT UNTIL THE LAST DAY

E. S. MATTINGLY,
Registrar.

Two Prizes of \$1,000 For Best Essays on Smith

Mrs. James W. Gerard, wife of the former Ambassador to Germany, has offered two prizes of \$1,000 each for the best essays written by college students on the subject: "Why Alfred E. Smith Should Be Elected President of the United States." One prize is for women and the other for men. The contest will close October 20.

The New York World, Buffalo Times, Trenton Times, Raleigh News Observer, Richmond News Leader, Arkansas Gazette, Gainesville Fla. Sun; Columbia, S. C., Record; Nashville Tennessee, Lexington Herald, Nevada State Journal, Atlanta Journal and Providence News are cooperating with the College League in conducting the contest.

Essays may be sent to these newspapers or to the New York committee at 1775 Broadway, New York City; the Central Regional Committee at the Hotel Jefferson, St. Louis, Mo., or the New England Committee at the Hotel Statler, Boston, Mass. Each of the various committees will pick the two best essays written by men and the two written by women that are submitted to it. Only these sectional selections will qualify for the money prizes.

The essays are to be limited to English. They must be typed or strength of argument, form of composition and excellence in 500 words and will be judged on written, on one side of the paper. The name of the author, with college and class must be enclosed.

Musicians Form New Student Band

The "W. & L. Ramblers," a six piece combination composed largely of members of the Southern Collegians, has been organized. Rehearsals will begin immediately according to "Hank" Slanker, director.

Their first engagement has been booked for Saturday after the football game at 5:00 when they furnish music for the opening dance of Fox's "Japanese Garden."

There has been a need for a well rehearsed small combination to play in this territory for a long time," Slanker said. "There are lots of jobs around here that do not pay enough for a big orchestra, and we may as well get them as let them go to someone else."

"To Hop, Or Not To Hop?"

By J. Magee

Will the "Georgian Wiggle" and the "Virginia Beach Special" be in vogue at Washington and Lee this year? Not if the students follow the dictates of the National Dancing Masters' Association.

"The hop is passe," was the verdict at their recent convention at Detroit. The gymnastic performances which have held undisputed sway for the past few years must go. Why? Well, for one reason, they are not only unsuitable but well-nigh impossible for those who do not fall under the heading of "flaming youth." And believe it or not, our elders do like to dance, or would, were their agility not put to such a severe test.

This brings up the question as to what shall replace the hops and wiggles which have been so popular. "The glide will replace the hop" asserts the dancing masters. From now on one's skill in the dance shall be determined by one's ability to glide, a feat requiring more poise and maintenance of equili-

Hornets Crushed By Generals In One-Sided Game

Lynchburg Hornets Fail To Offer Big Blue Team Resistance

WHITE AND EBERHARD LEAD W. & L. BACKS

Thibodeau Makes First Score Of 56-0 Victory With Long Run

By Henry MacKenzie

The powerful Washington and Lee football team made its 1928 debut last Saturday on Wilson field by swamping the Hornets of Lynchburg by the one-sided count of 56 to 0. The General's displayed a hard running set of backs behind a forward wall which tore great gaps in the opposing line.

The entire first half was played in a driving rain which made both the field and the ball soggy. This conditions compelled both teams to resort to running attack, and the few passes that were tried were not completed. In spite of the unfavorable state of the ball and field, costly fumbles were lacking.

The Washington and Lee backfield could not be stopped. Every man registered a gain almost every time he carried the ball. Outstanding in the ball-toting were Thibodeau, Eberhardt and White. The former carried the brunt of the attack and made the most spectacular gains of the afternoon. Eberhard was close on his heels in the matter of ground-gaining, while White chalked up substantial yardage every time he carried the ball. Jones, Lott, Barnett, and Faulkner did their share in piling up the huge score. Faulkner deserves special credit for his work during the afternoon, for he led the interference while his mates were gaining the ground.

The General's line did not get much chance to show its defensive qualities, for Washington and Lee had possession of the ball most of the time. The forwards, however, did some noble work in opening holes for the backs to go through. Captain Fitzpatrick, Hawkins and Groop led the way in the parade through the opposition. Williams and Towill looked good on the ends. They smeared the few end runs tried by the Hornets and did not allow a single punt receiver to get away from them.

Thibodeau provided a big thrill of the day on the third play after the opening kickoff when he slipped (Continued on page three)

13 DIAMONDS APPEAR IN SOPHOMORE'S HAND

If you are lucky enough you can get all thirteen.

Atherton Seeley, sophomore, at the Sigma Nu house, proved it Saturday night when his bridge hand showed a solid streak of thirteen diamonds.

At no time within recent bridge history around this university has such a thing happened. It is such a rare occurrence, bridge players say, that it seldom occurs with unstacked cards more than three times a year in the United States.

Playing with Seeley were, G. T. Stenterman, H. P. Street, and F. Annen.

Thirteen of a suit, any bridge player confesses, is his ultimate ambition. With such a hand he can win every trick, all honors, grand slam bonus, trick bonuses, and only a bridge scorer knows what else.

