Dear Mr. Porter:

Of course your letter of May 1 has made me happy. I am delighted always when my colleagues who have the privilege of meeting guests can impress these guests with cooperation and helpfulness. As a matter of fact, I think myself that young Dobyns is a superior boy. He has been of material help to our Mr. Voigt, who has general charge of that responsibility.

Please come back to see us whenever you can, and please give my regards to Mr. McKelway when you see him.

Cordially yours,

Francis P. Gaines
President
