

Report of Gifts, 1973

There is a profound satisfaction to be derived from putting one's shoulder to the wheel and working for a worthwhile cause — for something above and beyond one's own immediate aims and personal interests — for a distinguished institution such as Washington and Lee.

Editor's Note: Most of the pictures used throughout this Report of Gifts, 1972-73, were made during Freshman Orientation Week. They show members of the Class of 1977 and members of the administration and faculty engaged in the various programs designed to familiarize freshmen with campus life, academic programs, and Washington and Lee traditions.

With gifts and pledges totalling \$21,707,320 at the close of the University's 1972-73 fiscal year, the Washington and Lee Development Program reached 60.3% of its \$36 million Phase I financial objective. This represented a gain of \$2.5 million over the previous year's total.

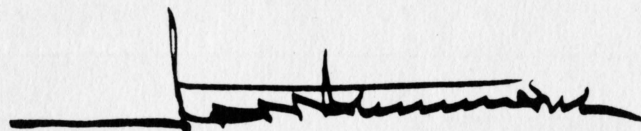

At this writing, less than 36 months remain to raise the approximately \$14.3 million in additional commitments needed to reach our goal prior to the Nation's 200th birthday in the summer of 1976. Good progress has been made, but during the past months the rate of that progress has slowed considerably, especially in our programs for support of building and endowment objectives. A redoubling of effort on the part of the Achievement Council team is required to regain the momentum necessary to carry this vital undertaking to a triumphant conclusion.

Alumni and Parents' Fund contributions, together with gifts from Friends, Foundations, and Business, resulted in a total of \$720,950 in support of the University's current operations, as compared with \$853,833 the previous year. Gifts and pledge payments received during 1972-73 in support of endowment and physical plant development totalled \$1,352,723. These receipts are shown in the first table on the next page. The second table re-

flects progress in total Development Program gifts and commitments from private sources since July 1, 1970.

In one important area of the program, there has been no slackening of momentum whatever. The pace of the Alumni Fund, under the leadership of James H. Bierer, '40, has continued to accelerate. With an increase of more than 10% over last year's total, the Fund attained an all-time record of \$411,074 in contributions, exceeding its goal by better than \$11,000. The Parents' Fund, under the leadership of Robert A. Hemm, again provided strong endorsement of Washington and Lee's programs, with gifts totalling \$62,625, even though this was somewhat short of the announced goal.

At this midpoint in the progress of our development effort, a sound foundation has been laid for achieving the vitally necessary goals upon which the future of Washington and Lee depends. I am confident that I speak for all who know and love this University when I affirm that the promise to which we are committed will be fulfilled; it is a pledge which we have made not merely to ourselves, but to generations to come.

THE ALUMNI FUND

JAMES H. BIERER, '40
Chairman
Alumni Fund

The 1972-73 Alumni Fund established all-time highs in three categories—total contributions, number of donors, and rate of participation. Against a goal of \$400,000, gifts of \$411,074 set a new record for the third consecutive year and surpassed the Fund's goal for the second time in succession. The 4,531 contributors exceeded the record set in 1969-70 by 245 givers, and the participation rate of 36.5% topped the previous high of 36.3% achieved in 1966-67.

One important reason—perhaps the most important—for the success of the 1972-73 Fund is the fact that 1,417 alumni, almost one-third of those who gave, contributed \$100 or more. This is an increase of 135 over the previous year, 20 of whom were among the 119 members of the Robert E. Lee Associates who gave \$1,000 or more, and 115 of whom were members of the Colonnade Club.

More important than record setting, however, is the fact that the Alumni Fund provided 7.21% of the income needed to meet expenses in the University's educational and general budget—the highest percentage in five years.

Two new trophies, announced in September, have introduced additional competition among academic classes and class agents. The Washington Trophy, for the largest dollar contribution, was won by the Class of 1928, Percy Cohen, Class Agent, and the Bierer Trophy, for

participation by a class graduated within the last 10 years, was won by the Class of 1964, W. B. Ogilvie, Class Agent. The Richmond Trophy for participation was won by the Class of 1958, V. W. Holleman, Class Agent.

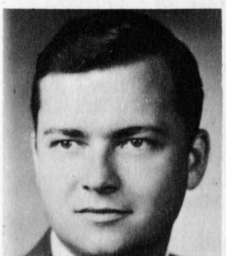

The goal for the 1973-74 Alumni Fund is \$435,000, an increase which reflects the higher cost of operations anticipated in the University's educational and general budget.

THE PARENTS' FUND

ROBERT A. HEMM
Chairman
Parents' Council

Next to the students themselves their parents have the largest stake in the quality of the educational program at Washington and Lee. Since about one-fourth of the students receive financial aid in some form, it is a sincere testimonial to satisfaction that approximately one-third of those parents whose sons receive no aid are contributors to the Parents' Fund. It is a source of both gratitude and pride, therefore, that the 1972-73 Fund reached a total of \$62,625 in a year when rising inflation and widespread economic uncertainty were causing serious concern in most families.

REPORT OF PARENTS' FUND June 30, 1973

THE ROBERT E. LEE ASSOCIATES

EDWIN J. FOLTZ, '40
Chairman
Robert E. Lee Associates

The Robert E. Lee Associates was established by the Board of Trustees of Washington and Lee University in 1967 to identify and recognize leadership in support of the University's educational program. Members welcome any alumnus or friend of the University who chooses to join this fellowship.

Qualification for Membership: An alumnus, parent or friend may join the Robert E. Lee Associates by contributing \$1,000 or more to the University through either of its annual giving programs—Alumni Fund or Parents' Fund—for support of current operations in the educa-

tional and general budget. This gift may be paid in one or more installments during the fiscal year—July 1 to June 30.