Little Generals Get Workouts

Frosh Coaches Put New Men Through Hard Workouts For W. & M.

With their first game but two days away the Little Generals are being put through stiff scrimmages every afternoon under the tutelage of "Eddie Parks" Davis, "Bill" Dorsey, and "Monk" Mattox.

For their first opponent the Frosh meet the yearlings of William and Mary, Friday afternoon on Wilson field. It is a coincidence that this team is coached by "Cy" Young, former W. & L. star.

Tuesday afternoon the tentative first team ran roughshod over the third eleven, gaining at will. Guiol and Mitchell were especially effective, making good gains each time they carried the ball. Later the second team was brought in and given the ball, but they were smothered on almost every play. Martin was the only man on the seconds who was able to get by the line of scrimmage.

The Troubadours are expanding their scope this year and besides the enlarged dramatic opportunities, they intend to develop the musical section.

There will be a Troubadour orchestra, separate and distinct

from the Southern Collegians, which will make trips in conjunction with other Troubadour features.

All men, especially freshmen, with musical tendencies are urged to be present at the next

second team line.

According to Coach Davis the following men will see action on Friday. Porter and Egbert at center, Tilson, Wilcox, and Townsmire at guard, Bailey, Rosenberg, Wolf, and Livingston at tackle, Long, Stevens, and Wilson at end, Mitchell at full, Guiol, Martin, Smith, and Cross at half, and Mattox at quarter. Mattox turned ankle in practice Tuesday, and McLaren may be called on to start the game.

Chapel Visitors Fall Off With Rainy Season

The bad tourist season caused by the excessive rains in the state, has lessened the number of Lee Chapel visitors, according to Mrs. Mildred Lee Francis, custodian of the Chapel.

Just what forms the glide will take are not definitely known, but it will cause several changes at Washington and Lee.

At Virginia Beach the past summer a new dance known as "The Shag" gained such popularity that the "Wiggle" was almost forgotten.

If the students take the dictates of the dancing masters seriously that visited the Chapel in one day this year came on August 25th when the records showed that 531 had visited the Tomb.

The fourth of July was second in number with 528.

The greatest number of sightseers that visited the Chapel in one day this year came on August 25th when the records showed that 531 had visited the Tomb. The fourth of July was second in number with 528.

Mrs. Frances said that these numbers include only those who have registered, but that there are a great many others who fail to do so.

Red Cross Receives \$457.57 From Students For Sufferers

Washington and Lee Falls Short of Minimum Goal Set by Executive Committee

Anticipating a total of at least \$500.00 in subscriptions to the storm relief fund raised in the student body here, members of the Executive Committee and special committees were disappointed when the check-up yesterday disclosed the fact that only \$457.57 had been given.

Hoping to add to the total and bring it up to the minimum mark set as Washington and Lee's part in the work of relief and rehabilitation, W. J. Dorsey, chairman of the committee of twelve in charge of the drive, has issued a call for free-will subscriptions by those who were not seen last week or by any who wish to add to that already given.

The twelve men on the committee visited twenty-four fraternity and boarding houses at the evening meals Thursday and Friday, but realizing that they were unable to speak to anyone near all the men on the campus.

The fact that the emergency required immediate funds called for quick action, and time existed for the organization of only a dozen men for the drive, some of whom were unable to work at the lunch hour due to being occupied in jobs at that time. Any member of the committee, or Dorsey, John Bell Towill, president of the Student Body, or Prof. Hale Houston will receive contributions the remainder of this week, but all stress the necessity of giving immediately if the money is to be of the utmost good.

The immediate suffering of the persons in the stricken areas has been alleviated greatly by the sending of cash from the Red Cross headquarters in Washington to purchase food and provide temporary housing, but the need of permanent rehabilitation and clothes for the poverty-stricken inhabitants is still acute, and more funds must be forthcoming if the communities affected are to be put on their feet and upon a producing basis again, reports state.

Troubadours To Broaden Scope

Faculty Stiffens Law Entrance

New Feature Orchestra Will Be Added This Year; Glee Club To Be Enlarged

A call for more Troubadour tryouts was issued this morning by W. Van Gilbert, acting head of the dramatic organization.

The Troubadours are expanding their scope this year and besides the enlarged dramatic opportunities, they intend to develop the musical section.

During the session 1928-29 a student entering the school must have attained an average of "C" or better in his last year. Beginning with session 1930-31, and thereafter, the student must have averaged "C" or better during his last two years of academic study.

The passing grade in the Law School was lowered from seventy-five to seventy.

"While it may seem like lowering the standards of the school" Dean Moreland said, "to drop the passing requirement five points merely means law professors will grade harder."

We are requiring "C" average so as to insure that the man coming in has completed a full two years of college work, half the degree requirement. Heretofore a man could enter the law school with a "D" average," Dean Moreland explained.

Students Prefer Greek to Latin Figures Prove

For the first time in the history of the University there is a greater number of students taking Greek than Latin. His tends to show that Greek is not becoming less popular as is the common belief, Dr. Henry V. Shelley, Professor of Ancient Languages, stated.

