He wondered about it.

Verses 1-10 of Numbers.

(Achan)

When Jericho was taken, God had  
told the Israelites to take all the gold  
and silver, brass, + iron that they  
found they should put into the  
Lord's house. But of all the rest  
of the things they should destroy  
they should not keep nothing for  
themselves for Jericho had been  
such a wicked city.

Here - But one man named Achan thought  
that nobody was looking at him so he  
stole some gold and a man's  
garnet and hid it in tent. But  
God was very angry and did not  
help his people when they went to  
war. By his help they went, took  
~~the~~ city of Jericho, with out his  
help they couldn't take a little  
city. Now Joshua didn't know  
what the trouble was what Achan

had done. He was so puzzled and unhappy that he rent his clothes and put sand on his head. Above all he prayed.

5. Under what kind of a tree did she dwell.
6. Barak was a <sup>Captain</sup> captain of the Israelites. What did they tell him to do last part of the 6. V.
7. Sisra was the enemy. What would happen to him. VI.  
Deborah the judge of the Israelites and Barak went to war with the enemy.

Sisra was defeated and God's people conquered. Then Sisra ran for shelter to the house or tent of a woman who he thought would be kind to him and save him.

But what did she do? V 18-24

It seems to us a very cruel way to pretend to be kind to a man and then to drive a stone <sup>nail</sup> in to his temple.

But that was before the coming of the Lord.

So Israel was rid of its enemies through two women and Deborah wrote a fine poem about it all.

A trick some people played on Joshua:

There were some people of Canaan called Gibeonites. Now they had heard that Joshua was commanded only to fight

the people of Canaan not those far away and Joshua did just as he was told.

These people were afraid to fight so they tried to make peace, but went about it in the wrong way.

They pretended that they were from a land way off. They took their asses and put sacks upon them. And in the sacks was dry molded bread.

Their bottles were broken and their shoes old.

They said "We are not Canaanites we have come from a land way off. See how old our shoes are."

Nov. 2, 1914.

Soon after Joshua had made peace with the Gibeonites, some wicked

kings heard of it and went to fight the G's because they had made peace with the Israelites.

The G's were frightened and sent word to Joshua to come and save them.

It was pleasant to have a friend to help them. Our great friend is the Lord Jesus who helps us to fight the enemies of our souls. Did Joshua go to help the G's, or did he say he say he would do nothing for people who had been so deceitful. No he had made a promise and he was honorable and kept it especially when the people were in trouble.

What wonder or miracles happened Joshua Chap. 10 v. 12+13, What did the kings do what became of them.

Lesson 29.

What did God say when he called  
Samuel the fourth time. He had  
something very sad to tell him.

He said that he was soon going to  
do something to the Israel to punish  
Eli and his family because his  
sons were wicked & Eli had not  
restrained them.

When it was light Samuel arose.  
He was not an idle boy he had work  
to do & he always did it in good time.

It was his business to in the morning  
to open the doors of the Lord's House.  
Samuel was very sorry to make Eli  
unhappy so he went along time with  
out telling him what God had said.

Finally Eli noticed that Samuel  
looked unhappy & asked him the  
reason. Then Samuel remembered  
that it was very wrong to tell  
him the untruth.

The Two Friends: D. & J.

It is nice to be good friends, but it is foolish for two friends to be silly over each other. To write gushing notes & like this kind of friendship. don't usually last. It means off with the old & on with the new.

David & J. were not that kind of friends. They loved one another like brothers & J. was kind & generous and gave David his own bow & sword & girdle their love was so great that people often quoted it & said Great is the Love of J. & D.

To have the Ark meant to have God's promise. David wanted it in Jerusalem which was now his own city. So he sent for it and it was put into a new cart and every body was so glad to see it.

Give a description of how Elijah tried to prove the true God, I Kings 18  
Bullocks, altar, water, asleep, prophets.  
Tell about these things.

Ahab was one of the worst kings that ever ruled over Israel. His wife was even worse. Sometimes, even now we hear of a very bad woman spoken of as a Jezebel.

Ahab hated Elijah very much because he dared to tell of his sins.

He said to Elijah, "Art thou the man that trouble Israel?" Elijah replied, "I do not trouble Israel I teach the people what is upright.

But thou art the man that troubled Israel because thou has

disobeyed God's commands & worshiped idols. Baal. After Elijah had followed the God's command and killed the 450 prophets of Baal the cruel Jezebel hated him more than ever and even tried to kill him. He escaped to the wilderness.

How did he feel there? What did he say? What did God do for him?

What kind of a son would you think Ahab would have?

His name was Ahaziah. Once he fell from a high window and was taken ill. Instead of asking God to help him he sent for an idol.