General's Council: A Lee Associate becomes a member of the General's Council for cumulative gifts totaling \$10,000 or more in 12 consecutive years or less, or for a pledge to accomplish this result. Thus, a donor may fulfill this requirement by giving—or by pledging to give—\$1,000 in any 10 years out of 12, by making larger gifts at less frequent intervals, or with a single gift of \$10,000 or more.

FRIENDS

Although the great majority of gifts made by individuals in support of current operations come from alumni and non-alumni parents, many also come from persons whose relationship to the University is that of "Friend". All are unsolicited, and most are unrestricted, either as direct grants or in the form of memorials. Some are restricted to student aid that will be awarded during the academic year. Together, they constitute a source of support for which Washington and Lee is deeply grateful.

FOUNDATIONS

A foundation's grant to an educational institution is more than a welcome addition to operating income. It is also a public endorsement of the institution's leadership and its educational program that is universally respected by other foundations, by corporations and individuals. It is gratifying, therefore, to acknowledge with thanks the foundations gifts received by Washington and Lee for support of current operations during 1972-73.

BUSINESS AND INDUSTRY/ VIRGINIA FOUNDATION FOR INDEPENDENT COLLEGES

The University's friends in the business and industrial community contributed a significant 18.4% of the total gift income received for support of current operations in 1972-73. As always, the cornerstone of this support in 1972-73 was the \$101,391 received through the statewide program of solicitation carried out by the Virginia Foundation for Independent Colleges. Under the direction of a board that includes 28 business leaders and the presidents of the 12 independent member colleges, this organization enlisted the support of 925 Virginia business establishments to raise a total of \$1,318,600 for private higher education. Thus, in dollar support per college and per student, the Virginia Foundation continues to rank first among 40 similar state and regional organizations.

The balance of the contribution from the business and industrial constituency came in the form of direct grants and matching gifts made through programs specially designed to aid the independent colleges.

THE DEVELOPMENT PROGRAM: CAPITAL GIFTS

This section of the Report of Gifts describes the progress being made in securing commitments for that part of the \$36,000,000 Development Program set aside for *capital* purposes. These objectives which require \$32,500,000 in gift support are as follows:

<i>Endowment</i>	\$14,000,000
<i>Construction</i>	
Law School	7,000,000
Undergraduate Library	5,250,000
Gymnasium	3,250,000
Expanded Campus	1,500,000
Restoration of Historic Buildings	500,000
Married & Unmarried Student Housing	1,000,000
	\$32,500,000

THE ACHIEVEMENT COUNCIL

The Board of Trustees joined by volunteers made up of alumni and friends has accepted the responsibility of seeking gift commitments to achieve this capital portion of the 1976 goal. These persons have formed committees which have specific responsibility for gifts from the University's various constituencies. Below is a summary of their progress as of June 30, 1973.

Cumulative Report of Gift Commitments by Constituency

<i>Capital Support Committees</i>	
Alumni	\$ 4,721,573
Law Alumni	11,249,173
Parents	510,650
Friends	986,573
Foundations	1,855,300
Business	71,585
<i>Capital gifts subtotal</i>	\$19,394,854
<i>Current Support</i>	2,312,466
Total (1976 objective):	
\$36,000,000)	\$21,707,320

Following is a cumulative list of donors who have given to the *capital* portion of the program between July 1, 1970, and June 30, 1973. Also listed is the membership of each committee which secured these gifts.

MARTIN P. BURKS, '32
Chairman
Estate Planning Council

During the period covered by this report Washington and Lee received *distributions* from the estates of the following alumni and friends.

Bess Rector Crist
Alice M. Dean
Wilbur C. Hall '15
Oscar B. Huffman
Graham Cameron Lytle '27
S. Blount Mason '05
Granville P. Meade
Russell B. Reynolds
William B. Russell
Esther Schlossberg
Beirne Stedman '09

These payments, some of which were in full satisfaction of the University's share in the estates and some of which were additions to prior distributions or partial or beginning payments of the gift to Washington and Lee, amounted to approximately \$150,000. Reflecting as they do lifetimes of interest in and devotion to Washington and Lee, these gifts are received with the University's particular gratitude. Some are unrestricted and some are to be used for specific purposes, furthering a particular interest of the donor, but all perpetuate the memories of those who loved Washington and Lee.

The University has been notified during the year of the establishment of three trusts, the principal of which will pass to it after the termination of certain lifetime interests. These trusts have a total present market value of approximately \$360,000.

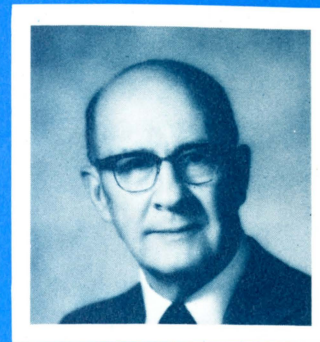

By including Washington and Lee in their estate plans these donors have helped assure that Washington and Lee can maintain its traditional excellence. They are enabling future generations to share some of their experiences, values and ideals. And, because of the encouragement which is given by the government through the tax laws to private support of education, their gifts represent a wise investment in America's future.

Under the leadership of Martin P. Burks, '32, the Estate Planning Council of Washington and Lee, whose names are listed below, can help alumni and friends of the University to make plans that not only achieve their desires to support the University but, through tax conservation, provide financial benefits for themselves and their families. Information about gift plans suitable for a particular donor's circumstances is available from the Office of University Development.