Fedor is from Linden, N. J., and is pledged S. P. E. Dollahite is from Amory, Miss. Adams is a Delta Tau Delta pledge and is from Washington, D. C. Avent lives in Jacksonville, Fla., and is pledged Pi Kappa Alpha. Tignor whose home is in Urbana, Va., is also a Pi Kappa Alpha pledge. There is a total of 47 students taking Greek or Latin. Fifteen are studying Greek while only twelve are enrolled for Latin. The rest are taking the course in Greek civilization. His is about the same number as was enrolled in this department last year.

Generals Hold Four Victories Over N.C. State

Teams Have Not Met Since 1925 When W. & L. Ended Season With 12-0 Win

INVADERS' LINE TIPS SCALES AT 183 POUNDS

Pack Scores at Will In Opening Game With Elon Christians

By Mike Leibowitz

The North Carolina State Wolfpack, fresh from an overwhelming victory at the expense of the Elon Christians, will invade Wilson Field this Saturday determined to garner its first Southern Conference win of the season.

Saturday's clash will mark the resumption of football relationships between the two schools.

The last appearance of the N. C. State grididers was in 1925, on Wilson Field, when in the last home game of the season the Generals added another conference win by the score of 12-0. It marked the last appearance on Wilson Field of eight of the W. & L. eleven, among them Henry Wilson, who played one of the best games of his career.

Four Victories

The Generals have yet to taste defeat at the hands of the Raleigh squad. In the four games that the both schools have engaged in, the W. & L. squad has been victorious.

The first game was played in 1922 on Thanksgiving Day and the Generals won 14-6. It was played on a muddy field, and N.C. State scored first, but with Jimmie Thomas, as the ball carrier, the Big Blue gained three times as much ground as the Tarheels.

The Wolfpack was met in the season's final of 1923 in Norfolk, with the Generals again victorious by the count of 20-12. Both teams were powerful on the offensive, but the ability of the Blue to hold within their 20 yard line, gave them victory. Cameron, Wilson and Hamilton were considerable ground gainers for the Generals.

A Walk-Away

On Thanksgiving Day in 1924, the Big Blue team had an easy time with the State team, winning from them by the score of 34-0. Eddie Cameron scored three (Continued on page three)

Ramblers Will Open Dance Hall Saturday

With the "W. & L. Ramblers," new orchestra composed of several members of the Southern Collegians, furnishing the tunes "The Japanese Garden," a dance hall over Fox's Cafe will be the scene of a dance Saturday afternoon immediately after the North Carolina game.

The dance hall is in a new building which just completed this year, and is said to be ideal for small dances. It is estimated 250 couples can be accommodated. Decorations will carry out a Japanese theme.

TOWN AND GOWN AGAIN

A small group of students in every college believe townspeople and the police force "have it in for the students" just as the townspeople in most of these towns believe the students are as "rowdyish" as the occasional few they hear and see, and the students as a whole have it in for the town,

law and order. Fights resulting from these misconceptions antedate Shakespeare, and the name they had at Oxford is used today in America. They are known as "Town and Gown" fights. In Lexington, citizens have formed close bonds with students. Gown and Town alike consider the friendship and association most dear.

As long as the student minds his business and does not become obnoxious, no criticism arises from either police or townspeople.

Students resent unreasonable interference of police. In turn these officers do not wish to find things in such condition as to demand interference. Students are in Lexington to train themselves to be better citizens, more law-abiding and more cultured. It is the duty of every student—of every American citizen—to keep down deplorable conditions as they arise.

Not to enforce laws known to be broken is violation of an officer's oath. Violation of oath makes one—whether law-enforcement agent or not—susceptible to immediate dishonorable dismissal.

Officers here claim that they do not wish to pry into the private life of students. They assure us that they understand youth. The commonwealth attorney, who is responsible for law enforcement here, is an alumnus of the same university that you have the privilege of being a student in today.

Often police of the right sort can be of signal service to college boys. Some are willing to help students along, to give council, as well as protection, when asked. In return, all that is asked of students by police of this type, is to refrain from undue disturbance of the peace and public demonstrations of disorderly conduct—in other words that you conduct yourself as every Washington and Lee man is expected to conduct himself—as a gentleman.

FIGHT! FIGHT! FIGHT!

Coach Herron and Captain Fitzpatrick have a bunch of "Fighting Generals". The Blue and White entered last Saturday's game with blood in their eyes and a determination to fight, fight, fight. Never did a Washington and Lee team surpass this initial performance.

To coach Pat Herron goes great credit for conditioning the players. He has taken a few members of his only fair 1927 eleven and made a team resembling a cage of wild roaring tigers. If the Generals hold the pace set Saturday, subsequent games are going to be well worth seeing.

Considering the threatening weather, the team was well supported. But Saturday the Blue and White needs the yells and noise from every student. North Carolina State has a good team, a team still smarting from the trouncing taken from the Generals in 1925.

CONGRATULATIONS

We wish to congratulate the students upon their response to last Wednesday's RING-TUM PHI editorial headed "A Thing Decreed." It is safe to say the students failed to realize beforehand the ungentlemanly thing it is to get something free that they do not deserve.