God sent word to him through Elijah that he should die like those who went before him. He was angry with Elijah so he sent a captain and 50 soldiers to make him prisoner. But Elijah wasn't

afraid and this is what happened.

Jezebel was Ahab's wife. She was a cruel bad woman because she had some men to kill Naboth for almost nothing. After she found out that he was dead she told her husband to go and take the vineyard that Naboth refused to sell him. She said that Naboth had blasphemed God and the King.

I imagine she must have been a woman that thought she was more than any one else because her husband was a king.

Jezebel painted her face and tinted her hair and would look out of the window. When some men went to bury her they found nothing but her skull.

The meaning of Saucy is, Bold to excess or rude.

Many children are saucy because they have not been taught any better than, others think it is acting smart.

They are not loved and I think it is a great punishment for the one who are saucy when you tell them that they are not loved. Especially when God doesn't love them and he will punish them.

Elisha didn't even come to his door to see him but sent a message such a simple thing to do just to dip in the Jordan seven times.

At last the haughty Naaman was persuaded to do it, not only as his skin was soft like a baby's his proud spirit was humble too and he was very grateful.

It was all right to want to give gifts his heart was so grateful but to refuse them for God had worked the miracle.

One day, the son of the prophets came to Elisha, and told him that the place in which they lived was too little that they wanted to build a larger one.

Aisha said "Go" but they said come with us. The sons of the prophets honored this master and loved each other. God's children ought to love each other and live in piece. What is God's command. The people of the world hate each other and quarrel and are ugly in their hearts.

Satan is their master and bids them to do that.

Review Naaman, the little maid, the mistake made, the mistake corrected and the result.

Remember that God uncovers the sin of covousness, deceit & lying. Gehazi was like Achan, he coveted. He ran after Naaman and told a lie. What was the lie? Then he was afraid and hid the

things. When he returned, Elisha said "Where hast thou been?" What was the reply?

Elisha could not be deceived however, "Went not my heart with thee?" he asked.

What was Gehazi's punishment? His rich garments and his money could do him no more good. He could no longer stay with his master and hear of holy things. He had to live off by himself. Leprosy is not so bad as sin, which is a disease of the soul.

Borrow articles:

We should never borrow anything unless it is needed very much. Some times when some one has something real nice of her own and she is willing for you to borrow it I don't think you should borrow it because it might get ruined in some way.

We should borrow only when we are compelled to have something.

When you return an article it should be nice like it was when you borrowed it. You should also return articles before the owner sends for it.

We should not always lend our things because some people don't know how to care for

God's kind watch care:

Athaliah was the cruel mother of the Jewish king. After her son had died she destroyed all of the king's sons + made her self queen.

Her little grandson was a babe and could not take care of his self but God took care of him + he was saved, when all of his brothers were killed.

His aunt Jehosabath had him + his nurse from the cruel queen + kept him safely in God's house for six years. The babe's name was Joash.

The husband of the good aunt was a priest.

He lived in the temple + the child Joash had a better bringing up than if he had been in a palace.

Athiah ruled over Judah. She had no right to the throne.

But God had not forgotten his promise to David that one of his descendants should reign and these good people in the temple were waiting to see the bad woman pushed off from the throne.

When little Joash was seven years old the priest thought that the right time had come to make him king but he could not do it alone so the people were armed in three companies to guard the temple & the little king and the crown was placed on his head and every body cried "Long live the king."

Athaliah heard the noise & ran to see what it was about. She

supposed that all the princes were dead. She was surprised & cried "Treason". Then they took her out side the church & put to death the wicked woman. She had been a murderess & now she had been murdered.

What could Daniel do? 17.

The head man had been afraid that Daniel would grow very thin on such poor food. He loved Daniel very much, because he was so gentle, humble + obedient.

As we know God kept them in good health. The young people were willing to give up delicious food, because they feared to displease God but they have

friends and companions who often tempt them to love and serve the world. They should do as these young people did so long ago. God said come out from among them and be separate and touch no unclean things and I will be a father unto you.

Why didn't the young people eat this food?

Perhaps it was of a kind that had been forbidden to them by their Religion. Sometimes too food was taken that had first been offered up to idol gods.

Some people to day refuse certain kinds of meat or food because of their Religion.

The Hindus wont eat beef because the cow is sacred to them. And so these princes made up their minds to change ding to the True God though in a strange land.

It was all about a great image.

Its head was gold its breast and arms of silver legs of iron its iron and clay then a big stone smote the image.

It meant that four great empires should rule the world and pass away the last was the Roman Empire. The stone meant the kingdom of Jesus.