This is exactly what they were doing in viewing the V. M. I.—Hampden-Sidney game from the bluff. Every student takes great pride in his University, and should never do anything which would bring her discredit.

Washington and Lee is known the country over as a gentleman's institution, a university where honor and upright things are first, self last. To maintain such an enviable reputation one must keep in mind the little things which are so often over-looked.

ON WITH THE DANCE

New students will get their first peep into Washington and Lee's social life Saturday night when the Cotillion club sponsors the first informal of the year.

Although most new men will attend a Washington and Lee dance for the first time, few will go ignorant of the reputation our dances have gained throughout the country. As the "Swing" has spread so as the fame of W. & L. dances until now nearly every man entering college here anticipates the brilliant dances.

Saturday's informal promises to be one of the most enjoyable of its class. The many alumni who will attend the North Carolina State game will stay for the dance. Added to these visitors will be a host of girls, whom students have invited to Lexington for the week-end.

Still another attraction will be the Southern Collegians, "America's greatest college orchestra." This orchestra has just returned from a successful summer tour in parts of the South and Europe.

As freshmen are introduced to Washington and Lee dances they may desire to know that these affairs are successfully conducted and supervised by the student-body. The student body presumes that every student is a gentleman, and will conduct himself as such at social affairs.

Absence Regulations

Absence regulations for all students in the University except those in the School of Law, to go into effect October 1, 1928.

1. Each absence, for any cause whatever, in a semester in excess of the number of class meetings per week in any subject shall deduct one quality credit from the quality credits in that subject, except as provided for in 2 and 5. If there are no quality credits in the subjects in which excess absences occur, the deduction shall be made from the total quality credits for that session. Each laboratory period shall count as a class meeting.

2. In exceptional cases, such as those due to illness or other necessity, upon prompt written application of the student and with the approval of the Committee on Absences, (consisting of the Dean, the Registrar and a member of the faculty to be appointed by the President) there will be no loss of quality credit for an excess absence.

3. Whenever a student who is not on the Dean's list has total number of absences during a semester from any class equal to twice the number of class meetings per week in that subject, he shall be placed on probation as to absences for the rest of that semester and for the following semester.

Quality credits will not be deducted for absences of students who are on the Dean's list, which shall consist of students who were on the Honor Roll during the preceding semester.

4. Absences during the four days immediately before or after Thanksgiving, Christmas, and Easter holidays and during the first four days of the second semester count double in so far as being placed on probation is concerned, but shall count only as one absence in so far as quality credits are concerned.

5. The total number of absences in any class due to membership in organizations recognized as representing the University shall be counted as not exceeding the number of class meetings per week in that subject. All absences other than those due to membership in such organizations shall come under Rules 1, 2, 3, and 4 above.

6. The professors shall make daily reports of every absence to the Registrar's office, where a complete record of all absences shall be kept.

After a professor or instructor has reported absences to the Registrar, such professor or instructor is not required to make any further report of such absences.

The above regulations were passed by the Faculty October 1, 1928. E. S. Mattingly, Secretary.

Ex-Senator George E. Chamberlain, '76, died at his Wardman Park Hotel apartment on July 9th following a long illness. He was a member of the U. S. Shipping Board and during the most trying period of the World War headed the work of the Senate Military Committee. Following his election as member of the Legislature, he was District Attorney, State Attorney General and Governor before being elevated to the Senate in 1909. He was re-elected in 1914. He had served two terms as Governor. It was upon his retirement from the Senate that Mr. Chamberlain was appointed a member of the Shipping Board, where he served for two years. Following this period he resumed the practice of Law at Portland and Washington.

Prof. Freeman H. Hart, '12, of Hampden-Sidney College, has been made a member of the staff of the University of Virginia, division of extension work. He will carry on this work in connection with his duties at Hampden-Sidney.

Dan Blain, '21, studying Medicine at Vanderbilt, was a recent visitor to Lexington.

Miss Blanche McCrum, who spent the past year in Boston engaged in study, has returned to her home in Lexington and will resume, at the opening of the coming session, her duties as librarian at Washington and Lee.

If you are not doing as well as you feel you ought to, and there is no big reason for it, see if you can't find a flock of small ones. (Powergrams.)

As the old poet might have said it—"A little extra effort now and then will bring results to the best of men." (Powergrams.)

It is not so much what you do in this world that counts, but how you do it.

BY the WAY

Pro: What do you think of evolution?
Hibition: Oh, it's a great idea—but they'll never be able to enforce it!

The Fli Bi Hi fraternity was after Willie. The rushing team was all organized and final instructions were being issued by the High Zanzibar.

Willie's rabid on politics—so for goodness sake don't let him know whether you're for Hoover or Smith or Will Rogers."

Willie was pursued and "cornered"—that is to say, fully coked up at the "Corner." He became political. "What do you think of Smith?" he inquired of one of the boys.

He's a honey—a regular guy!"

"How about Hoover?"

"He's right there, too."

"Who do you think has got the best show?"

"Barnum and Bailey!"

After reading signs for a week instructing us to "Wire that girl" we take pains here to announce that we can get her "lit" without said wiring.

A Washington seamstress recalls when it took fifteen yards of goods to make a woman's dress—and a Washington theatre announces a show where dresses for a chorus of one hundred are carried in one trunk. On to Washington!

We don't want to pledge him—he's the kind of a fellow that always wants last week's minutes read.

A student in this university recently arose at 2 a.m., and sought his desk to write some poetry. Going from bed to verse he inscribed:

If I were satisfied with all I did,

And had no secret sorrow hid,

If I could do the things I wanted to,

And still do the work I'm required to do.

If I could have things as I wanted them to be,

And every man was a friend to me,

Then I could go on a mild little spree,

And still be respected by friends of me;

I could do everything I wanted to,

And still be reasonable about the things I do,

I could be mean and content from day to day,

And could still do things in a broadminded way—

I wouldn't want to be so very bad

I'd just live a life that wouldn't be sad.

If I could do these things—it is hard to see

What kind of a man I'd really be.

He: I'm not your father, am I?

She: Why, no, foolish!

He: Then quit pawin' me, woman!

They may be wedding bells to someone, but they're on lemon peals to me.

A very bright freshman recently asked the librarian if she had that book on bridge by San Luis Rey.

Generals Hold Four Victories Over N.C. State

Teams Have Not Met Since 1925 When W. & L. Ended Season With 12-0 Win

(Continued from page 1) of the General's touchdowns. The feature of the game was the passing game displayed by W. & L. Stemmings, Daves, Hawkins and Holt played well in the line while Wilson, McMillan and Cameron were best on the offense.

For the past two years, N. C. State has had great teams, coming within scoring distance of the championship. McDowell, one of Dixie's greatest backs brought N. C. State to the fore and secured football recognition for the Wolfpack throughout the country.

Defeat Elon

The Tarheels scored at will in their game Saturday with Elon, winning by the score 57-0. Captain Bob Warren, the flashy half-back, who is being touted as the successor of McDowell, gathered three touchdowns by straight line plunging. He was also responsible for two more scores, being the thrower of two successful passes.

"Sparky" Adams, diminutive quarterback, showed his heels to the Elon ends and scampered around the wings for two touchdowns. Reserves were rushed in frequently after the first half, when the result was no longer in doubt.

Average 183 Pounds

The 183 pound averaging forward wall of the Staters had little difficulty in ripping the lighter defense to treads.

The invaders will come to show that they have not been hampered by the loss of McDowell. Then too, the desire to wipe out the four defeats, will motivate the Wolfpack to sink their fangs in the championship hopes of Washington and Lee.

A letter congratulating the Executive Committee on their campaign and thanking the students for their response to the Red Cross call for storm relief funds was received by J. B. Towill, president of the Student Body yesterday. The letter came from Mr. Paul M. Penick, chairman of the Rockbridge chapter of the Red Cross.

GENERAL GOSSIP

Bosting of a line which averaged 193 pounds from tackle to tackle, the Generals looked quite formidable when they took the field Saturday against Lynchburg College. The performance of the forward wall throughout the Hornet battle showed that none of this avordupois was "dead weight", but every ounce a part of a Fighting General, valiant as of old.

Nothing need be said in commendation of the work of the Blue and White backfield. With the line opening up holes and often providing beautiful assistance in weeding out opposing backs, the ball totters rang up 56 points before the final gun.

The most pleasing thing to observers who have seen Washington and Lee teams in action over a period of four or five years was the uniformly good interference supplied ball carriers on every play. The linemen pulled with the nth degree of perfection with the play called for it, and the interference backs stuck together, bowl over their opponents, and paved the way for gains with a degree of perfection never before seen here in an opening game, and seldom exhibited when the machine is supposed to be in mid-season form.

And to make it an ideal football day from the W. & L. standpoint, the managers had a dog rush on the field in the midst of play. The opening victory, bell ringing by the freshmen, small crowd, and finally the presence of the canine labelled the day a perfect one.

A new era would be dawning if a game were played without a dog running on the field, and we are glad (?) to see that this year's managerial corps is upholding the traditions of the University by furnishing the expected side-show from the very start of the season.

The Generals gained a total of 501 yds from scrimmage while the Hornets were advancing but 27 yards through the Big Blue defense. The first quarter saw the biggest gains for both sides, W. and L. going forward 182 yards while the invaders were marching for 21 three-foot stripes. In the final periods Lynchburg gained two, three, and one yards, respectively, while the Generals progressed 127, 84, and 108.

Gaining 182 yards in the first period, the Generals scored but two touchdowns, while in the final period they crossed the goal line three times by advancing 108 yards. Figure that one out!

Penalties were inflicted for a total of 85 yards, Washington and Lee drawing 55 yards in frit units, and the Hornets 30 in four set-backs. Regardless of penalties drawn, however, the Generals registered 23 first downs during the fracas, while the best Lynchburg could make up was a pair.

The punting of the two elevens was about on a par, the Blue and White averaging 37 yards and the Westoverians' mean being 36. The General's safety run-backs were good for a six-yard average, those of Lynchburg for but two. Captain Fitzpatrick kicked off for an average of 43 yards, while the few tee shots of Wright's men were slightly more than half as good, averaging 23 yards.

Neither team opened up a passing attack, but three heaves being made during the entire battle. Washington and Lee's two tosses were incomplete, as was the one attempted by a Hornet back. The slippery condition of the ball and the uncertainty of footing on the soggy field accounted for the lack of aerial fireworks in part, but it is also thought that the known presence of two North Carolina State coaches in the stands was one big reason for the Generals holding themselves in check and failing to use either passing or anything but straight football to advance the ball.

The Generals had a chance to hang up the South Atlantic 1928 record for scoring, but failed when only two out of a possible nine extra points were added after touchdowns. N. C. State made three good to defeat Elon 57 to 0, while Virginia successfully chalked up six while downing Randolph-Macon College 60-0.

Good weather prevailing, the largest crowd in the history of early-season football in Lexington should be on hand Saturday to witness the N. C. State-W. & L. battle. The fact that Virginia entertains South Carolina, Bill Lavell's team which downed Chicago last week, in Charlottesville the same day will halve the state fans, it is true, but athletic authorities here are anticipating a big automobile influx from West Virginia and North Carolina, as well as from points throughout Virginia.

The Wolf Pack game will be as hard as any the Generals will compete in this year, but local fans hope that at the close of the final quarter there will be as good an excuse to carry a halfback off the field on the shoulders of his mates as there was last week. (?-!)

Hornets Crushed By Generals in One-Sided Game

Lynchburg Hornets Fail To Offer Big Blue Team Resistance

(Continued from page 1) ped off left end for 52 yards and a touchdown. He avoided the safety cleverly, while perfect interference took care of the rest of the Lynchburg defense. The sophomore halfback was a thorn in the Hornet's side throughout the game. He narrowly missed another 50 yard gain in the second period when he stepped outside on the 21 yard line after taking a 25 yard jaunt around the left flank. A 15, a 17 and three 10 yard gains were his on other long runs.

Eberhardt For Lott

Eberhardt went in for Lott at the beginning of the second period, and in spite of slippery field dodged through the Lynchburg tackles and around the ends for long gains time and again. The blond halfback made seven gains of more than 10 yards in addition to acting as field general. White showed his customary steady ground gaining through guard, while Faulkner provided the second longest dash of the day when he reeled off 35 yards around right end only to be pulled down by the Lynchburg safe-

ty man on the 9 yard line. Jones made several nice runs.

Change Lineup

After Thibodeau had made his spectacular dash in the first few minutes of play, the General offense tore Lynchburg's line to ribbons. A 60 yard march down the field with White and Thibodeau carrying the brunt of the attack netted the Generals another touchdown before the end of the first quarter. With the beginning of the second period, Washington and Lee again took the offensive. Thrusts through tackle and guard by Thibodeau and Lott put the ball on the 4 yard line after the Generals had secured the oval in mid field. White took it over. Eberhardt was then substituted for Lott. Captain Fitzpatrick ran the kickoff back to his own 47 yard marker, and Thibodeau and Eberhardt began to drill at the Lynchburg tackles and ends. Both backs broke away consistently for substantial gains until they reached the 11 yard line where they shifted tactics. With Groop opening yawning gaps, White carried the pigskin over the line in two attempts. Lynchburg was off side and the Generals got their first extra point, making the count 2-

0 as the half ended.

There were several changes in the Washington and Lee lineup at the end of the rest period. The Generals kicked off to the Hornets on the latter's 10 yard line. On the first play Lynchburg fumbled and Williams recovered for Washington and Lee. Eberhardt carrying the ball on the 9 yard line. Jones made several nice runs.

After Thibodeau had made his spectacular dash in the first few minutes of play, the General offense tore Lynchburg's line to ribbons. A 60 yard march down the field with White and Thibodeau carrying the brunt of the attack netted the Generals another touchdown before the end of the first quarter. With the beginning of the second period, Washington and Lee again took the offensive. Fossils Hinder Tiger Gridmen

Princeton Athletes Leave
Pigskin to Roam New
Jersey Hills

Tales of woe are forthcoming from the camp of the Princeton Tigers, who are annual rivals of Washington and Lee on the football gridiron. It appears that the professors have been infringing on the time which the football men put in for the glory of their dear old Alma Mater in the field of gore.

It seems that the Geology department has been taking the noble athletes from their much needed practice on five out of six practice afternoons and hiking them out over the landscape in search of anything they can find and everything they can't.

Last week the instructors paraded away with seven regulars, including Captain Howe and Ed Wittmer who made so much trouble for the Generals last fall, and set them to work digging dicephali out of the country side.

The academic interference has brought dismay and memories to the Princeton student body. Three years ago, Jake Slagle, all-American halfback and one of the greatest football players ever produced at the Tiger institution, severely wrenched his knee while chasing paradoxes somewhere in the state of New Jersey and was never quite the same afterwards.

The opinion is quite current among the Princeton football adherents that the rock chasing activities of the athletes should be postponed until after the training season.

They base their plea on the fact that the eurypterids, molluscs, etc., have been situated in the surrounding landscape about ten million years, and according to the law of averages they should last until April anyway.

FRESHMEN AT DANCES

Rules governing the conduct of freshmen attending Saturday night's informal were made public by J. M. Holt, president of the V. C., last night.

All must wear the regulation green bow ties.

Freshmen bringing girls must be in the company of an old man and can then stay to the end of the dance. If they do not bring a girl they can stay from ten to eleven only.

New men, out for the freshman football team, who have attended practice regularly for one week preceding the dance, may attend the whole of it. The council wants it clearly understood that men who have not attended practice regularly for the entire week are not in this class.

Students Return To Dress Sanity Survey Reveals

The university man, who has become the acknowledged oracle in the world of men's wear, has at last returned to sanity in dress according to recent surveys of three widely-separated leading educational institutions.

Yale University was selected in the north as a typical university in a "university town." Vanderbilt for the same reason, was chosen as representative of the south. Princeton was selected for a middle ground.

The survey of these institutions showed that almost unanimously the students had reverted from the "slouchy" college tendency of recent years to a tidiness and care in dress that was surprising. Gone is the so-called "collegiate" with baggy trousers and slouch hat.

In all colleges, the starch collar was found to be so nearly universal that it appears to constitute almost a uniform. The comfortable low, pliant starched varieties were most in demand in both North and south.

Extreme cuts in trousers, absurd shirt, collar and tie combinations and other freakish effects have disappeared. Conservative shades were found to be predominant in colored shirts. Small-figured cravats have taken the place of "loud" stripes, and collar pins are receiving a new popularity.

The college man, according to one student, realized that he is judged by his habits in clothes as well as in his other practices. He is not attractive to his colleagues, to the co-eds or to his future employer in silly-looking clothes.

That is why he has decided to wear reasonable clothes.

Band to Appear First Time Sat.

North Carolina State Game
Is Occasion For First
Appearance

The W. & L. band will swing into action Saturday afternoon on Wilson Field, when they will supply the music for the N. C. State game.

Acclaimed in the Washington Evening Star last year as the finest band in the South, the group, under the direction of "Hank" Slanker, will seek further honors this year. The membership of the unit has been increased and new uniforms will be used.

The Band has filled a long felt need at W. & L. football games, supplying much of the life and color so essential to the sport. By the time of the V. P. I. game director Slanker will have perfected the marching maneuvers of his players, and they should form an impressive sight.

A rehearsal to which all old and new men are invited, will be held in Doremus Gym at 7:30 Friday night. The music will be ready, and it is essential for all those who desire to become affiliated with the organization to attend.

Dr. Gibson at Richmond Church

The Rev. Churchill J. Gibson, D. D., rector of St. Mary's church in Ardmore, Pa., who has accepted a call to become rector of St. James' Episcopal church of Richmond, the church in which his father, the late Bishop Robert A. Gibson, D. D., began his ministry more than fifty years ago, will assume his new duties next Sunday.

Until April of this year Dr. Gibson was rector of the Lee Memorial church in Lexington, and was chaplain to the Episcopal boys at the Virginia Military Institute and Washington and Lee University. At the time of withdrawal from the diocese of Virginia, Bishop Jett in addressing the Council of Southwestern Virginia said it was a distinct loss to the diocese and that "his life was so normal and so refreshing, his ministry so vigorous and practical, his sympathies so broad and understanding, he will be missed by a great number of friends old and young."

The college man, according to one student, realized that he is judged by his habits in clothes as well as in his other practices. He is not attractive to his colleagues, to the co-eds or to his future employer in silly-looking clothes.

That is why he has decided to wear reasonable clothes.

Leaves Tobacco Tin as All-time Calling Card

Calgary, Alta.,
March 4, 1928

Larus & Bro. Co.,
Richmond, Va.
U. S. A.

Gentlemen:

While in Banff, Alberta, in 1909, I climbed Tunnel Mountain. On top of this mountain there is a cairn of stones where tourists leave their cards with remarks about the scenery, etc. Not having a card with me, I left a tin of Edgeworth Sliced, scribbled my name and address on a piece of paper, and said "Have a fill on me."

I have kept up a haphazard correspondence with one of three who wrote me thanking me for the Pipeful of Edgeworth. What makes me write you is that today from Australia I received two slices of Edgeworth with the words "Have a fill on me," so you see Edgeworth keeps friends friendly.

Yours sincerely,
P. B. Johnstone

Smoking Tobacco

ANNOUNCEMENTS

A meeting of all old members of the RING-TUM PHI staff will be held Thursday night at 7:30 in the journalism laboratory. Tryouts will meet at 7:45 in the same place.

A meeting of sophomore basketball managers will be held Thursday afternoon at 4:30 in the gym.

The Blue Pencil Club will meet Thursday afternoon at 5 o'clock in the journalism laboratory. All students planning to enter newspaper work are asked to attend.

A compulsory freshman song rally will be held tonight in the gym at 7:30.

PUBLICATION POSITIONS OPEN

Positions on the business staff of the "Southern Collegian" are now available to members of the student body. Graham Morison, business manager of the publication, has announced. Morison asks that all students interested see him.

On account of the football rally on Friday night the next regular meeting of the Custis Lee Engineering Society will be held on Thursday night at 7:30.

Returns here are being received by the Corner, Inc., and several other public places.

World Series To Start Thursday

The baseball season is almost over. Both major leagues have concluded their schedules, the St. Louis Cardinals winning the pennant in the National League and the New York Yankees fulfilling post-season predictions by capturing the flag in the American League. Accordingly, these two teams will meet in the world series, beginning Thursday, and interest is quite as intense as in former years.

By winning this year's pennant the Yankees made it three in a row. The Cardinals have been almost as successful, this being the second time in three years that they have finished in front. Last year they finished second but the year before, under the leadership of the dynamic Rogers Hornsby, they won the pennant and world's championship accomplishing the latter feat by winning the seventh and deciding game of the series from the Yanks, whom they will face in the series that starts this week. Last year the Yankees accomplished the unusual by defeating the Pittsburgh Pirates, champions of the National League in four straight games.

Returns here are being received by the Corner, Inc., and several other public places.

"Michigan Kid" Is Thrilling Show

The most spectacular forest fire scenes ever filmed for a motion picture appear in natural colors in Universal's stupendous production of Rex Beach's novel "The Michigan Kid," which will have its local premiere at the NEW THEATRE on Tues., Oct. 9, with Renee Adoree and Conrad Nagel in the stellar roles.

An actual forest fire raging in the mountains in Northern California during the dry season furnished the background for these exciting scenes. The surroundings are unusually beautiful, with a rain storm.

river running through the forest, a large falls and massive pine trees flanking the stream. Done in natural colors these scenes showing the leading characters escaping down the river in a canoe between the banks of burning trees and finally going over the falls, are especially realistic and terrifying.

When the first word was flashed out to the world, of the fire, the company dashed to the scene with many cameras and spent a day shooting. Afterwards the men in the company aided in subduing the fire, which raged for several days more before help arrived in the way of a severe rain storm.

The COLLEGE Spirit

It's college spirit that makes the college man so enthusiastic about his football squad, his Alma Mater.

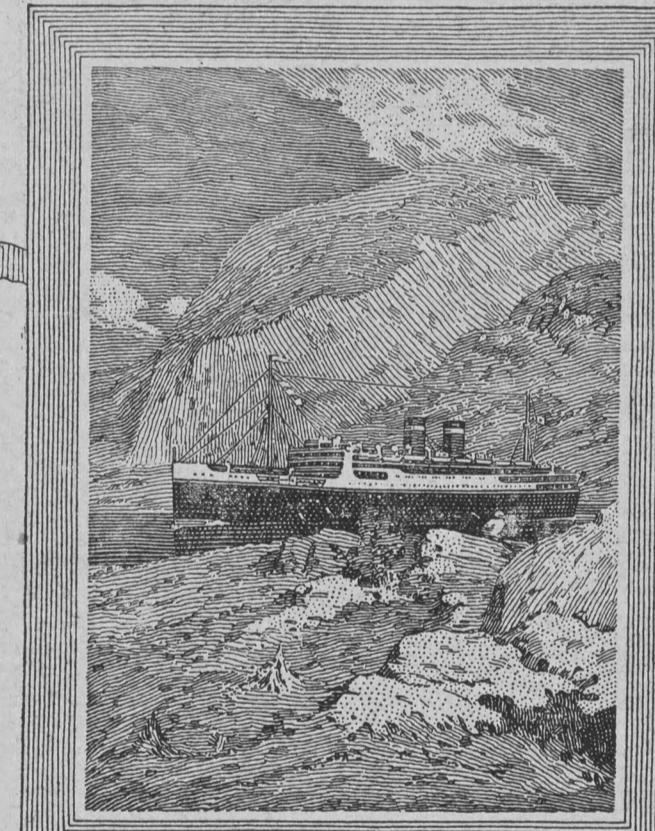

It's correct style, excellent leather, fine workmanship, that makes the college man so enthusiastic about his Florsheim Shoes. They, too, have the right college spirit.

Electricity opens a new era of ocean travel

Miraculously quiet and vibrationless, luxurious and swift, the new electrically operated S. S. *California*, largest American-built passenger ship, has opened a new era in ocean travel.

Electricity drives the *California* so efficiently that the fuel bill for the initial coast-to-coast trip was even less than the Canal tolls.

Electricity mans the winches, bakes the bread, makes the ice, polishes the silver. And electricity cools the cabins and provides passengers with the

comforts found in the finest hotels.

Complete electrification makes the *California* an engineering marvel and a commercial success; it is booked far in advance, a sister ship has just been launched, and another is under construction.

On sea or land, in every walk of life, electricity is in the van of progress. Undreamed of yesterday, the electric ship is a symbol of the electrical industry's part in modern civilization and a prophecy of even greater accomplishment.
